EXHIBIT "A"**REPORT OF MISSIONS**

We, your committee, feel that the first thing that we need to do, is to get fixed anew in our minds what we mean by missions. May we say first of all, that missions cannot be called campaigns, drives, boards, institutions, etc. True all these may, or may not, depending upon their method or manner of operation, be or become agencies to do mission work and encourage a missionary spirit.

If we are to get a correct view of missions we must go back to the book of all books, the Bible, and refresh our memory of the things Jesus had to say about missions and missionary work.

First of all we will consider the Great Commission as given to us in Matt. 28:18-20, "And Jesus came and spake unto them saying 'all power is given unto me in Heaven and in earth. Go ye therefore and make disciples of all the nations, baptizing them in the name of the Father and of the Son and Holy Ghost; teaching them to observe all things whatsoever I commanded you, and lo I am with you alway, even unto the end of the world.'"

This passage clearly sets forth first; the fact that the commandment and authority is not of man, and did not grow out of the ambition of man to do something, but it is clearly a command given by Divine authority, and therefore we should give it our greatest consideration and support. The next thing to observe is that it is world wide in its nature. "Go ye therefore and disciple all nations." Therefore our field of activity should be uttermost bounds of this earth. A third observation we wish to make is, that as we evangelize we are to baptize. And a fourth is that we are commanded to teach all things that He has commanded and then the promise, "Lo I am with thee alway, even unto the end of the world." Therefore if we fail to teach all things, we may not expect to receive the blessing. One more observation to which we wish to call your attention about this missionary program is, that it is given to His Church and not to individuals, conventions, or boards. We do not wish to be misunderstood at this point, for we believe that our conventions and boards may become and doubtless have been great benefactors in assisting our churches in this great missionary program. We simply want you to see that the matter of responsibility rests upon our churches. The more our churches become missionary in actual practice of missionary work the sooner they will become missionary in giving.

There is one other passage of Scripture to which we wish to call your attention. Acts 1:8, "But ye shall receive power, after that the Holy Spirit is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judaea, and in Samaria, and unto the uttermost part of the earth." In this we have Associational, State, Home, and Foreign Missions set forth.

Associational Missions

We have a very deep feeling that again Baptists should give a greater concern for associational missions. It is in this particular field of our

missionary work that we are allowing a great number of people to be turned to erroneous and fanatical teachings. Our observation has been that if one time they have been misled in the true teaching of God's Word, to bring them back into the true teaching is most impossible.

Then in addition to the fact of losing this army to the Baptist cause, we lose interest in the missionary program. When we are actually doing the work in Jerusalem our people see, hear, and feel the very throbbing of the work itself. When in reality our people see the results of Mission work, and have a real part in it, aside from the financial support they are coming to be more liberal with their offerings. We would not say evangelize Jerusalem first, and after that is completed, go out to Judaea, etc., but it is a greater thing to do it all together.

State Missions

When we begin to think of our State Mission Program, our attention is called to the various phases of it. The Executive department, with Dr. J. B. Rounds as Secretary, the Sunday School Department with Fred A. McCaulley as secretary, the B. Y. P. U. Department with T. H. Farmer as secretary, and the W. M. U. Department with Mrs. Berta K. Spooner as secretary, the Indian work with G. Lee Phelps at the head of it, the publicity department or the Baptist Messenger with Dr. E. C. Routh as editor.

The Baptist General Convention fosters also the Oklahoma Baptist Orphanage located at Oklahoma City, the Oklahoma Baptist University located at Shawnee, and two Baptist hospitals located one at Miami and one at Muskogee, and the Baptist Book Store operated jointly with the Sunday School Board located at Oklahoma City.

In addition to the executive force and the different institutions we have helped 63 weak churches by supplementing the pastor's salary to the extent of \$6,556.50. We have supplemented the salaries of 9 associational missionaries to the amount of \$1,135.00. We have helped in the Indian work of the State to the amount of \$3,872.50. There have been no general enlistment men, general missionaries, nor State Evangelists on the field during the past year.

As a result of all the State Mission work there has been spent in all \$35,047.85. There have been 1,747 Baptisms, 16,150 additions by letter, 9 Churches organized, 30 Sunday Schools organized, 152 B. Y. P. U.'s organized, and 58 W. M. U.'s organized.

We have a very deep and profound conviction that there is a need for greater emphasis on the first part of the commission, to evangelize, than is now being given in our work, yet at the same time we need to be very careful not to stress this point to the exclusion of the teaching part of the commission. We realize that our forces must be trained and taught but we must not neglect to evangelize the great masses by spending too much time on the latter, or rather it would be better to say, spending too little time on the first.

Home Missions

Now that we have briefly looked over the fields in Jerusalem and Judaea, let us lift our eyes and look out into the field of Home Missions. This embraces the work done by the Southern Baptist Convention through the Home Mission Board located at Atlanta, Georgia. The territory covers all the states affiliated with the Southern Baptist Convention, Cuba and Panama. Its departments are Independent and District Missions, Mission work in Cuba, Mountain Missions, and Schools, Mission work in Panama, Church extension work among the Jews, etc.

In this work the Home Board has found it necessary to bring about a new emphasis on much of its work. It is striving now to lay a greater emphasis on the preaching of the Gospel, and has defined missions to mean primarily the Making and Baptizing disciples.

We rejoice to know that in spite of the fact that the receipts were \$26,000.00 less than the preceding year, that the board made some distinct progress. Some of the complex financial problems were ironed out to the extent that its debts may be handled. Confidence with creditors has been restored and a debt paying program adopted which will liquidate all of the debts of the board in ten years, if we continue to support the work as it should be done.

During the past year there has been an average of 30.6 baptisms and professions of faith to each one of the missionaries in the Home Land. Eight for each missionary pastor in Cuba and fifteen for each missionary in the Canal Zone. This work was accomplished at a cost of \$25.45 each.

The challenge before us in this field of work is tremendously great. Eighteen million lost people in the Home Land are crying out to us for the bread of life. Five million foreigners are knocking at our doors for the Gospel of Christ. Ten million Negroes need our help. What shall our answer be? Do we really believe in Christ and His message? Do we believe His command to evangelize? Let us once more feel the throb of this appeal and for Christ's sake, and for the sake of this multitude of lost people let us rally to the blood stained Cross and feed them the bread of life.

Foreign Missions

The Foreign Mission Board of the Southern Baptist Convention is the agency through which our churches endeavor to do Foreign Mission work. This board is composed of 37 members, 18 local members, and one member from every state in the South and the District of Columbia. It reaches into 14 countries of the world. These are: China, Japan, Mexico, Brazil, Argentina, Uruguay, Chile, Nigeria, Spain, Italy, Jugo-Slavia, Rumania, Hungary, and Palestine.

Various agencies are used in the missionary activities of the Foreign Mission Board. There are under the direction of the board 329 schools with 20,222 students, 14 of these are Theological schools in which there are, or were last year 255 students. The board has nine training schools for women in which there were last year 215 students. Hospitals and publishing houses are used a great deal. We now have 423 Foreign Missionaries and 2,045 Native Missionaries, which is perhaps as large a number of Missionary workers as are employed by all of our Baptist State Mission Boards here in the Southland.

As most of you know, the Foreign Mission Board, like most of our boards, is laboring under a great debt. However, there are some encouraging things even in the face of this deplorable condition. January 1, 1928 our debt was \$1,145,000.00 and on January 1, 1931, it had been reduced to \$945,366.00 or a net reduction of \$200,000.00.

There is another situation that should set us thinking and praying. It has been four years since any serious attempt at reinforcement has been made. In the meantime we have lost out of our number, a total of 122 Foreign Missionaries and 704 Native Missionaries. This of course is bringing about a serious question in the continuance of the work in the various fields; a deplorable situation and responsibility for those who remain on the field, and a discouraging one for those who have volunteered for the missionary work.

God is blessing the work that is being done beyond measure. There were 14,415 baptisms in our foreign fields during the past year. This is the largest number of baptisms we have ever been able to report in any one year.

Our dear Baptist Brotherhood of Oklahoma, let us look out on the fields that are white already unto harvest. If we as Baptist people have a love in our hearts for the souls of men, and we want to see prosperity again brought to our land, let us heed God's message in II Chron. 7:14, "If my people, which are called by my name, shall humble themselves, and pray, and turn from their wicked ways, then will I hear from Heaven, and will forgive their sins, and will heal their land."

We believe that no greater move has been made upon the part of Southern Baptist, in the last generation, than the Every Member Canvass. So far as we know every department of our work has entered into this educational and enlistment campaign wholeheartedly. Let us spare nothing that our people shall know the truth of the teaching of God's Word and the needs of the field. Then we believe that our Lord will be honored.

REPORT OF THE BOARD OF DIRECTORS

1931 is a year of peculiar and diverging experiences. The financial conditions have forced upon us a serious situation, while the spiritual returns seem to be very fine. More baptisms were reported at the Associations than for some years past. The minds of the people are turning towards God. Yet much worldliness exists in many churches. There seems to be a converging of opposite influences for good and bad that makes an estimate of spiritual advancement uncertain.

The old type of missionary seems to be rapidly passing but a new and encouraging element is forging to the front in our departmental organization. Many baptisms are reported as the result of Sunday School and B. Y. P. U. training schools and nearly double the number of W. M. U. organizations are reporting personal service work in soul winning over previous years. Many fine revivals have been reported and there is a keen desire to deepen spirituality on the part of many.

We face our present Convention with several serious unsolved issues. Shall we put on the EVERY-MEMBER CANVASS enthusiastically? Will we begin a march of victorious progress by the enlistment of all our people in giving? Not giving millions but millions giving is a very fine slogan. Rich men ought to make liberal gifts to be sure, while the average Baptist giving regularly and liberally, considering the tithe as a minimum is a most worthy endeavor for our great denomination to seek to attain.

Facing the paying of our bonded indebtedness now past due or maturing within a few days is a matter of the first importance. How shall we meet our obligations that so sorely press us now? This matter must be given some sort of answer before this Convention adjourns.

The problems that face us are beyond human skill. We need the wisdom that cometh from on high and this Convention should seek divine leadership as the apostles faced the day of Pentecost—"When the day of

Pentecost was fully come, they were all with one accord in one place."—Acts 2:1. We must seek and find unity of accord, in unity of place, through unity of the spirit.

1. Our Present Work

1. Our State Mission Work. Owing to our decreasing receipts our missionary work has suffered most because in keeping up standardized institutions the impetus of maintaining human standards was used as a necessity for the continued expenditures. We have refused to standardize missionary work and therefore reductions have continued to be made here till we have reached the place where this can not safely continue. The amount we spent here this year is ridiculously small. It ought not to suffer any further reduction.

Rev. G. Lee Phelps is doing good work among the Indians and we have seventeen (17) Indian preachers whose salaries we are supplementing. Our department heads, Mrs. Berta K. Spooner, Rev. Fred A. McCaulley and Mr. T. H. Farmer are all exceptional workers in their various departments.

The following summary of work tells the results attained out of State Mission funds for the Convention year closing October 31st, 1931:

2. Oklahoma Baptist University owed at the time of their audit August 29th, 1931, the sum of \$116,406.36. The Women's Memorial Dormitory fund has reduced its indebtedness \$13,500.00 and interest. They just owe on bonded indebtedness \$70,000.00 and interest now. During the year the women furnished the dining room at a cost of \$6,090.00 and have paid \$1,484.00 on this furnishing leaving an indebtedness here of \$4,242.00.

The school year has met with marked improvement in morale, and increase in student body. Dr. W. C. Boone, the president is backed up by the selection of Dr. T. V. Neal to put on a bond issue and formulate and carry into execution the raising of Endowment and Enlargement funds as previously ordered by our Convention. The prospects are exceedingly bright for O. B. U. as we come to the meeting of our Convention.

3. **Our Hospital Situation.** There are three Baptist Hospitals in Oklahoma at Miami, Muskogee and Enid, respectively. The Miami Hospital indebtedness at present is \$14,381.12. The Muskogee indebtedness is \$179,143.11. Enid is not owned by the Convention and we are not obligated for its indebtedness. Owing to the failure of Muskogee to meet bonded indebtedness when due, a special Committee of the Board was appointed and will report to this Convention at a time designated.

We believe hospitals are somewhat local institutions and recommend and encourage the Enid plan of operation that does not involve the denomination in obligations that at times seriously impairs our credit.

4. **The Oklahoma Baptist Assembly** has an indebtedness of \$1,621.32 at this time. The meeting this year was one of the most spiritual and constructive in years. The dominating feature was not the physical equipment, but the spiritual aroma.

5. **The Baptist Orphans' Home** only owes \$2,950.14. Supt. E. A. Howard has shown a business capacity in handling a denominational institution seldom equalled. With declining receipts he still managed to reduce indebtedness and bring it to practically the vanishing point. The institution has had a successful year.

6. **The Baptist Messenger.** The indebtedness of the paper as reported last year in this report was incorrect. We reported it as \$2,082.66. It actually was \$2,628.66. This year the indebtedness is \$2,615.20 which is a slight reduction over the previous year. This has been a serious year and required several half sized issues of the paper to live within the receipts. Dr. Routh is exerting every effort to meet a very serious and difficult situation.

7. **The Baptist Book Store** still holds the enviable record of first place for per capita sales and third place for actual business transacted, being surpassed only by Texas and Kentucky the two states with the great Theological Seminaries in them. Our half interest at the audit May 1st, 1931 was \$15,124.61 above all obligations. This is a marvelous report in this year of struggle. Our profits for the year were \$249.22 of which half went to the Sunday School Board.

8. **Southwide Causes.** The Foreign and Home Mission Boards are laboring under heavy indebtedness handicaps as are the schools, and the Ministerial Relief Board. The Southwide Hospitals are in much better condition than are those State owned. The Memphis Hospital is self supporting and the New Orleans institution is making a wonderful showing. Even the Tuberculosis Sanitorium at El Paso is maintaining itself at present without any increase of indebtedness.

9. **The Every-Member Canvass** is the most constructive and far-reaching movement that Southern Baptists have inaugurated since the 75 million campaign. We are hopeful that this will be our program for the next twenty-five years. It is sane, constructive and scriptural. We urge every Baptist Church and every individual Baptist to support this program and make a serious and Scriptural effort to carry it into effect in all our churches.

II. Our Recommendations

1. **Southwide Causes.** Of the funds on the Cooperative Program, we have given 40 per cent to Southwide causes. This has been prorated definitely each year but we have been asked by the Executive Committee to change percentages in the middle of our Convention year. They had good and sufficient reasons for such changes to meet pressing emergencies.

We, therefore, recommend that Southwide funds be pro rated from time to time as recommended by the Southern Baptist Convention through its authorized agency.

2. Relating to Overhead Expenses. The following recommendation is made at the request of the Executive Committee of the Southern Baptist Convention in which we heartily concur:

Expenses Chargeable to the Whole Program

For clearness and better understanding among our people, we suggest that these expenses be cared for as follows:

(1) **Administrative Expenses** shall consist of office rent, stationery, and postage, the salary and expenses of the General Secretary, salaries of bookkeeper and stenographer, telegrams, etc., insofar as these are used for the whole Program.

(2) **Promotional Expenses** shall consist of the salary and expenses of field men employed to work exclusively for the whole Program, advertising and literature used to promote the whole Program (which in our judgment would not include the salaries of editors or subsidies to the state paper) the expenses of the W. M. U., and any other expenses incurred in promoting the whole Program, such as special rallies, etc.

(3) **That these expenses** be taken out before the funds are divided, which automatically prorates the expense on the basis of percentage as adopted by the states.

3. Our Decrease in Cooperative Program Receipts. Our decrease in receipts this year has reached \$16,081.69. The year closing October 28th, 1930, we showed \$143,545.86. This year closing October 31st, 1931, it shows \$127,464.17. This must be faced as we plan the program for the year 1932. Owing to Muskogee Hospital's inability to meet bonded indebtedness due April 1st, 1931, we were obliged to borrow \$14,581.81 which destroyed our credit for the balance of the year and made payment of missionary salaries irregular. When that amount comes due in January, we have no idea where the funds will come from with which to meet it. If we fail to meet it our credit of ten years development will be destroyed. We can not face such a calamity without sounding the alarm in time to seek ways and means of avoiding it.

4. Direct Approach to Churches for Offerings. Realizing the necessity of unity in organization we recommend that all direct approach to the churches for money offerings, so far as the endorsement of this Convention goes, shall be through its Board of Directors. This, of course, does not refer to any object or endeavor, except such as form an integral part of our State Convention, for beyond this our authority can not and should not extend.

5. Extent of Authority Invested in the Trustees of Oklahoma Baptist University. Since the educational problem has become so complicated and intricate, and the expense of maintaining schools so enormous, we believe one educational institution is all we can support and all we ought to endeavor to carry. So we recommend that the Board of Trustees of Oklahoma Baptist University shall hereby be constituted the Board of Trustees for Oklahoma Baptist University and any and all other educational institutions for which this Convention shall become responsible.

6. We recommend that our goal be set at \$200,000.00 for the Co-operative Program receipts for the ensuing year. We face a year of financial depression but God may get glory out of the present slump which is sure to produce a returning prosperity.

We further recommend that the funds be divided 60 per cent in the

State and 40 per cent out, the same as the year just closing. Based on \$100.00 the division would be as follows:

State Missions	\$26.00
Oklahoma Baptist University.....	22.00
Orphans' Home	7.00
Hospitals in Oklahoma.....	5.00
Total.....	\$60.00

We recommend that the prorating of the 40 per cent of the Southern Baptist Convention shall be referred to that Convention and its Executive Board and their recommendations be accepted by this State for Southwide causes.

7. **The Every-Member Canvass.** November 29 to December 6 has been enthusiastically endorsed in the various Associational gatherings. We urge Associational Committees and church Committees to begin organization programs immediately if they have not already done so. Very few days remain till the actual Campaign will begin. Ordering supplies early is very vital to success. Late arrival of material almost surely spells failure. But an early possession of supplies will not insure success unless used and intelligently handled. More churches are coming to the Budget basis year by year. We have persistently pushed this plan since 1926 and probably have more churches in Oklahoma sending regular weekly and monthly offerings without missing than any other state in the South. Along with enthusiastic pledging for 1932 we must stress the necessity of paying as fully as possible our pledges for 1931 regularly. If all our churches would begin this plan this year even in a small way, our pressing obligations would all be relieved within one year.

8. In harmony with the policy of the Southern Baptist Convention we recommend four special days' offerings in the Sunday School over the state as follows: Home and Foreign Mission Day in March; Christian Education Day in June; State Mission Day in October, to go to the credit of the Program; and Orphans' Home Day in December. The latter and all other specials do not go to the credit of the Program, but are over and above the same.

9. In harmony with our policy for several years we further recommend that the Boards of Trustees of the various institutions over the State be authorized to borrow any monies required to meet their emergencies, only after approval is granted by the Board of Directors of this Convention. This money is to be borrowed by and over the signature of the Trustees of the institution for which borrowed.

10. We recommend that the Board of Directors employ an auditor to audit all the books of the various institutions of the Convention as well as the Convention's own books. The expenses of these audits shall be borne by each institution, as is now their custom.

11. Each Convention interest is requested to make their budgets for the ensuing year so as to live within an amount equal to the receipts of this year just closing. They are requested to furnish the Board of Directors a quarterly statement showing their condition financially at the end of the quarter just preceding the Board meeting. These quarterly statements should show the amount of decrease in the indebtedness, at the time of making the report.

12. **The Oklahoma Baptist Centennial** in memory of Isaac McCoy and the establishing of the First Baptist Church in the then wild territory now known as Oklahoma, ought to inspire liberal giving on the part of those interested in the historic past and its prophetic present and future.

This church was organized in September, 1832 and was composed of six members embracing whites, Indians and Negroes. We believe this Centennial coming at a time of financial stringency as it does, should encourage the raising of \$200,000.00 on the regular Co-operative Program.

13. **On Handling Financial Emergencies.** The emergency created by Muskogee Hospital's inability to meet its bonded obligations when due has brought us face to face with the seriousness of such situations and their endangering the whole denominational program. It becomes necessary for a great denomination to operate various types of institutions and encourage the various lines of Christian activity that ought to appeal to our constituency. But we must profit by the experiences of our own and other bodies to adjust financial responsibilities so as not to endanger every denominational enterprise should one become financially involved. Any indebtedness found necessary to carry such institutions over such crises should be secured in the community in which the institution is located. When such emergencies arise as to require the Board of Directors to finance portions of obligations carried by said institutions, then the funds of said institutions and the officials signing checks and handling their cash, shall become subject to the direction of the Board of Directors and all funds shall be handled as directed by said Board of Directors, till such emergency is past and a financial condition again reached that is considered stable and sound by the Board of Directors.

14. R. C. Miller moved to amend the report of the Board of Directors to read "That the Board of Directors are hereby instructed and authorized to make such loan or loans on the Baptist Building in Oklahoma City as are necessary to meet the present demands for payment of outstanding debts or debts that may become due during the coming year."

IN CONCLUSION. A Convention is a time of seed sowing and a harvest home. It is a time to report what is done and to plan what to do. It is a time to face facts, and invest faith. It is a time to be calm, deliberate and calculating, but also daring and aggressive. It is a time to study the past and plan for the future. It is a time to be wise as serpents and harmless as doves.

Our denominational history is built around Conventions and our marvelous expansion is definitely set by historians with the organization of Associations and Conventions. Convention mistakes are costly denominational blunders. Convention God-inspired and Holy Spirit directed activities are the glories of our Baptist development. This Convention is cast into the mould of political, social, educational and economic upheaval. A discouraged and disconcerted world is looking for a way out of their dilemma. If this Convention can reveal Jesus Christ, our Savior, as the Prince of Peace, then on Him shall the Gentiles hope.

May we go from our closets of prayer to the tasks of our Master. May our wisdom be from on high. May we together be of one accord in one place as the Holy Spirit endues us with divine wisdom, and our faith is made the victory that overcomes the world.

J. B. ROUNDS, Corresponding Secretary.

Comments

Scope of Examination—Cash Disbursements were examined in detail and Cash Receipts tested for various periods, which was deemed to prove the proper handling and allocations of funds received. The various bank balances and overdrafts as shown by the records were reconciled with the amounts as verified by your depositories.

All other accounts were tested sufficiently to prove the proper distribution and authenticity of the accounts, and entries for making adjustments were furnished your bookkeeper where adjustment was deemed necessary.

General—The books and records in your office were found to be in very good shape. We would suggest however, that as a method of conserving funds and promoting efficiency, that the various bookkeeping and sten-

ographic services in the general offices of the Baptist building be consolidated under one department. We believe that this procedure would considerably reduce your present overhead expenses. This would result in additional funds being available for the advancement of the cause for which you are working.

REPORT ON RELIGIOUS LITERATURE

I. Baptist Messenger

The Baptist Messenger is the official organ of Oklahoma Baptists. This fact alone, known to all of us, should be enough to cause us all to become subscribers. It carries Oklahoma Baptist news, it appraises us of Oklahoma Baptist plans and progress, and it is the only paper which does this. No one can be well informed concerning the work of Oklahoma Baptists without it. It is the best Baptist paper for Oklahoma Baptists.

The second fact that recommends the Messenger to us is that it has as its editor one of the leading Baptist editors of the South.

Of course, he can no more run a great paper without money than the Israelites in Egypt could make good bricks without straw. If we want a better paper we have only to give it better support.

The Messenger reported last year a debt of \$2,678.12. The debt this year is somewhat less than last year. We think this a fine report when we consider the financial uncertainties and fears through which our people have passed during the year. The editor informs us that the subscription list is larger and better than it has been in the last three years.

We believe that, wherever it can be done, one of the best things a church can do is to put the Messenger in the church budget.

No one can question the value of the denominational paper, but let us remember that its usefulness in our churches is limited to the subscribers.

II. Baptist Book Store

The Sunday School Board has been considering closing some of its book stores and readjusting others, because of decreased sales. It has seemed to be this or suffer financial loss.

We are glad to report that our own book store, efficiently managed by Mr. Killingsworth still stands among the leaders in sales. Last year the Oklahoma store stood third in total sales among the group of Southern Baptist Book Stores, being surpassed only by Texas and Kentucky. We

are also happy to report that our Oklahoma store was one of the few that showed a profit during the past year. True, the profit was small, amounting to only about \$250.00, but this reflects the capable management during the time of financial readjustment. We again call attention to the fact that our people should ever keep in mind sending all possible orders to our Book Store in order that the contribution to missions shall thereby be increased.

Following is a brief statement of the financial standing of the Book Store as taken from the certified complete audit on file in the office of the Corresponding Secretary of the Convention; this audit being made at the close of the Book Store year, April 30, 1931:

ASSETS	
Cash on hand	\$ 62.63
Merchandise Inventory	18,016.27
Furniture and Fixtures	2,068.06
Accounts Receivable	10,982.18
Total	\$31,129.14
LIABILITIES	
Accounts Payable	879.92
Net Assets	\$30,249.22
Net Profit for the year	249.22

III. Sunday School Board

The Sunday School Board's last report shows a decrease in receipts of \$63,930.57 compared with the previous year. This decrease was entirely in their merchandise business, which was to be expected during these days of financial stringency. The periodical business showed a slight increase.

The Sunday School Board's new standard of excellence for our Sunday schools requires that all literature used in these schools be Southern Baptist literature. This is as it should be. We suggest that it would be well for all Bible classes, of whatever nature, in our churches to base their teaching on the Southern Baptist interpretation of the Bible, using Southern Baptist helps. This will both increase our receipts and unify our thinking.

We call attention again to the many tracts, concerning our work and doctrines, that may be had from the Sunday School Board for the asking. These will be read by many who will not read a book or attend a class. They are the gospel on wings.

Respectfully submitted,
POPE A. DUNCAN
C. BOWLES.

BAPTIST ORPHANS HOME REPORT

To the Baptist General Convention of Oklahoma, meeting in session at Okmulgee, November 10, 1931:—

As Superintendent of the Oklahoma Baptist Orphans Home, it is my pleasure to bring before you at this time a brief report of the various activities and a financial statement of the Orphans Home for the year ending October 31, 1931.

We wish to record our thanks to God for His blessings which have been upon us through the year. Every department of our work has gone steadily forward. Notwithstanding the tremendous financial depression through which the country is going at present, we have been enabled to maintain our Home in the usual way. We have had very little sickness, no epidemics of any kind. We lost three of our children by death during the past year. The first was Evelyn Carpenter, sixteen years of age, who was stricken with a brain trouble and died within a few days. Evelyn was a fine Christian character and has been greatly missed from the Home. The second death was a little boy who came to us from Claremore and within a day or two after entering the Home he took down with pneumonia and died within one week. The other death was a little fellow who came to us from Eufaula and soon after entering the Home hopped a ride on

the school bus after it had left our grounds and was thrown from the bus and sustained injuries which resulted in his death.

We wish to express our thanks to the Oklahoma City General Hospital and especially to Dr. J. E. Harbison and his son, Dr. Frank Harbison, and other members of our staff of physicians and surgeons who have rendered very valuable services to our Home. They have given our children every consideration necessary. Also, we are grateful to Dr. Eastland for the fine services he has rendered to our Home during the past year. He makes regular visits to our Home. Also we cannot fail to express our thanks to Dr. John T. Miller, dentist of this city, who has been very kind in looking after the dental work of our children.

Our children are doing good work in school. We have at this time 42 in High and Junior High Schools. The rest of our children are in the grade school. We are very proud to report that three of our girls graduated from the High Schools of Oklahoma City last spring, namely, Virgie Kinchloe, Ruth Eslinger, and Edna Williams, two of these girls are this year in college preparing themselves to teach. We now have four girls in colleges in the state. I might add that we have made special arrangements for these girls so that their schooling is not costing the Home scarcely anything. We have two of our High School students who will graduate from the Oklahoma City High Schools this year.

We would not overlook saying a word concerning the religious training of our children. We maintain our Sunday School in an efficient way, and two B. Y. P. U's. In addition to these, we have a Sunbeam Band, G. A., R. A., and Y. W. A. During the past year a number of our boys and girls have made professions of faith in Christ and are now members of the Hudson Avenue Baptist Church, of Oklahoma City.

In a financial way, this has been, by far, the hardest year that we have experienced in the last seven years. There has been a decided falling off in receipts for the Home from very source. We have lost from the Co-operative Program and the Sunday School collections combined \$5,426.55. This, of course, has made it necessary for us to practice the most rigid economy possible. This we have done. The sending of our big truck over the state to gather up food supplies and other articles for the Home has helped us in a tremendous way. While our contributions have been much less, our children have had plenty to eat. In fact, we have lived better than in other years because of the large amount of food supplies brought in by the big truck.

During the past year, our field man, Brother Curb, has brought in with the truck a total of \$7,300.29 in supplies.

Because of the financial stringency, we have reduced our force of employees out at the Home to the minimum. We cannot operate with less help than we now have. We believe the Baptist people of Oklahoma love the Orphans Home and our children. We also believe that when they become aware of the real need of our Home, that in some way or another, they will arrange to supply the necessary money to care for our children in the proper way.

We have not been able to make the improvements that we have made in other years. Our hospital building is still unfinished. We are not planning to do anything more on this building until we can see some money in sight. It would take approximately three thousand dollars to finish this building and as we are doing our best to keep out of debt, we are not spending a dollar that we can get along without.

We wish to express our appreciation to the good people over the state, especially the W. M. U. and the Sunday Schools for the fine cooperation

they have given us in helping us to clothe our children and for the vast amount of things they have sent the Home, such as canned fruit, chickens, eggs, and many other things, all of which have been a great help to us.

I now submit to you the financial report from November 1, 1930 to November 1, 1931, which is as follows:

REPORT OF BUDGET CONTROL COMMITTEE

At the June meeting of the State Mission Board we faced conditions regarding our indebtedness which were cause for alarm. Figures exhibited by Dr. Rounds showed the total indebtedness against agencies and institutions of the Baptist General Convention to be rapidly climbing.

When the Board faced these facts and figures they unanimously concluded that our indebtedness was increasing too rapidly and something must be done to check it. The Board concluded that in view of world-wide economic conditions we were approaching the danger line, and that to go further in debt would be courting disaster. Hence a "Budget Control Committee" was appointed to assemble the facts and figures relative to our indebtedness, to study the structure of our denominational machinery, and to point out if possible ways and means to economize in the future. The Board instructed this committee to assemble the figures, digest them, and make recommendations to this Convention.

We give herewith the auditor's statement of indebtedness, as of October 31, 1931, against our various institutions and agencies:

Muskogee Hospital	\$179,143.11
Miami Hospital	14,381.12
Oklahoma Baptist University	116,406.36
Woman's Missionary Union	75,908.67
Baptist Orphans' Home	2,950.14
B. Y. P. U. Department	100.46
B. Y. P. U. Assembly	1,621.32
Sunday School Department	696.38
Baptist Messenger	2,615.20
Baptist Book Store	916.49
Baptist General Convention	63,657.87
Total Liabilities	\$462,767.04

This is an average increase of indebtedness for the past five years since the winding up of the Debt Paying Movement at End in 1926, of \$92,553.41 per year. A large amount of the above indebtedness is now due and payable.

Some of our indebtedness is bonded, maturing through a period of years:

On Oklahoma Baptist University	\$ 33,000.00
--------------------------------------	--------------

BAPTIST GENERAL CONVENTION

81

W. M. U. Dormitory-----	70,000.00
Muskogee Hospital -----	130,000.00

Total bonded indebtedness-----\$238,000.00

Plans are being perfected under the direction of the University Board to bond the entire indebtedness against Oklahoma Baptist University, which will greatly relieve the situation for them and for the entire denomination. But, as the matter now stands, there is \$220,397.12 due and payable at the present time. In addition \$10,000.00 of bonds on the W. M. U. Dormitory, and \$14,000.00 in bonds on the Muskogee Hospital will be due within the next few weeks.

The delinquent bonds on the Muskogee Hospital is the most serious problem confronting us at the present time. It is likely to greatly embarrass the denomination unless some provision is made to meet these maturing bonds. Bonds are not ordinary mortgages. They must be paid when due. The Baptist General Convention is maker of these bonds and legally liable for their payment. This is a serious matter to which the Convention should address itself immediately.

We face another fact which should give us concern, viz., the declining receipts of the Cooperative Program. We give herewith comparative Cooperative Program receipts for the past five years since the winding up of the Debt Paying Movement in Enid in 1926:

In 1927 -----	\$136,008.95
In 1928 -----	138,841.36
In 1929 -----	132,498.17
In 1930 -----	122,635.04
In 1931 -----	107,119.02

The above figures show the average decline of Cooperative Program receipts for the past five years to be \$7,222.48 per year.

In view of the world-wide economic depression, which has paralyzed all lines of business throughout the nation, and in view of the low prices of farm products throughout the state, we are compelled to conclude that there is a strong probability that the decline in Cooperative Program receipts in the year ahead will be equal to, if not more than, that of the past five years. While we should face these conditions with courage, faith, and a sacrificial spirit, we must at the same time be conservative and keep close to the shore in our expenditures.

There are figures also relating to the work of the State Mission Board with which this Convention should be concerned. We have had overdrafts on State Mission funds for the past five years as follows:

In 1927 -----	\$15,267.89
In 1928 -----	10,409.21
In 1929 -----	4,210.61
In 1930 -----	4,370.48
In 1931 -----	4,112.30

Total overdraft on State Missions-----\$38,370.49

or an average overdraft on State Mission funds for the past five years of \$7,674.09 per year.

In addition to this overdraft on the current work the State Mission Board carries in the banks of Oklahoma City for the Muskogee Baptist Hospital (delinquent bonds) \$14,581.81, and a Christian Education note (Fowler fund) \$15,000.00. The average overdraft on the State Mission

Board in its total obligations for the past five years has been \$12,731.57 per year.

The State Mission receipts for the past year were \$31,212.92. If our receipts for State Missions for the year to come are the same as the past year—which is doubtful—and every dollar should be applied to our current indebtedness, we would still owe at the next Convention \$7,157.57.

The State Mission receipts for the past two years were \$66,886.47. If the receipts for the next two years should equal those of the past two—which is doubtful—and every dollar applied on the total obligations of the State Mission Board, it would just retire our debt.

In addition to this, it must be remembered that the Baptist General Convention is directly responsible for the indebtedness of the B. Y. P. U., Assembly, Sunday School, and Baptist Messenger departments, which makes a grand total for which we are now directly responsible of \$68,691.23. This means that our credit is used to the limit in the banks of Oklahoma City, and that a pay day must soon come.

These facts forced the committee to conclude that we have reached the danger point and at least should make provision for the gradual retirement of our mounting indebtedness.

All the departments and workers under the State Mission Board are doing a great and glorious work. Their appropriations have not been greater than their needs. It seems like a tragedy to be compelled to cut the appropriations to these departments and workers, and thus hinder and handicap them in the tasks which have been committed to their hands. But the committee feels that we have no moral right as a Board or Convention to continue to appropriate money for even a good work when we know we will be unable to pay it back within any reasonable length of time. Besides, it is evident to any thoughtful man that the banks will soon cut off our credit entirely unless we begin to reduce this indebtedness.

Your committee feels also that increasing indebtedness with its depressing effect upon our people is more hurtful to the Kingdom of God than to do only the work for which we are able to pay. We seriously question the ethics of one who buys that which he knows he cannot pay for. And the same rule applying to an individual certainly should apply to a Christian Denomination.

The conclusion of the whole matter is that we owe entirely too much money. We cannot continue with safety to increase our indebtedness. The situation is not hopeless provided we address ourselves with courage and determination to the facts as set forth in this report. Our income demands that we shall keep our expenditures within the limit of our cash receipts. Our credit condition requires that we begin the gradual retirement of our excessive indebtedness. The courage to take the necessary steps now will preserve our honor and perhaps spare us the humiliation of total collapse in the future.

We must begin to retire debts and not increase them. Five thousand dollars is as small an amount as we can afford to retire in any one year. If we retire our indebtedness at the rate of \$5,000 per year it will take seven years plus to retire the current debt and thirteen years to retire the total obligations against the Board.

We are in the midst of abnormal conditions. We believe we have reached the bottom in the decline in the economic world. We have confidence in the future, therefore we do not feel that we should undertake the retirement of any large amount of our indebtedness in any one year. We would rather recommend a gradual and consistent policy of debt re-

firement. We would strongly urge that the Convention instruct that there be no increase in indebtedness as it relates to the State Mission Department, and we would hope that this same rule would apply to all of our institutions and agencies.

We therefore make the following recommendations:

REPORT OF SPECIAL JOINT COMMITTEE AMENDMENT

We Baptists glory in the achievements of our spiritual forefathers, "Who through faith, subdued kingdoms, wrought righteousness and obtained promises." We realize future generations will be influenced in their thoughts and deeds by the story of our response to the challenge of a mighty opportunity, or of our failure to so respond. God has richly blessed the labors of his Baptist people this year with a bountiful spiritual harvest and with a measure of material prosperity exceeding that granted to the pioneers who laid the foundations of our Baptist work in Oklahoma.

We move, therefore, that this Convention commemorate in 1932 the Centennial of the organization in 1832 of the First Baptist Church in the territory of this Convention by setting as our goal for the ensuing year a Forward Looking Centennial Fund of \$200,000.00 for the Co-operative Program, not including specials, to the end that a more aggressive missionary work may be carried on in our State and into the uttermost parts of the world, and that all of the interests engaging the attention of Oklahoma Baptist may be re-enforced. To make this program effective we recommend:

1. That we instruct the Board of Directors of the Convention that at its first meeting in December it shall lay out our State Mission work for the ensuing year on the basis of \$150,000.00 for the Co-operative Program for the year. This would mean that if we raised the \$150,000.00 we would have \$39,000.00 for State Missions after taking care of overhead expenses and all departments, we would have left approximately \$14,000.00 to spend for actual State Missions and that in making appropriations at the December meeting, in order that we may guard against making further debt on State Missions, we instruct the Board to make an appropriation of

just one-half ($\frac{1}{2}$) of the \$14,000.00 for distinctive State Mission work and the balance to be appropriated at the quarterly meeting on the basis of receipts of the previous quarter and that if receipts do not justify further appropriations, further appropriations shall not be made. We further instruct the Board that at its annual meeting it shall plan and suggest through the Messenger a Program on the basis of \$200,000.00 showing our people what this would mean in dealing with the different departments of our work, should we raise the total \$200,000.00 and that we set ourselves to put such a program into force by March 15th, 1932, by means of the Every-Member Canvass to the last church and to the last member of every church in the State.

2. That it is the sense of this Convention, and it so instructs the Board of Directors that each department of the Convention work be continued intact and distinct through the ensuing Convention year.

3. That the appropriation for the W. M. U. be charged to every phase of the work in the Co-operative Program as recommended by the Southern Baptist Convention.

4. That every department be asked to reduce operating budgets and to effect every economy possible in the administration of its work.

5. That the Board of Directors of the Convention plan their work at once on the basis of approximately \$21,500.00 for distinctive State Missions including the Indian Work, and also including an item of \$7,500.00 for State Mission indebtedness, which will come from the 26 per cent received by State Missions, as compared to the approximately \$9,250.00 expended last year for all State Missions. We mean by State Missions, Supplementing pastor's salaries, salaries of Associational missionaries, and the salary of at least one general state missionary-evangelist to be elected in December.

REPORT OF COMMITTEE ON AUXILIARIES

W. M. U. Department

The Woman's Missionary Union, Auxiliary to the Baptist General Convention, has operated during the past year on an appropriation of \$6,500.00. This covers the salaries and traveling expenses of two secretaries, the salary of the office secretary, Mrs. Wells, who divides her time with Orphans' Home matters, and all general expenses of the Department.

Surely this was a good investment because \$75,179.54 has been given to all denominational causes this year by our good women.

The gifts for the year to the W. M. U. Memorial Dormitory Fund bring the full amount contributed to the building which is now an asset to the University up to \$130,000. There remains now an indebtedness of \$70,000.00, with \$12,000.00 interest and principal due this Fall.

It is not so easy to set forth in actual count all other phases of Woman's Missionary Union's report. It is a simple matter to check up the number of organizations: 576 Woman's Missionary Societies; 1,053 missionary education organizations for the Young People but the mere figures do not indicate the wide influence of these Organizations. 1,200 Mission Study classes among the Young People have broadened the horizons beyond local limits. Many completed the courses in the Kingdom Bible Study. 800 Societies of all grades have been busily engaged in various phases of Personal Service, including the Good-Will Center maintained by the societies of Oklahoma City Churches. 56 organizations have reached the requirements of their Standard of Excellence and rank as A-1. There are 107 churches who have a Full-graded Woman's Missionary Union, which includes Sunbeam Band, Girl's Auxiliary, Royal Ambassador Chapter, Young Woman's Auxiliary, and Woman's Missionary Society. Of these 170 full-graded W. M. U. organizations, three have all the departments A-1 and these churches thereby have A-1 Woman's Missionary Unions: Lawton First Church; Sapulpa First Church; Idabel.

There are five beneficiaries of the Margaret Fund, Scholarship funds for sons and daughters of Missionaries outside of Southern Baptist Convention territory who are especially assigned to Oklahoma W. M. U. for Mothering during the long separation from their parents.

The District W. M. U. Meetings, held during the month of April, were unusually well attended and the out of state speakers, Miss Emma Leachman and Mr. and Mrs. Enete from Brazil, brought great inspiration to the large audiences. Associational Rallies have been marked by fine spirit, also. For the Intermediate-aged girls a splendid House Party was held at Shawnee, with 100 G. A. Girls present for the hours of inspiring fellowship. Mrs. W. Q. Maer from Chile made that country delightfully real to the girls. At the Y. W. A. Camp held at Ponca City, Miss Kathleen Mallory became the charming friend of the 126 Young Women present. We believe these special features of missionary education will contribute much to the future development of interested Christians with true Missionary zeal. It is the consecrated purpose of the Woman's Missionary Union to spread missionary information. Programs, literature, letters, talks, meetings, prayers are all devoted to this end that the resulting Missionary interest may be zealous toward bringing in the Kingdom; apart from the gifts, the rest of the work of the Union as you see is intangible and difficult to measure, but time will show its value.

B. Y. P. U. Department

The Training Department, led by our Missionary T. H. Farmer, should receive the congratulations and praise of the entire brotherhood over the completion of their large and well defined Five Year Program. In 1926 the Training Department adopted 25 goals which they would undertake to reach in 5 years, beginning January, 1927. We have now come to the close of that period, and the facts reveal that practically all of these goals have been reached, and many of them exceeded.

A study of the report of the Training Department reveals the fact that their work is well planned, and that major emphasis is given to some activity each quarter. The first quarter, January, February and March, is given to the State B. Y. P. U. Convention. Mr. Farmer has been successful in securing some of the best talent in the South, and also attracting large crowds to the Convention. The Twentieth Annual Session will be held at Exchange Avenue Baptist Church, of Oklahoma City, March 20.

The second quarter features the Ten District Conventions. The B. Y. P. U. and Sunday School District Conventions are held together. The programs are good, and the results in inspiration and information are most helpful.

During the Third quarter, major emphasis is given to the Falls Creek Assembly, and the Ozark and Pan Handle District Assemblies. Last summer, at Falls Creek, 1,852 individuals enrolled in classes. 690 pledged to erect family altars. 400 came forward, pledging to give a tithe of their income. 3 made professions of faith in Christ, and other glorious results were achieved.

This year, special emphasis was given during the fourth quarter to the Associational Wide Enlargement Crusade plan. This is an effort to get the very best methods to the smaller Churches. Mr. Farmer has conducted four Associational Wide Campaigns this year, in which 111 united with the church, and 2,096 awards were given out.

We regard the work of the Training Department as basal and necessary to any great undertaking that Oklahoma Baptists may ever launch.

Sunday School Department

Six things have particularly characterized the Sunday School Department of our State work during the past year, as follows:

1. The enlistment of thirty new church and mission Baptist Sunday schools for which free literature has been furnished during the first quarter, and from which we may expect rich fruitage in the future.

2. The supreme emphasis placed upon evangelism and Bible study in every meeting conducted under the direction of our State Sunday School Department, to the extent that these meetings have been marked for their splendid spirituality.

3. The organization of associational Sunday School forces in each and every one of the thirty-two white associations of the state, making for more and better Sunday School work in the coming years.

4. The outstanding success of the Daily Vacation Bible School work of the state to the extent that Oklahoma has probably led all other states of the southland, with her sixty-five schools.

5. The stressing of our Baptist missionary work by having one or more returned foreign missionaries to speak at every state, district, and associational gathering promoted by our State Sunday School Department.

6. The operation of the department within its income for the year, and at the same time reducing its past indebtedness \$320.08, while turning out the greatest volume of work in the department's history.

I. Personal work of the State Baptist Sunday School Missionary, Rev. Fred A. McCaulley:

Conducted 243 meetings in 129 different churches, of which number 61 were held in city churches and 68 in town and country churches.

Delivered 122 sermons, 68 other addresses, taught 100 class periods, held 328 personal interviews with the unsaved, and 410 personal interviews with Christians relative to their religious work.

Directed 4 training schools, 4 enlargement campaigns, 1 state Sunday School Convention; 10 district Sunday School Conventions, and 32 additional Sunday School rallies.

Provided literature for 30 new Baptist Church and Mission Sunday Schools, and prepared 95 articles for publication.

Aided in organizing 18 Sunday School departments, 42 Sunday School classes, and 58 training classes.

Graded 12 Sunday Schools, recognized 42 standard classes, 8 standard departments, and 32 standard Sunday Schools.

Sold 47 Bibles and Testaments, and 661 other books, and secured 94 subscriptions to the Baptist Messenger.

Traveled 34,014 miles.

Had 249 professions of faith, 242 additions to the churches for baptism, and 74 additions by letter and statement, making a total of 316 additions to the churches in the services he conducted.

Enlisted 112 new Sunday School officers, 158 new Sunday School teachers, and had 310 others volunteer their services for work in the local churches.

There were 55 who surrendered for special service, 12 of whom were for the ministry, and 27 for foreign mission work, and enlisted 193 titheers.

II. Additional work of the Sunday School Department:

Prepared and mailed out 4,018 personal letters, 13,332 circular letters, 4,762 posters, 764 wall standards, and 595,933 pages of free literature on Sunday School work.

Granted 1,847 diplomas and certificates, and 5,262 seals for these diplomas and certificates as well as 128 honorary seals.

Largely through the co-operation of Miss Mona Breeding, conducted 65 Daily Vacation Bible Schools with a total enrollment of 11,240 and an average daily attendance of 8,175. There were 1,577 faculty members in these schools. They reported a total of 212 conversions.

Laymen's Work

We rejoice in the presence of the large number of Laymen in this Convention. Your committee would urge a larger use of our men in the Associational and Denominational work. We also suggest a Brotherhood organization for every Church and Association in the State.

REPORT OF THE BOARD OF TRUSTEES OF OKLAHOMA BAPTIST
UNIVERSITY

**To the Baptist General Convention of Oklahoma, in Session at Okmulgee,
Oklahoma, November 11-13, 1931**

The Convention last year authorized the Board of Trustees to select an Endowment Committee and proceed with plans for an Endowment Campaign. A committee was chosen at the annual meeting of the Board of Trustees in December and consisted of Doctor George S. Baxter, Chairman; Mr. I. W. Shannon; J. W. Hollums; T. L. Holcomb, and Earl Oliver. The Committee had several meetings but decided that the time was not propitious for launching an active campaign on account of the general economic depression. They authorized the President of the University, however, to set up an Endowment office, engage a secretary and begin an organization for the campaign when conditions should improve. District and Associational chairmen were appointed throughout the state, as well as local church chairmen in many places. This organization rendered valuable help in connection with the June Campaign for Christian Education by sending in names of prospective students and in other ways.

Making some provision for the retirement or the refinancing of the debt against the University was found to be a prerequisite to the Endowment Campaign. After making various attempts to effect this through commercial loans of various types, all of which were found impracticable, it was decided to issue bonds and sell them for the purpose of refinancing this indebtedness. T. V. Neal, pastor of the First Baptist Church of El Paso, Texas, who has had considerable experience in this field of activity, was chosen by the Board to take over this bond campaign, which is planned to lead on into the Endowment Campaign.

The Shawnee Chamber of Commerce, realizing the value of the institution as a community asset, voted to underwrite the expense of this campaign, including the salary of Doctor Neal, and they have recently been engaged in a local drive to secure funds for this purpose, extending over a period of three years. Doctor Neal came to us on October the first to take up active work and has been busy perfecting plans and getting the bonds ready for sale.

The bonds are known as Baptist University Loyalty bonds. They are secured by a mortgage on the property of the University and bear interest at 6%. The issue of these bonds was voted by the Board and their action was endorsed and ratified by the Board of Directors of the Convention who were called together for that purpose in accordance with a ruling of the Convention that the Directors must pass on all proposals to put mortgages on any properties of the Convention. \$100,000.00 has already been authorized and this Convention is to be asked to authorize the issuance of the other \$50,000.00 in bonds provided for in the first mortgage. These bonds will be used to pay all of the indebtedness on the University, including \$38,000.00 mortgage now held by the Mid-Continent Life Insurance Company. They are not intended to increase the debt, but to provide for the payment of the debt within the next five years and to make it possible in the meantime, to conduct the school without continual financial difficulties. Doctor Neal is to address the Convention and he will doubtless explain the bonds fully at that time.

The Board of Trustees is glad to report that the annual offering for Christian Education had reached the total of \$15,987.62 up to October the tenth. This compared favorably with the amount received last year and the expense of the campaign during the past summer amounted to only \$696.70, whereas the campaign expense in 1930 amounted to \$3,061.85.

It is also gratefully noted that a special bequest was received during the past year, amounting to \$1,000.00, which was provided by the will of the late Mrs. Dollie Parks, of Shawnee. It is hoped that many other Baptists will make provision in their wills for the University.

All possible economies have been effected in the budget for the present session. The salary payroll for this session has been reduced \$6,298.00, including a \$1,000.00 voluntary reduction made by the President in his own salary. Other reductions amount to a total of about \$6,000.00, which will mean that the budget for 1931-32 is approximately \$12,000.00 less than 1930-31.

We take pleasure, also, in reporting an increased student enrollment for the current session, amounting to approximately 9%. Figures just received from twenty-one four-year Baptist colleges in the South, report increased attendance in only seven of these colleges. Oklahoma Baptist University had the largest increase of the seven with one single exception. In view of the fact that the two largest state schools in Oklahoma have both reported decreased attendance this year, this larger student enrollment at Oklahoma Baptist University is very gratifying. Our enrollment for the regular session 1930-31 was 533; for the summer school 281; total for the year, 814. The increase this fall is the first reported over a previous year since 1928.

At the last Convention some amendments to the charter of Oklahoma Baptist University were referred by the Convention to a Committee of Attorneys, consisting of Justice R. A. Hefner, Senator J. W. Harrelld, Messrs. Ray Evans and B. A. Lewis, for their consideration, authorizing them to make adjustments for legal acceptance. This matter was officially committed to these gentlemen by the Board of Trustees at their December meeting. At the direction of the Board, the President of the University wrote each member of the committee, informing them of the action of the Convention and requested Doctor J. B. Rounds, State Mission Secretary, to furnish each one of them with a copy of the minutes of the Convention. In transmitting this matter officially to the committee, the President requested them to advise the Board of Trustees of their action and of any recommendations as soon as possible and definitely suggested that they be placed before the Board for action or ratification at the March meeting.

The Committee of Attorneys failed to report to the Trustees in March. However, on June 4, 1931, the Committee published in the Baptist Messenger, in the form of a letter written to the editor, their action in the matter. In that letter the chairman of the committee stated that the amendments considered at the last Convention had been inserted in an article in the by-laws of the University and that this article would be presented to the Trustees for adoption at their next meeting.

The Chairman of the Board of Trustees and the President of the University have since made inquiry of the Chairman of the Committee as to the wording of this article proposed to be inserted in the by-laws, but up to the present time have received no communication from the committee appointed by the Convention. We would, therefore, report to the Convention that this matter has not yet been acted on by the Board of Trustees.

for the simple reason that it has never been reported to the Board, and we have had no opportunity to consider the matter.

In closing, we are attaching to this report a summary of the audit report of the University for the fiscal year ending August 31, 1931. In presenting this audit, we would call attention to the fact that this audit cost the University \$448.14. We would also request that the action taken several years ago by which all agencies of the Convention were instructed to have their audit made by one firm, be rescinded. The cost of this audit was more than double the cost of the audit made in 1928, before the adoption of the combined audit rule. In the interest of economy we should like to request the privilege of selecting our own firm of certified public accountants to audit the books of the University in the future.

It will be seen from the attached statement that the Endowment fund of the University now amounts to \$17,598.03. The total assets of the University are \$562,147.01 and the net indebtedness of the University amounts to \$112,766.99. The net deficit for the year ending August 31, 1931, was \$11,545.21.

If the Bond Campaign meets with any measure of success, none of the indebtedness against the University will be payable before November 15, 1933.

EXHIBIT K REPORT AND RECOMMENDATIONS OF SPECIAL COMMITTEE ON MUSKOGEE BAPTIST HOSPITAL

In March the Board of Trustees of the Oklahoma Baptist Hospital located at Muskogee, Okla., notified Dr. J. B. Rounds, Corresponding Secretary of the Baptist General Convention, that they were unable to meet their bonded indebtedness of \$14,581.81 and that unless some provision was made by the Board of Directors that the bonding company would foreclose on the institution.

The Baptist General Convention of Oklahoma is maker of these bonds and hence legally responsible for their payment. Dr. Rounds called an extraordinary session of the Board of Directors to consider the matter. A committee from the Board of Trustees of the Oklahoma Baptist Hospital met with the Board and presented the facts as above set forth, declaring they were unable to meet these bonds, and asking that the Baptist General Convention provide relief so that the institution would not be foreclosed. The whole matter was discussed at length and the Board of Directors finally voted instructing Dr. Rounds to use the credit of the Board of Directors in the banks of Oklahoma City to borrow money with which to meet this installment of bonds with interest.

At the same meeting it was voted to authorize the sale of the Oklahoma Baptist Hospital if a buyer could be secured. A committee was appointed to handle the matter with instructions to solicit buyers. Several nebulous propositions were made, but none of them commended themselves to the committee. Finally a proposition came from the local Baptists of Muskogee who desired to keep the hospital within the Baptist family. This was also the desire of the members of the special committee as well as the entire Board of Directors.

The special committee from the Board of Directors met a Citizens' Committee of Muskogee Baptists to hear their proposition. This Citizens' Committee proposed to form a corporation of Baptists in Muskogee and environs, and purchase the hospital on the following terms:

- 1st. They agreed to assume the bonded indebtedness on the hospital.
- 2nd. They agreed to assume all of its outstanding current liabilities.
- 3rd. They agreed to continue to operate the hospital as a Baptist institution.
- 4th. They insisted that the bonded obligation of \$14,581.81 already paid by the Baptist General Convention should be assumed as a permanent obligation of the Board of Directors.

The special committee agreed to this proposition and proposed to recommend to the Board of Directors and the Baptist General Convention the sale of the Oklahoma Baptist Hospital on the terms of this agreement.

The local Baptists of Muskogee proposed to inaugurate a campaign in the city of Muskogee and environs to secure funds with which to meet the bonded indebtedness against the hospital and pay its outstanding current obligations. The campaign was launched under the leadership of the Board of Trustees of the Oklahoma Baptist Hospital and did great good in advertising the hospital and bringing the entire situation to the attention of Muskogee people, but did not fruit in any great amount of funds with which to meet its pressing obligations.

The hospital owes a large number of current bills, the semi-annual interest on the next bonded indebtedness of more than \$3,000.00, and will face another installment of the bonds the first of next April. Something must be done to relieve this acute situation or else the bond holders will foreclose on the hospital with the Baptist General Convention of Oklahoma the maker of the bonds.

The special committee instructed the writer and Dr. Rounds to make a second trip to Muskogee to try to bring to a conclusion the agreement formerly entered into by the special committee and the Citizens' Committee of Muskogee. We found the people of Muskogee sympathetic with the hospital and the Baptists exceedingly anxious and striving to do what they could to save the institution. A control committee from the Board of Trustees of the Baptist Hospital, headed by Thomas M. Smith, president, had a conference with Dr. Rounds and the writer, and declared their willingness to organize a corporation of local Baptists, assume the obligations of the hospital, and try, if possible, to save to the Baptists this great institution for the healing of humanity's hurt.

The Oklahoma Baptist Hospital ranks high among such institutions in the state and throughout the South, and commends itself to the city of Muskogee as an institution worthy of their support and patronage.

Your special committee feels that every sympathy and help should be accorded the local Baptists of Muskogee in their endeavor to acquire the hospital and maintain it as an institution of the first rank.

We bring this to the attention of the Convention and ask for instruction in this critical situation.

We have a great institution at Muskogee which is in dire financial straits. We want to save it to the denomination, but somehow it must be brought to the point where it can pay its current obligations and bonded indebtedness or else it must be underwritten by individuals or groups interested in hospital work.

We therefore make the following recommendations:

We recommend that the Convention change its policy of operating the Baptist Hospital at Muskogee. Instead of having 16 trustees that a board of eight be elected by the Convention and they be Baptists and residents of Muskogee, and that the Board of Directors of the Convention be authorized to convey title to this property should they find it necessary. And that they be instructed to give any Baptist organization preference and a further preference should be given to the Muskogee Baptists.

THE REPORT ON CHRISTIAN EDUCATION

Prepared and Read by J. W. Gillon, Pastor First Baptist Church, Shawnee, Oklahoma.

A report is supposed to be a recounting of what has been done. It would, therefore, be a recitation of the things undertaken and accomplished in a certain definite line of endeavor. This report, therefore, would be expected to deal with what Oklahoma Baptists have undertaken in Christian Education and what they have accomplished up to the present hour.

It must be evident to all that this would be an impossible task. To begin with, exact information is not at hand. In addition to lack of exact information time would not permit the recounting of the things that have been done in the name of Christian Education and by way of producing Christian Education.

This report cannot be expected to deal with Oklahoma Baptist University, the institution through which Oklahoma Baptists are seeking to give Christian Education to the youths who gather in the halls of the University for training. The report on Oklahoma Baptist University and its work is distinctly the business of the President and the Board of Trustees. All who want to know about Oklahoma Baptist University are referred to the reports to be made by the President of the College and the Board of Trustees.

All of us are familiar with the fact that Christian Education has for the most part been produced only in denominational schools. It is an accident if Christian Education is produced in any other kind of school than a denominational school, though there have been some distinguished Christians who have come out of non-denominational schools and have rendered great service to their generation and to their churches.

All of the denominations that are large enough to support a denominational school have organized schools and support them with their money, with their prayers, and with their students. We must increasingly look to the denominational school for the production of Christian Education and for the production of educated men and women who maintain and will maintain their Christian attitude toward life. We cannot hope to have Christian Education produced in any other kind of college than the denominational school.

Denominational College Defined

A denominational college may be defined to be a college founded or adopted and operated by some Christian denomination in the interest of the type of Christianity represented by the denomination founding the college, a college owned and controlled and operated in the interest of some particular denomination; this means, of course, it is a college run to conserve and propagate the doctrines of the denomination which owns and operates the college, a college owned and operated by some one denomination for the purpose of making Christians of the type of Christians who compose the membership of the denomination operating the college, a college which exists to exalt the interpretation given to the Bible by the denomination which owns and operates the college, a college owned and operated for the purpose of training leaders for the churches of the denomination operating the college, a college which has for its faculty only men and women who are members of the churches of the denomination owning and operating the college, and men and women who are in sympathy with the doctrines and practices of the denomination in its work; a college, the bulk of whose students have come from Christian homes of the type of homes of those who created and supported the churches of the denomination which owns and operates the college, a college which has a pronouncedly Christian and denominational atmosphere and will not tolerate reflection upon the denomination which owns and operates it; a college owned and operated in the interest of leading all unsaved students to Christ and into the churches of the denomination owning and operating the college; a college which seeks to educate the ministry of the denomination which owns and operates the college, and also a college which exalts denominational ministerial education.

It ought to be admitted by all that a college never attains a higher goal than that at which it aims. So the denominational college exists, primarily, to produce men and women who are educated as Christians and who major in Christianity.

Since the object of the denominational college is the production of Christian Education, it becomes necessary for us to understand what is meant by Christian Education.

Christian Education Defined

We would be justified in saying that Christian Education is the type of education produced by the kind of denominational school described in the definition just given, but in addition to that Christian Education is the type of education which keeps those educated true to Christ and the

church; a type of education which intensifies the feeling of the educated for the salvation of the lost and so makes missionaries in spirit out of everyone so educated; it is that type of education which makes the educated think first of his duties to God; second, of his duties to others; and last of all of his duties to self. It is that type of education which gives to the educated the most unselfish view of life and life's relationships and duties, and it is the type of education which puts the emphasis on man and woman making rather than on fitting men and women for professionalism.

Some Things Oklahoma Baptists Are Doing to Furnish Christian Education

They have created Oklahoma Baptist University.

They have declared that the distinct aim of this institution is to furnish Christian Education to all students who attend the institution.

They have put \$530,030.85 into buildings and equipment.

They maintain a faculty, every one of whom is committed to Christianity and are members of some local church, most of them are members of Baptist churches. Each member of the faculty in the Liberal Arts Department is a member of a Baptist church.

This, of course, means that we are undertaking, in the name of the Baptists and Christian Education, to produce a Baptist type of Christian Education.

We recommend to our people Oklahoma Baptist University as the best place for the education of the young people of the families of our denomination.

We welcome to our institution and its Christian benefits young people of any denomination.

We welcome, also, to the benefits of our institution, young people who have no church affiliation and who do not claim to be Christians.

In the realm of higher education we operate in our Southern Baptist territory three seminaries where special advanced instruction is given to young men and young women are being equipped for ministerial and other special work.

These seminaries are:

1. The Southern Baptist Seminary, located at Louisville, Ky. This seminary is the mother of the other seminaries.
2. The Southwestern Seminary, located at Fort Worth, Texas.
3. The Baptist Bible Institute, located in New Orleans.

Each of these schools of the prophets is rendering notable service and is worthy of our heartiest support. Oklahoma has students in each of these schools. We heartily commend each of them for the fine work they are doing. In them the very finest type of Christian Education is produced.

EXHIBIT O

REPORT OF THE COMMITTEE ON SOCIAL SERVICE AND TEMPERANCE

We find that there is a sentiment in the minds of many people—even some Baptist—that religious bodies should refrain from all pronouncements concerning PROHIBITION and other matters of a civic nature.

The fact that a moral question may become civic, does not subtract from its moral quality nor diminish the right of free citizens to give full expressions of views on such question, on whatever occasion or for whatever purpose they may be assembled. The expression of this convention upon law enforcement and civic matters which involve righteous living and good government IN NO WAY AFFECTS OUR FUNDAMENTAL AMERICAN DOCTRINE AND PRINCIPLE OF "*separation of church and state.*"

In fact, this doctrine was promulgated against a practice in past history, wherein ecclesiastical bodies assumed the right of administering government in accord with their own unholy ends and aims.

We believe that we, as a religious body, have the right to pronounce our hearty protest against this government legalizing the liquor traffic, or any other evil which tends to demoralize society and disintegrate good government, thus destroying the moral fiber of our people. There are some matters to which your committee desires to call the attention of the membership of this convention and the country at large.

THE DIVORCE EVIL:

The divorce evil is growing with alarming rapidity, to the extent that the very foundation of our domestic life is gravely threatened. We believe that this convention should express its positive disapproval of the tendency of our law makers to pass such laws as make it easier to get divorces; thereby encouraging this great blight on society. We believe that our preachers should never solemnize the marriage of any party or parties who have hitherto been divorced on other than scriptural grounds.

This country has never experienced a more shameful blight than the race between three states of this Union bidding for the highly remunerative but morally outrageous business of divorce. It is high time that our people should rise up to express their indignation and protest against such perfidy on the part of our lawmakers.

PROHIBITION:

The greatest battle of our prohibition fight is on us right now. We

must at any cost prevent the modification or repeal of the 18th Amendment to our Constitution.

We have had National Prohibition more than twelve years. Let it be remembered that 75 per cent of the land area of the United States had prohibition, and 66 and 2-3 per cent of the people lived in dry territory before the 18th Amendment was made a part of our federal constitution.

The good fruits and wholesome effects of Prohibition are everywhere manifest; they are hygienic, and physiological; industrial and commercial, moral and religious.

Despite all these well known facts, the battle to undermine and destroy the law is being pressed with increasing determination and bitterness by certain classes of politicians, and the lawless element of our citizenry.

Our Appeal is for definite action, for defense before it is too late.

It is needless to deceive ourselves with the idea that we are secure against the attempts of the modificationists. The unrest in our social and political life is growing alarmingly. Seven of our sovereign states—Massachusetts, New York, Maryland, Wisconsin, Montana, Nevada, and Illinois have repudiated National Prohibition by repealing their State Volstead Acts. These seven states have a population in the aggregate of over 29,000,000. In effect one-fourth of the population of our country has refused to enforce the 18th Amendment by withholding or withdrawing their co-operation with the federal government, in the enforcement of the 18th Amendment and the Volstead law.

In addition to these seven states, bills to repeal or modify, state enforcement laws have been introduced in the legislatures of Rhode Island, Connecticut, California, Delaware, Indiana, Iowa, Michigan, Missouri, New Jersey, New Mexico, Ohio, Pennsylvania, Utah, and Wyoming.

It is high time for us to wake up, shake off our delusions, and stand unitedly as Christian people, for law and order.

Indifference is the weakness of a democratic form of government. Our strength lies in the fact that we go to the polls and vote for MEN—regardless of politics—who will respect and enforce all laws which have been enacted for the good of society and the protection of our citizenry against the covetous wet moneyed interests, who would despoil our homes and debauch our boys and girls, by repealing the 18th Amendment and the laws enacted for its enforcement.

The wets will vote their full strength. The drys need to measure arms with them, demonstrating that moral conscience and righteous ideals are still a part of our make-up—that we are heroic enough to refuse to barter away character on the bargain counter of spirituous liquor.

Let us prove to the world that we are not for nullification, nor will we stand for such governmental enactments as fail to protect our people against the liquor problem.

We believe public office is a public trust to be held and administered only to the best interest and highest welfare of all the people.

We believe that no person can be trusted in public office who does not believe in the enactment of such laws as will promote the moral welfare of our people, or who do not believe in the observance and enforcement of ALL laws, so long as they remain on our statute books.

Recognizing the inherent right to advocate change in any provision of our constitution and laws; we declare, with the President of the United States that "our whole system of self-government will crumble either if officials elect what laws they will enforce, or our citizens elect what laws they will support." The worst evil of disregard of SOME law is that it

destroys respect for ALL law. To violate any law because you are opposed to it, is to advocate a principle that is destructive to the basis of all government.

We do not believe that matters involved in Christian ideals of social service and temperance are matters of politics, or should be affected by party affiliation; and we declare again that it is our intention and purpose not to support any man for President of our United States—or for any, inferior office, high or low—who does not openly support our present prohibition laws; but we will seek by all legitimate means the defeat of such candidate without regard to political party.

We are glad to give recognition of the fact that the B. Y. P. U.'s of the south are circulating petitions in each state among their folk indorsing the 18th Amendment. Oklahoma seeks 50,000 signers by the State B. Y. P. U. Convention and urge pastors to lead their young folks in this matter.

REPORT ON BAPTIST HOSPITALS

The ministry of healing occupied a large place in the life of Jesus. But He constantly insisted that it was an incidental and secondary service, and must be kept in that place. As a great group comes seeking Him as healer and miracle worker, Jesus said: "Let us go elsewhere into the next town, that I may preach there also; for to this end came I forth." (Mark 2:38.) Our Baptist healing ministry must be made secondary to preaching the gospel or its distinctly religious value is lost. This is not a selfish desire to promote religion through hospital service to contribute what love to God in ministering to the sick will add to ordinary hospital service.

Baptist Hospitals are now located at Miami, Muskogee, and Enid in Oklahoma. They are rendering splendid service to their communities. We recommend them to the confidence of our brotherhood.

In seeking information write Miss Florence Worley, Supt., Miami Baptist Hospital; Miss Lora McDonald, Supt., of the Muskogee Hospital; or Rev. Andrew Potter, Supt., of the Enid Baptist Hospital.

Report of the Oklahoma Baptist Hospital, Muskogee, Okla.

Three factors are dominant in the history of the Oklahoma Baptist Hospital at Muskogee, namely: faith, love and work. This institution was born out of the desire of a group of citizens to render, under Christian auspices, a needed service to sick and suffering mankind. This desire has remained uppermost in the minds and directed the efforts of those responsible for its management and policies.

The hospital has given continuous and ever increasing service since August 8th, 1909, beginning with a capacity of 20 beds. The Baptist General Convention believing that a ministry to the sick should be a part of the program of Baptists and in 1915 the General Convention took over the hospital to operate as a denominational responsibility. Twice has the need for greater service been necessary, and in 1918 a new addition was added to the hospital, at a cost of \$35,000.00 to the Convention and \$22,000.00 contributed by people of Muskogee. Again was it imperative for more room, which was made possible with the completion of another addition authorized by the Convention at their meeting in Tulsa in 1927. This was opened on February 3rd, 1929.

During the year just closed on September 30th, 1931, the hospital ad-

mitted 1,221 patients and had 701 operations. 203 babies were born during the year, 95 boys and 108 girls.

Our records show that patients were admitted from the following states outside of Oklahoma: Missouri, Florida, Michigan, Arkansas, Kansas and Texas. Our hospital is not a local institution. Of the number of patients admitted 780 were from the city of Muskogee and the remaining 541 were outside the city. The average number of days per patient is 8.

The hospital is a Baptist responsibility, its services are offered wherever there is a need. During the year the following denominations were represented in patients admitted to the hospital: 288 Baptists, 116 Methodists, 57 Presbyterians, 70 Christians, 14 Catholics, 1 Jewish, 3 Pentecostal, 20 Episcopal, 3 Church of God, 17 Church of Christ, 3 Orthodox, 2 Nazarene and 622 no denomination.

We have an active staff of 15 physicians and surgeons, and 22 physicians other than staff members have practiced in the hospital during the year.

Thirteen nurses were graduated in the class on June 21, 1931. Our Training School is now comprised of 23 student nurses, and an Instructress and three supervisors. The student nurses have chapel services each morning in the chapel room of the hospital. They also have a Sunday School class, and active Y. W. A.

The working staff is composed of 18 people, which includes Miss Lora E. McDonald, R. N., Superintendent of Nurses, who is acting Superintendent of the hospital also. Miss McDonald came to the hospital in June. She has proven to be thoroughly efficient and capable in every way.

During the year the amount received was \$56,969.93, which is entirely operating income. The disbursements for the year were \$50,808.47. The convention sent a monthly check until March 1st, 1931. These amounted to \$2,472.85, and miscellaneous donations were \$188.26, making a total of \$2,661.11. During this time of depression from the operating receipts of the hospital we made a gain of \$6,161.46, this amount together with donations make a total profit of \$8,822.57. The amount spent on charity was \$3,235.94.

Approved by Board of Trustees of Oklahoma Baptist Hospital.

THOS. M. SMITH, Chairman.

Baptist Miami Hospital

The patients admitted to the Hospital during last year, (including out patients), totaled 1,077.

Accounts Receivable	\$15,000.00
(\$3,500.00 of this has been made by the County, and we expect it to be paid in full by December 1st.)	
Accounts Payable	\$ 4,171.79
Notes Payable	\$ 4,970.00

Salaries have been cut in different departments. Food costs are being reduced. Payments are being made on old accounts. Repairs are being made to building, especially in the way of painting.

We received \$150.00 worth of canned fruits, vegetables, and jelly, donated to the Hospital from various Churches over the State, this fall.

A donation of linens and hospital supplies was donated by the State W. M. S. at Oklahoma City, value \$68.75.

Total value of linens, fruits, vegetables, jelly, and other hospital supplies for the past year—\$457.10.

MINISTERIAL RELIEF AND ANNUITIES

The care of the aged and disabled ministers of our State was some years ago, committed to the Relief and Annuity Board of the Southern Baptist Convention, Dallas, Texas, and that Board has been carrying on successfully since 1918.

The Churches should not overlook the fact that the Relief and Annuity Board has to provide benefits in all the States of the Southern Baptist Convention and that the reduced giving on the part of our people greatly limits its ability to provide adequately and worthily for our veterans. Increased stipends can be provided only as increased gifts are made by our people. The bulk of the money now in the custody of the Relief and Annuity Board, (all but \$500,000) is in the Annuity Department. The reason for this is that the funds held for annuities have not yet been heavily drawn upon while the relief beneficiaries have been paid to the limit of the Board's ability each month in every year since it was organized. It should also be understood that a large part of the resources of the Annuity Department consists of funds contributed by the minister members themselves with interest accumulations thereon.

Large contributions on the part of the Churches are necessary if the Board is to be placed in a position to more worthily care for the beneficiaries of the Relief Department.

Facts About the Relief and Annuity Board

1. The Board's assets have steadily increased from \$106,428.53 in 1919 to \$3,768,574.08 at the close of 1930.
2. The Board's investment earnings since 1918 have been \$1,304,000.00.
3. The Board's regular operating costs have been paid from its investment earnings. During the year just closed cost of operation was less than 1 per cent earnings on its investments, and its net earnings were 5.2 per cent.
4. All net earnings have been used for building up the reserves in the Relief and Annuity Departments from which reserves all benefits are paid.
5. The Board has paid in benefits during 13 years \$1,678,769.68. Relief benefits have been \$1,422,471.73; annuities \$256,297.95.
6. The Board has paid relief benefits during the year just ended to 1,493 preachers, missionaries, widows and orphans.
7. The Board has paid annuities to 174 members of the Annuity Fund or to the widows or orphans of deceased members.
8. The (old) Annuity Fund, now closed to new members, has 1,525 active and retired members. This is inclusive of widows and orphans. This fund, though closed to new members, must pay benefits for 50 years.
9. Total sum paid in benefits during the past year \$198,293.00. Relief, \$129,026.45; Annuities \$69,266.55. The above total is the largest ever paid in a single year.
10. All funds, contributed by the churches of the Convention now

go to the Relief Department to provide stipends for aged and disabled ministers and missionaries.

Service Annuity Progress

The Board's new plan of age and disability incomes for ministers and missionaries and for the dependents of deceased ministers and missionaries known as the Service Annuity Plan is expected soon to become operative. Large numbers of ministers have signed agreements to participate and the number is growing rapidly. The churches likewise are manifesting great interest in the plan and it is confidently expected that more than the minimum number necessary to inaugurate it by Jan. 1, 1932, will be secured.

Every church which acts promptly and thus makes possible the successful outcome of the Board's great undertaking will in the years to come have reason to thank God that it had the vision and the liberality to do so. All participating ministers will under this plan be provided for in such a manner as will cause them and the contributing churches to rejoice.

OBITUARIES

The Grim Reaper has been abroad in the land since last we met and has taken his annual toll from our ranks. It is therefore fitting that we pause for a moment in remembrance of those who have answered The Roll Call.

We feel impoverished at the passing of any comrade from our ranks, but bow in humble submission and resignation to Him who doeth all things well. We sorrow at their passing, but our sorrowing is not without hope, for our hearts thrill at the voice of Him who said, "Because I live ye shall live also."

To those who know Him as Savior and Lord there was no death for death was swallowed up in victory, and those who have not yet met the last enemy can ring out the challenge, "O Grave where is thy Victory, Oh death where is thy sting."

To the bereaved of our dead we extend our heartfelt sympathy, and commend you to Him who said, "Let not your heart be troubled, ye believe in God believe also in me. In My Father's house are many mansions, I go to prepare a place for you."

Because of your faith and hope in Him, let your heart no longer ache, your tears no longer flow, for somewhere beyond death and the grave, there is the souls' summer land where we shall meet our Christ and loved ones to part no more.

EXHIBIT —S—**BAPTIST INDIAN MISSIONS IN OKLAHOMA
G. LEE PHELPS, GENERAL MISSIONARY**

Since the advent of the white man and the departure of the buffalo, Indian missions has been a vital and interesting phase of our denominational life, and must remain so for many years yet to come. In the early history of what is now the State of Oklahoma, Baptist missions was exclusively Indian missions; but as the country became settled with white people attention was more and more directed toward the evangelization of these. Consequently since that, the white race are now the overwhelming majority. Indian missions has become a secondary consideration. However, it must not be forgotten that there are more than 150,000 Indians in our state, and that they will remain here in increasing numbers for many generations yet to come.

Indian mission work has ever been and must ever remain peculiarly interesting and difficult. The Indian characteristics are peculiar, their traditions and habits are different from any other known race. They must be approached with the gospel message from the Indian point of view.

The white man who brings the Gospel message to the Indian must be peculiarly fitted both by nature and grace to do that service. Past

history of Baptist Indian missions has been fraught with successes and failures, but in the main with glorious results. To bring a race of savage warriors to a state of citizenship and Christian characters, which the Indian race has now reached within three generations, is a glorious achievement. There have been, of course, other factors in this achievement, but the aggressive and persistent endeavor of the Baptist denomination has contributed to Indian development in Christian character more than any other, or perhaps, all other factors.

There are now more than one hundred and fifty Indian Baptist churches in Oklahoma. Every one of these has a house of worship, all without debt. For the most part these are well-organized churches with native pastors, deacons and other officers of departments. There are seven Indian Baptist associations that are affiliated with the state and Southern Baptists, and one association affiliated with the Northern Baptist Convention. Sunday School and B. Y. P. U. Conventions are held with each tribe. All these Indian gatherings are camp meetings with evangelistic services in connection. The converts and baptisms will average above three hundred each year.

During my thirty years of service with these Indian tribes, they have been constantly confronted with new and difficult problems of adjustment, in politics, passing from tribal governments to the new and untried white man's government, from supremacy to subordination.

In religious activity to be confronted with new temptations, new methods of life and activity, and to assume a secondary position in denominational life, and many other new and difficult problems to which the Indian must adjust himself, has been no small task.

There must be no cessation of effort; there must be maintained a close fellowship between the white and Indian churches. There must be co-operation; there must be sympathetic interest in each other; there must be a constant and growing fellowship between the various tribes who so recently went at each other's throat in wars. All must be brought to the use of the English language as soon as possible; all Indian Baptists must be enlisted in denominational activities—in mission endeavor, both at home and abroad.

Message of W. M. U. President, Mrs. George McMillan

THE KING'S HIGHWAY

The prophet Isaiah is said to have lived perpetually in the glory of the divine majesty. As a result before our wondering eyes he unrolls a marvelous panorama, vision upon vision, depicting the majesty of the righteous King. Among the most striking of these visions is that of the King's Highway, the Way of Holiness.

"And an highway shall be there, and a way, and it shall be called The Way of Holiness; the unclean shall not pass over it; but it shall be for those: the wayfaring men, though fools, shall not err therein. No lion shall be there, nor any ravenous beast shall go up thereon, it shall not be found there; but the redeemed shall walk there; and the ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads; they shall obtain joy and gladness, and sorrow and sighing shall flee away. . . .

For in the wilderness shall waters break out and streams in the desert. . . . The wilderness and the solitary place shall be glad for them; and the desert shall rejoice, and blossom as the rose."

Here is portrayed in the most picturesque words a scene that at once captures the imagination of all minds. Stretching out toward the horizon is a weary expanse of desert, a wilderness limitless and solitary. There are no pools of water to rejoice the land, no foliage, no fruit, no flowers to comfort and delight. Here are the blind, the deaf and the dumb, those whose hands are weak and those with feeble knees and fearful hearts. A desolate picture of a Christless world!

Almost triumphant are the tones of the man of vision as he turns to paint in words indelible the miraculous manner in which this picture is transformed.

As we turn from a scene of desolation to look upon another of incomparable richness and beauty, we are made to realize afresh what the coming of the King has meant to a barren and desolate world.

A writer thus beautifully describes Christ's coming in the experience of a traveler in a deep wood: "The shadows lie dark upon the ground. At times the sky itself is lost . . . Many pathways run in and out where other feet have trod, and there is one clear way that seems to break irresistibly through all the tangle of the woods toward the light of day. Little by little the signs increase. The traveler's hope beats high. Something akin to spiritual excitement possesses him. The awe of an approaching event creeps upon him. Suddenly the way breaks out into an open space and the traveler is flooded by a great light . . . What joy of discovery! What reward to the heart's deep desire! What an open vista in the darkness of life!"

This retrospect of the prophet's vision holds a song of joy to the

world, but for a practical lesson, let us hear again his voice as he speaks to the ransomed of the King:

"Thou shalt be a crown of glory in the hand of the Lord and a royal diadem in the hand of thy God . . . Go through, go through the gates; prepare ye the way of the people; cast up, cast up the highway; gather out the stones; lift up a standard for the people."

What a challenge is here for mere human lives!

Would we be His crown of glory, a royal diadem in His hand? Then we must be "laborers together with God." There was a law of the city of Athens which made it a crime to be a mere spectator in battle, and those who looked on, taking no part, were put to death. How much more recreant, how cold, indifferent and dull of heart are we if we fail in preparing the way that the King may come in His beauty to the world. The picture of the prophet is a true one of the world today. Christ is, as in that distant time, the supreme need of the world. Even in our own America, with her claim to Christianity, there is no need so great as the need of Christ. A missionary writing from Manchuria tells of seeing displayed by a Standard Oil depot away up there the ambitious slogan: "Get The Light to Every Dark Corner of the World." Is this not a rebuke and a challenge to the forces of Christianity, for in the most pagan spots of the world towns and villages are lighted with the kerosene oil of the West, yet know nothing of the light of the Gospel of Christ. Challenging also is the fact that this need is being recognized by pagans themselves: though Christ is not given His rightful place, His blessed principles are permeating the structure of their social life.

"He is breaking down the barriers,

He is casting up the way,

He is calling for His angels

To build up the Gates of Day;

But His angels here are human,

Not the shining hosts above,

For the drum-beats of His army

Are the heart-beats of our love."

LOVE has ever been the inspiration of women in making a great contribution to the extension of the Kingdom; our own missionary-minded Baptist mothers in their desire to cast up the highway of holiness, have outlined a Plan of Work, which, because of its possibilities and the rich results that have followed its use, is commended to those who would rightly build. From their rich experience of years, they have chosen as *foundation stones* Prayer, Study, Service, Stewardship, and Missionary Education of Young People.

Let us think together of the serviceableness of these true and tried stones, of their strength, beauty and symmetry.

The secret of power is Prayer. For every material need we are reminded to "ask and ye shall receive;" also that the Spiritual burdens of this world are not lifted by might nor by power, but by the Spirit of God. When we shall realize that the evangelization of the world depends more upon the unhindered working of the Spirit than upon any other force, we shall devote more time to prayer; we shall rouse ourselves from a comfortable complacency and thus strengthen the highway of the King that His message may run and be glorified. What a wealth of material lies about us—the family altar, the 9 o'clock watch with the calendar of prayer, circles of prayer, and those holy seasons, the weeks of prayer for State, Home and Foreign Missions which our women are

more and more fashioning into pillars of strength for the ongoing of the Kingdom. May I add my voice to the call to prayer for that season just before us, the Week of Prayer for Foreign Missions?

I would that Oklahoma women be found in increasing numbers in the places of prayer, and that our part of the great offering which the Foreign Mission Board likens unto a Golden Argosy, freighted with succor for a distressed cause, be one worthy of our strength.

Why is Study necessary to the stability of the structure? Vision must ever precede work; we dream before we accomplish. Thus with the challenge which vision always holds, we are ready for great tasks ourselves and are fitted to stimulate others.

Here again material in profusion is accessible—Mission study books fresh with present-day conditions and needs, our own magazines which are fascinating to the student of missions, our leaflets, and that most important of all the missionary message of the Book of books.

As we lay foundations for the Gospel's open road, the stone of Personal Service is chosen for its symmetrical beauty: "Created in Christ for good works," our lives fit perfectly into the programme of world redemption. All missionary effort must be personal, therefore the humblest of us may find a place where her life will count for Christ. This service may not be praised of men, for among the shadows some are called upon to lay down their lives daily. Sufficient for these is His promise:

"Whosoever will lose his life for my sake, the same shall save it."

The Woman's Missionary Union plan in Stewardship is concerned especially with tithes and offerings. What a bulwark of strength are they in undergirding all Kingdom progress, and of what immeasurable worth to the faithful steward who in this shows allegiance to the King. A new note is sounded in our stewardship plans for this year. A campaign for new tithers is on—a four months' TEST of God's promises for faithful stewardship. Also fresh emphasis is placed upon our plan for co-operation in the Every Member Canvass. We have reached a time of TESTING. Let us be true and loyal to the plans for promoting the Kingdom.

By far the stone of greatest permanence and promise is the Missionary Training of our Youth. Some one has called this new generation bewildering, adventurous, hopeful; but is this not the stuff of which great lives may be made? Shall they be left to "live by bread alone" or shall we claim them as an asset for Christ? It was my privilege in June to see the statute of the Pioneer Woman, the magnificent gift of Mr. E. W. Marland to our state. As I looked at this colossal figure, a brave mother with her youthful son at her side, varied were the emotions that stirred within me. Recently I heard a friend say of this wonderful statute just the words I should wish to have said. When asked why the Baker model was chosen over all others, my friend replied: "Because this pioneer mother's face is lifted in faith toward the future; she is clasping her Bible to her breast, and holds in hers the trustful hand of her child."

How typical is this of the W. M. U. mother, as with the Word for her guide, and a faith built upon its promises, she leads the youth about her into paths of service. Our young people are not only our present opportunity, but our HOPE. Consider the truth of this little parable:

There was a garden. The gardener brought every morning beautiful blossoms to the owner and she rejoiced as she arranged them in her

lovely home. The garden was a mass of beauty and as she walked there she saw strong plants and shrubs well pruned, watered and cared for. "He doesn't have those cluttery little beds of seedlings and slips about," she said. "His garden is always neat and trim." The young gardener too, disliked the unsightly beds of new seedlings and slips. "They are so small and make no show," he said. But when winter had worked its will upon the strong shrubs and plants and spring had come, the owner walked in a garden sear and bare. "Where are the plants and flowers of spring?" she asked. "There are none," the gardener said. "I hated to work with seeds and to train new plants. I did not know all the strong ones would die." So the garden remained always bare and without beauty.

No finer expression of hope for the future of our daughters, and faith in Christian Education to meet their every need, was in the building of the W. M. U. Dormitory. In two ways our loyalty as Christian mothers may be proved: in the prompt payment of the debt and in the selection of this beautiful home for our daughters during their college period.

We are on trial.

"No man, having put his hand to the plough, and looking back, is fit for the Kingdom of God."

* * *

In following the Plan of Work have we not found a plan for life? Is not life wholly a trust?

"God's sacramental gift to man for his emprising—The talent given into his care for his soul's exercising—A sacred trust bestowed on him for his immortalizing; and he who lends will one day ask His own again with interest;

"See to it then lest thou be found of those who failed Him in the Test."

As a final thought I bring you one of joy. There is ever a *subjective* influence in our work—a "scattereth that enricheth," for "thou shall be served thyself by every sense of service that thou renderest."

In making a safe road for others, we have made the path more beautiful for our own feet. On the King's Highway *the redeemed shall* walk, "the ransomed of the Lord shall return to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away."

REPORT OF CORRESPONDING SECRETARY

BERTA K. SPOONER

It is the right and prerogative of any king to ask for a report from his subjects. We worship and serve the King of Kings through love so that it becomes a joy to present an account of our own service and your collective activities for Him. We have sought to be obedient to the King's commands even to his wishes as revealed to us by prayerful seeking. His interest primarily is in building the Kingdom, so as Woman's Missionary Union of Oklahoma, our prime concern has been to be helpful in the advance of the Kingdom through our denominational agencies, true to our name, Auxiliary to Oklahoma Baptist General Convention.

Following the King's command, we have sought to lift up our eyes unto the field through the programs of missionary societies and young people's organizations meeting at least once a month throughout the

year for a program about some phase of our denominational work around the world. We have not been content with this cursory study but have had more than 1,798 mission study classes, also giving intense consideration to one field or another of denominational mission work or interest. Your secretary has taught twelve classes, eight being Associational Institutes attended by women from various Societies even to neighboring associations. As a result of our world visions and kindled prayerful interests, W. M. U. has been zealous in behalf of the Cooperative Program. Although the depression has affected our work just as it has every other business, yet, we have stood up under the stress and strain of hard times remarkably well, for our total receipts—\$75,179.54—is not far below last year's. Total gifts to Cooperative Program amount to \$35,634.58, which is \$14,365.43 less than our goal. The special offerings to Home and Foreign Missions both exceeded our goals. We gave in scholarships \$881.47, White Cross \$594.30, Margaret Fund \$202.48, Rural and Nursery \$2.50, to the Orphans Home in necessary supplies as chickens, eggs, fruit, linens, quilts and clothing \$15,212.78. From the reports 1,306 have signed the Stewardship Covenant Cards this year making a total of 8,380 tithers reported. As we continue in the teaching of stewardship, we must not forget that it is necessary to translate our knowledge into some form of activity. If all our members were intelligent, faithful stewards, what wonderful things could be accomplished through our Union for the Kingdom of our Lord.

When Christ, our Lord, was on earth, he spoke a parable concerning those who served humanity: "Come, ye blessed of my Father, inherit the Kingdom prepared for you from the foundation of the world: For I was an hungered and ye gave me meat, I was thirsty and ye gave me drink; I was a stranger and ye took me in; naked and ye clothed me; I was sick and ye visited me; I was in prison and ye came unto me." Our women and young people have tried to do their personal service deeds as unto Him. Thirty societies have participated in Goodwill Center work, 460 societies have given trays, garments and cash to help the sick and unemployed, showing in truth they were answering in the affirmative the question "Am I my brother's keeper?" A number of societies have worked with the Negroes adding to the efforts for racial understanding; many societies have held prayer meetings, assisted in revival services, definitely engaged in personal work winning the lost to Christ.

When the Master was here, His disciples asked to be taught to pray. He replied, "When ye pray say 'Thy Kingdom come'." Woman's Missionary Union continues to make that petition daily in the use of the prayer calendar published in Royal Service, and also in three definite seasons of prayer for Home, State and Foreign Missions. 1146 Societies and Young People's organizations shared in the blessings of these prayer seasons for World Missions. Suggested programs for the Foreign and Home weeks of prayer are provided by the W. M. U. of the South. This year, we are indebted to Mrs. A. L. Aulick, of Oklahoma City, for the W. M. S., Y. W. A. and G. A. programs for State Missions; to Rev. Leon Gambrell, of Oklahoma City, for the R. A. Program, and Miss Myrtle Anderson, of Alva, for the Sunbeam program. Prayer alone would not be a true expression of informed interest in these great branches of our work for the King; prayer must be coupled with gifts minted in a spirit of love. Our gifts to the Lottie Moon Christmas offering were \$7,217.80, to Home Missions \$3,653.03, State Missions \$1,419.30. We re-

joice in the blessings abounding to those who prayed and gave, trusting that another year will find the number markedly increased.

The inspiration of the ten District meetings held in the spring is always an asset in the year's account. Miss Emma Leachman, Field Worker of the Home Mission Board, accompanied your Secretary to each of these meetings, bringing messages of flaming appeal in her inimitable way. Mr. and Mrs. Enete, from Brazil, also added to these programs with talks, illustrations and pictures. The district presidents are to be congratulated on the increased attendance noted at each meeting. This has been true in the main of Association Rallies also. Just here we want to express our sincere appreciation for the splendid service rendered by Mrs. J. W. Barron, of Oklahoma City, and Miss Daisy Nichols of Ardmore. The real strength of our united effort lies in the valiant services of the volunteer leaders and chairman in District Associations, and local societies. Your secretary has been in 23 of the 37 Associations of the State during the year and wishes to express her appreciation of the noble co-working and cheering courtesies of all of these friends.

The summer Assembly at Falls Creek was exceedingly well attended, and a completely graded series of mission courses were taught with 318 enrolled in W. M. U. classes. We were unusually fortunate in having Miss Kathleen Mallory as teacher of the combined W. M. S. and Y. W. A. course.

In my absence from the office, Mrs. Mildred Wells carries on the work excellently, assisting in every way most satisfactorily, although for economy, she divides her time with Mr. Howard of the Orphans Home.

The cooperation of Miss Inlow in making special plans for the young people is also a joy. We have reported 159 new organizations giving a total of 1,629. We are proud of the 56 A-1 Standard W. M. S. organizations, but particularly happy for the three A-1 W. M. U. families already reported: Lawton, First; Sapulpa, First; and Idabel. These societies have recognized the value of missionary education for young people, of training them in this great world enterprise for the King. We urge more consideration of the future development of the Kingdom which calls for the maintenance and establishment of full graded Woman's Missionary Union in every church. We have 107 full families, Delaware, Banner, Oklahoma County and Muskogee Associations leading in numbers.

Our work for the King is guided and supplied with information by the missionary publications of our denomination: Royal Service. The Window of Y. W. A., World Comrades, and Home and Foreign Fields, as well as by the Baptist Messenger, our state paper. Subscriptions to these periodicals are not as many as they should be. Here, as in all our phases of activity, there is room for growth.

One beauty of serving the Eternal King lies in the fact that the urge to larger service ever lures us onward and draws us of necessity in our dependence closer to Him.

Looking forward, we must strive anew to let Him reign in our individual lives and in our organized efforts.

REPORT OF YOUNG PEOPLE'S LEADER

Each year at this time, we find that we have the opportunity to hear the reports of some few of those who have been at work in the Master's cause during the past months. How many loyal and faithful laborers there are who never appear before you at all, and yet it is because of their untiring efforts that the rest of us can stand before you and speak in terms of figures and hopes and plans. Thus, as you hear the report this morning you are urged to bear in your thoughts the hundreds of consecrated W. M. S. presidents and officers and auxiliary leaders who are really doing the work.

In making such a report as this it is not a simple matter to decide just what phases of work can best be reported in the allotted time—and how many figures could be given that would interest you, and which part of the work appeals to you most—when all of us are blessed with such varied interests. Obviously, it would be impossible to tell all we know about each of the groups of Auxiliaries, but some few figures can be remembered and will be of interest to all.

We are happy to report an increase in the number of auxiliaries in the state this year. In fact, there have been organized 43 Y. W. A.'s, 29 R. A.'s, 26 Sunbeam Bands, and 46 G. A.'s—making a total of 144 new organizations. On the other hand, we find that we have in reality only 44 in number more than we had last year—or 1,053 auxiliaries in 1931 against 1,009 in 1930. The question naturally arises as to what is the trouble—with 144 new organizations, and 100 apparently dead ones.

Regarding some of the items of work done by these auxiliaries, we find items of real interest. Of the 202 Y. W. A.'s in the state we have an average number reporting of 84. We find among them 990 tithers with 392 subscribers to The Window. Some of our Y. W. A.'s are still using Royal Service, but we hope that they will soon join with the ranks of Y. W. A.'s in the south and use the regular Y. W. A. magazine. We find that their offerings (cash and supplies) amount to \$1,705.07.

The G. A.'s seem to grow in number more rapidly than any other of the auxiliaries, and they now number 347, with an average number reporting of 61, with 443 reported tithers. They claim 447 subscriptions to World Comrades and during the past year have given offerings amounting to \$425.90.

How can we judge which organization is the most valuable, or which is the least? We neglect our R. A. boys in Oklahoma, but surely that does not mean that we think their missionary training unimportant! Of all the possibilities for fine R. A. Chapters in the state, we find that actually we have only 191, with the small average of 23 reporting. Surely among all of these fine boys there are more than 99 tithers—though we have no more than that number reported. They subscribe to 149 World Comrades, less than a copy to each chapter. They have given through various offerings \$405.00.

We have 312 Sunbeam Bands, and the average number reporting is 86, and among even these small workers we find 139 tithers, and interested parents have sent in 207 subscriptions for World Comrades. Young as they are, they always respond generously to appeals for offerings, and we find them credited with \$293.93 for offerings.

It is exceedingly difficult, in fact, it is quite impossible to give an accurate report of the mission study classes carried on among the Auxiliaries. It is encouraging to us that almost daily, we receive requests for seals and diplomas, showing completed work on the part of groups of young people. In spite of the fact that the results are encouraging, we still want to urge that the leaders consecrate themselves to the task of teaching missions through mission study.

The young people of Oklahoma are learning to give to missions. The W. M. U. would not claim any credit that is not rightly theirs, but we honestly believe that the only consistent, persistent training they receive along this line is through the missionary organizations.

It is easier to get renewed inspiration in large groups. Feeling the importance of this we urge the young people to attend rallies and house parties. A number of Associations in the state have Associational Y. W. A.'s that are not only well organized, but that function. We have most inspiring house parties—and of course that means that always they must have the hearty cooperation of the missionary societies of the Association. Some districts have quarterly or annual house parties, with splendid programs. We have also one Associational G. A.,—one city-wide G. A. organization and are planning for more.

Last summer, in Oklahoma, we had two state-wide camps. The first was for the Y. W. A.'s at Ponca City with 106 enrolled. According to the reports of the girls, it was worth while to them spiritually and mentally and physically. The second was for Intermediate G. A.'s, in the dormitory at Shawnee. Here also we had over a hundred girls, and in addition to consecration we had four conversions there. It seems to be a precedent that souls must be saved at the Intermediate G. A. Camp. Before this year is out, we hope to have a camp for R. A.'s and a brief house party for the Junior G. A.'s. Please keep them in mind for next summer.

Nine girls went from Oklahoma to Ridgecrest in June—and though the trip is costly, it is well worth the price of the trip in the lives and influence of the girls who go. We urge you as those who must help these girls go that you select carefully the girl you send, in order that she may make the best leader when she returns.

It was my joy during the last year to have several fine girls and one splendid boy announce to me their determination to be missionaries.

Lives and money are being consecrated together in our boys and girls. Some societies have already had the preliminary Oratorical contest on the subject of stewardship. In many instances the plans were received most enthusiastically. We urge you to encourage the boys and girls in your church to put forth their best efforts. You would be proud if a boy or girl from your church should be a state-wide or south-wide winner!

During the next month, we are looking with confidence to the auxiliaries to help us meet the emergency that is brought about by the arrival of the time when the dormitory payment is due. We urge each Society to do its best, always remembering that each small offering and each large one helps.

We are glad to report 38 standard A-1 Auxiliaries—but we need on

the whole, just about 1,000 more. Let's all unite in a resolution to have them.

Because of the cooperation and interest of the leaders and friends of the young people's work in Oklahoma, your state leader has been privileged to attend 11 rallies, 7 Schools of Missions, 4 House parties, 6 Camps, 8 society meetings, 1 District meeting, with ten classes taught representing 60 hours of teaching and 84 talks to groups and 22 conferences held. Two state-wide camps, one for Y. W. A.'s and one for G. A.'s were well attended and we hope produced good results. She also attended the Southern Baptist Convention, and Southwide Y. W. A. Camp at Ridgecrest.

What do figures say to you—and do you think we can tell exactly what has been accomplished by hearing or reading figures? Surely they do help to a certain extent, but how can we see from mere numbers the marvelous workings of our Heavenly Father? Events that have transpired in the last two months in my own life have showed me anew that truly God works in a mysterious way His wonders to perform, and that we cannot always see immediately what the results of our efforts will be. Bearing this in mind, we are sometimes prone to ask ourselves why we put all the time and effort into our work that we do. That question why, why—what is the real reason has returned to my mind repeatedly, and many answers were rejected before one was finally accepted. We do it all—we make the effort and give the time and spend the money really and simply for one purpose—to glorify God or that God may be glorified.

In each group of boys or girls gathered in a missionary meeting, we see an opportunity to lay a foundation for future service. If we work just for today we fail. If we work just to attain good figures we fail. If we work just from a sense of duty we fail again. But if we go to the task joyously, willingly following the Master just one step at a time, and if we do it so that through every act and every word we may wholly glorify Him, then surely we will be blessed in our work according to His purpose.

Then what of the organizations that started out with such high hopes, and today are not functioning? Surely it is not good to start a work in the Master's name and then let it die. What kind of example is that to the unbelieving? Let us fail to our knees, begging Him to forgive us for making Him appear to fail when we neglect His work! And, having pleaded for forgiveness, let us revive those organizations and start others—for the present and future glory of our Lord.

We are told "Call ye upon me in time of trouble and I will answer you," saith Jehovah, "that ye may glorify me!" Surely we are passing through times of trouble in all our work—and all we have to do is call on Him and we have His promise to help. But He helps us expecting gratitude on our part—and we are helped that we may glorify Him. What a wonderful motto for our lives as individuals "That I may glorify Him"—and the same may be adopted for the organizations. We have no other real purpose in our work, and it is only on our knees that we will learn the full significance of that fact.

Praying, serving without remembering what we have done and without counting the cost to ourselves, let us realize that there is no surer way of glorifying our Lord than by giving Christian, missionary training to the young people He has entrusted to us.

—Eva R. Inlow.

MARGARET FUND REPORT

The slogan for our State is "Every W. M. S. and Auxilliary a contributor to the Margaret Fund Work."

God has greatly blessed this work this year, for Oklahoma's stride in growth to this cause surpasses the work done in previous years.

Being better organized with District and Associational Margaret Fund Chairmen to present the work on all programs, by distribution of tracts and presentation of playlet, "Love Provides," has been the means of greater interest being manifested than ever before.

Some women have written that they had fallen in love with the work, which brought joy to my heart, for I felt that this was a sign of Divine approval for the workers and the Margaret Fund cause.

Oklahoma's joy as a State in this service has been so great that we asked for five students to "mother" this college year of 1931-32.

The financial report of Margaret Fund work done this past year is brought to you with gratitude to our Heavenly Father for His blessings on this work, with joy ringing in my heart in trying to serve my Master in the capacity of your Margaret Fund Chairman; also that joy may re-echo in our hearts as we strive together to foster this beautiful work of mother love in united prayer that God may continue to bless the Margaret Fund work done this coming year, and that He may truly "Establish the work of our hands."

A mother's charge to keep we have,
And a God to glorify,
Help us to serve in love and prayer,
And on His grace rely.

Let us serve the Margaret cause
Our calling to fulfill,
May it all our powers engage
To do His holy will.

Help us to love, watch and pray
For our Margaret students dear,
A mother's love and care bestow
On them throughout the year.

These students five assigned to us
So loving and so true
Are my charge, your charge, the charge of our State,
The charge of the Southland too.

Respectfully submitted,
Mrs. D. H. Bell,
Margaret Fund Chairman.

REPORT OF W. M. U. TRAINING SCHOOL, LOUISVILLE, KY.

This session, with Miss Littlejohn at the helm as principal marks the twenty-fifth year of the W. M. U. Training School. Faculty and students, together with alumnae, board members and friends everywhere, are anxious to make this Silver Anniversary a notable one in the history of our school.

During the first quarter-of-a-century, approximately twelve-hundred boarding students and five-hundred day students have enjoyed its opportunities. Seven-hundred, twenty-three of these being full graduates.

The session 1921-22 marked the high peak in attendance, when 142 boarding students and 44 day students matriculated.

Twelve students from foreign countries have been numbered among our students during these years. 162 have been appointed to service in eleven foreign countries, with the others serving as Home Missionaries and Christian workers and teachers in various organizations, churches and schools of our land.

School opened this year with only fifty-nine students, but we were glad to have this large a number, as earlier in the summer the outlook had been more discouraging. One more student has come in since the opening, which brings our present enrollment up to sixty with thirty-one being second year students and twenty-nine first year students. When we consider the condition of our denomination, surely we should congratulate ourselves that so many fine young women have the faith and courage to come at all. May we not earnestly work and pray that doors will be opened for these consecrated and capable young women?

Only sixteen day students have registered to date, and eighteen of our Seniors are eligible to complete their work for the M. R. E. degree. Ten of this number are doing their seminary work at the Seminary, with the remaining eight majoring with Dr. McGinty of our own faculty. Our Board of Managers made arrangements with the Seminary to use their bus for carrying these eight young women to classes at the Seminary, three times a week for the small sum of \$5.00 per week. This cost of transportation is much smaller than at first anticipated.

We had hoped to have some definite information regarding the \$7,313.40 of our living expenses, which is tied up in the Louisville Trust Company which closed its doors last November, but no announcement has yet been made. In the meantime we are hoping for the best, but making further cuts and economizing in every possible way. We hope to replace the heavy drafts on our Emergency Fund if this money in the Trust Company is later available.

In spite of our financial reverses, this has been a year of mountain top experiences. One student remarked "We are even broker than we were last year, but happier." Miss Littlejohn explained their gift of \$880.50 to the Christmas offering by quoting Paul's words, "Their overflowing joy and their deep poverty together, have poured out a flood of rich generosity." The Home Mission offering in March was \$226.95 and a small offering of \$17.00 was made to the Baptist Bible Institute in February.

W. M. U. Training School students are doing practical Mission work in 26 different centers in Louisville, including settlements, churches, Missions and such other institutions.

Oklahoma has had thirty young women registered as boarding students with sixteen of these being full graduates. Among the students this year are two fine Oklahoma girls: Miss Mattie Bland of Jenks, Oklahoma, and Miss Cleopal Evans of Oklahoma City. Both young women are second year students and Miss Evans is serving as social chairman on our Student Council and doing it very efficiently.

We are indeed happy that Oklahoma has the privilege of sending a check for the turkeys for Christmas Dinner at House Beautiful this year.

Truly we are thankful, to our Heavenly Father, for the wonderful influence shed abroad by this great and good institution, its faculty, board of managers and students both past and present, even to the uttermost parts of this earth, and let us pray that the time will hasten when we shall awaken to our responsibility and make possible, for the hundreds who are waiting and longing to heed their Masters' call, to Go and Tell the wonderful story of Jesus and His Love to those who are dying in darkness and sin.

Respectfully submitted:

Mrs. J. E. KIRK, Trustee.

REPORT OF SOUTHWESTERN TRAINING SCHOOL

The report for Southwestern Training School for last year, shows a diminishing attendance, although the summer school was larger than formerly. This session, however, we have only a small group of earnest workers, but Mrs. McGarity writes us that the spirit of the dormitory is indeed splendid. In addition to the work done in the class room, each young woman is responsible for some outside activity. Some visit the city and county jails and hold religious services three nights each week in the "down-town mission," while others work with the Mexicans on Sunday afternoons as well as with a group of Chinese students, and occasionally they hold services in the church for the deaf, which was founded by J. W. Michaels, of the Home Mission Board.

The Y. W. A. of Southwestern Training School, which includes every young woman in the school and some out on the Hill, maintains an A-1 standing with the Southern W. M. U.

This year, there are two very fine young women in this school from the foreign field. One a Miss Marian Morgan, who is the daughter of Mr. and Mrs. F. A. R. Morgan of Brazil. Miss Morgan is a splendid musician and her influence in the school is most helpful and inspiring. The other, a Miss Emelia Dobel. Miss Dobel was born in Europe but moved to South America with a colony of Letts. She came to Southwestern from Baylor College, Belton, Texas, where she received her A. B. degree in just three years time.

The great need of this training school is scholarships. With times as they are, Mrs. McGarity states, they could double the number of students, if they had a little money to offer those students who require some aid. Southwestern is indeed grateful for the scholarship Oklahoma allowed to be used by Miss Charlie Mae Anderson, of Pond Creek, Okla., last year and are exceedingly proud of the record she has made since graduation.

It is sincerely hoped that soon the financial conditions will justify

the re-establishing of the Department of Kindergarten, which had to be left off this year because of the falling off of funds.

To those who are in this institution, the training means inspiration, enlarged vision, enthusiasm for work and shaping of lofty ideals. To some, it means the finding of their life's work.

To those who enter this institution, it means a happy dream of a place where they will find sympathetic hearts and a realization of their ambitions.

To those who have gone out from this institution, it means a home to which they can look back and know that people there are praying for them—a source of strength.

And to us, who look after its needs and who boast of its great accomplishments, it means prayer, for only by God's good grace can the institution live and labor day by day. Let us pray for the faculty as they train future Baptist leaders and for students that they may be apt to learn and quick to follow as the Spirit may lead—and let us pray for the institution, that God will grant unto them, a double portion of blessings this coming year, that they may grow and continue to be a blessing to those throughout the world, who know not our Heavenly Father.

Respectfully submitted,

Mrs. Berta K. Spooner, Trustee.

BAPTIST BIBLE INSTITUTE REPORT

The Baptist Bible Institute, New Orleans, La., is a Southwide Seminary and Training School controlled by the Southern Baptist Convention through a board of trustees.

This past year there were 172 students enrolled in this institution but this session there has been an increase in enrollment which brings the present enrollment up to 188. This is indeed gratifying, considering the existing conditions throughout the country.

Of the 172 enrolled last year, 93 were preachers. They served some sixty churches in and near New Orleans besides nearly sixty mission stations in this locality, a few of which bid fair to become Baptist Churches in the near future. In the city, the ministerial students preach on the streets, in jails and hospitals, on the docks and in public parks, where they reach thousands, with the Gospel.

In this great cosmopolitan city, work is done among the French, Spanish, Italians, Jews, Chinese and Negroes. Just this last session, 24,424 people were reached and resulted in 1,781 professions of faith and 1,810 additions to churches.

Each year, two series of lectures are given in this school. This year Dr. John R. Sampey, of Southern Seminary will deliver the Layne lectures, during Home Coming Week, Jan. 18th-22nd., and President Francis P. Gaines of Washington and Lee Universities, will give the Tharp lectures.

This institution is in its fourteenth annual session. God has wonderfully blessed its efforts and surely Southern Baptists will not surrender the ground which they have gained in that great need and responsive mission field.

Let us pray God, that as we approach the crisis which will be upon us in January, that Southern Baptists will rally to this great Institution and that Oklahoma will do her part, in God's name, to help win the victory for Him, and to save B. B. I. and Baptist honor.

Respectfully submitted,

Mrs. O. J. Chastain.

REPORT OF STEWARDSHIP CHAIRMAN

God revealed his love—God revealed himself in and through His gift. What kind of love—what kind of self do we reveal in or through our gifts? There are three kinds of givers: givers who reveal only love of self—a covetous self; the spasmodic giver who reveals a wavering love—an unstable self. The regular proportionate giver bringing the Lord's portion into the Lord's house on the Lord's Day reveals an ever overflowing love to both God and his neighbor—an obedient self fulfilling the law of love.

It is the aim of the Stewardship chairman through study and information to lead the two former classes into the higher class of applied Christian Stewardship, not only stewardship of possession but of life. Possessions put to work for Him, time used for Him, prayer prayed that others may know him and acknowledge His Lordship. Lives lived for Him—emptied of self and filled with His Spirit—radiating his love and life—living epistles rightly interpreting His word. Faithful stewards of Life in order that we may be found faithful as stewards of the Riches of His Grace. All these enter into real Christian stewardship.

With this aim as our goal the last months of 1930 were devoted to taking stock of what had been accomplished and planning for a bigger and better Stewardship Program for 1931. Stewardship chairmen were urged to be more faithful in reporting and were requested to ask the presidents of the W. M. S. to give Stewardship a larger place on Society and circle programs with a three minute talk on Stewardship every month and regular distribution of stewardship literature.

The aim for the following six months was: A stewardship talk at every rally, a stewardship program in every society and a stewardship study class in every church; to educate the hand that holds the pocket-book along with the hand that rocks the cradle so that we may have giving hands, not itching palms. The rising tide of enthusiasm at flood tide in the spring was to be utilized in sowing down our fields with stewardship literature. Attention was called to Royal Service's account of God's bountiful blessing on acres planted for him during 1930 and hope was expressed that many such acres might be planted for God—the money from such acres to be used to clean up the Devil's weed patches. Attention was called to the fact that the depression challenged us to lay hold upon God's promises in Mal. 3:10-11.

Truly prophetic was the statement of the Mississippi woman who wrote her State W. M. U. Secretary "Most of the banks have failed, there's little or no money in the country but somehow we feel that this is going to be a great year for service." During the past few months how abundantly has our Father blessed us with opportunities for service in the organization of the Tithers Fellowship League for prayer and planning in enlisting and nurturing new tithers. In fostering this campaign letters were written and cards and leaflets sent to the more than 500 presidents of W. M. S. as well as to Associational and District Stewardship Chairmen.

Sisters, let us through the study of God's word and united importunate prayer call to our aid the Great Physician to apply the remedy to remove the misery of covetousness and sinful indifference to God's commands and a lost world's need of the Saviour until out of broken hearts and treasure chests there may be poured out streams of gifts and service increasing and deepening the stream of salvation until it covers the

earth as the waters cover the sea, till "Jesus shall reign where'er the sun Does his successive journeys run; His kingdom spread from shore to shore Till moons shall wax and wane no more."

REPORT OF SOUTHWEST DISTRICT

Ezekiel's Clarion call "Behold, I have set thee a watchman" seems to have taken on special significance in Southwest District in recent months. Officers are serving with zeal that is most gratifying. Associational presidents have launched constructive programs with particular emphasis on enlistment, mission study and organization. Many new women's societies and Young People's auxiliaries have been organized. Rallies are held on schedule time and continue to grow in attendance and inspiration. They are veritable power plants for their respective associations. An interchange of speakers among the four associations has proven helpful.

We have many things to be thankful for in spite of the financial depression. While there has been a decrease in the amount paid on the Memorial Dormitory debt, the two hundred dollars voted and given at the District meeting at Tipton for the dining room make up for this loss.

As we face this strenuous era, let us join hands and rejoice that we are "Laborers together with God."

Mrs. Samuel W. Hopkins, President.

REPORT OF SOUTHEAST DISTRICT

Knowing that we are laborers together with God that the world may know He shall reign, we want to say the past year has been a happy one amid this depression in the Southeast District. You know the old adage "depression will do one of two things for a people, drive them closer to God or drive them away."

We are glad to say we believe that we are drawn closer to God in the gift of ourselves and money, sacrificial gift? Yes, which is the only accepted gift, being the service set as our goal through our chief aims.

To say we have only thirty-two W. M. S. in this district composed of three associations sounds very low and these W. M. S. with forty

young people's organizations brings to our mind "My people die for lack of vision," and then we check reports of last year and feel a bit encouraged finding a gain, in W. M. S. twelve, Young People's organizations ten, and all associational presidents and chairmans of district departments of work reporting to district president each quarter. With this cooperation we invite you to watch Southeast District grow.

We have one full-graded A-1 W. M. U. reporting their second year as standard. We have one association that every W. M. S. reported to president and association chairman on time. This association in turn reported to state officers as outlined in year book each quarter on time. Eight W. M. S. in this Association pledged to dormitory and are paying same. We have one association that paid \$134.45 last quarter. This gift is paid by two or three W. M. S. of that Association. It is not God's plan for one W. M. S. to make all gifts, but every W. M. S. making gifts would soon enable us to really memorialize the W. M. S. dormitory. Southeast District is going to work the way for every W. M. S. to pay that we may join when they say "our memorial dormitory." We have enlisted more W. M. S. in gifts to cooperative programs through teaching them the seven objects that are benefited by their gifts, also, White Cross and all benevolences. Information gives inspiration, inspiration correctly guided brings the vision for our work. Southeast District says anything worth doing is worth doing well, so we come to you in this message with our hearty cooperation in anything our committees see best to suggest, for we know God leads in your plans, with our dear president, Mrs. McMillan, and Corresponding Secretary, Mrs. Spooner, and Young People's Leader, Miss Inlow, at the head.

We covet your prayers for more effective work in Southeast District for our Master.

Respectfull submitted:

Mrs. Guy Old, President.

Mrs. Ben E. Lambert, Sec'y-Treas.

"HE SHALL REIGN" IN NORTHEAST DISTRICT

Northeast District welcomes you here with great joy. We welcome you because we are sisters by the strongest of ties—the golden cord of Christ's blood. Your mission makes you all the more welcome, and we expect much from your coming, much of strength, much of courage, much of knowledge and much of inspiration. It gladdens our hearts unspeakably to close the year's work with this happy experience.

Seven associations composed this district, only this month we welcomed a new one, Tulsa-Rogers Association; the others being, Osage, Northeastern, Delaware, Muskogee, Sequoyah, and Cherokee Indian, and I find that a rich revelation of the Spirit has penetrated down deep into the hearts of all our workers, and led them through the weeks of prayer and the intervening days throughout the years, in the accomplishment of the great work of making Christ known.

Each Associational President has, and is, laboring with the keenest sense of responsibility for the quickening interest in the hearts of all of our workers, that will lead them forward in every phase of work as outlined by W. M. U.

The annual meeting which was held in Pryor was a memorable one. Because of large attendance, the presence of every Associational President, and the exceptional addresses of the speakers, Miss Leachman and

Mr. and Mrs. Enette; their messages touched the hearts and lives of many women in sections never before reached. Our beloved Mrs. Spooner was also with us, bringing information and inspiration, in a soul stirring message, showing the challenging opportunity coming to women and the young people, in this their new day.

The W. M. U.'s and Y. W. A.'s realize that we must maintain our interest in financing to completion our Dormitory and are endeavoring to meet their apportionment.

It was my privilege to attend four associational meetings and two rallies. I have received quarterly reports from each Associational President.

We are happy that the interest of the young people is stimulated by inspiration received through Rallies and House parties of the Y. W. A.'s and G. A.'s and conclaves of R. A.'s in three of the Associations.

Marching humbly forward at the head of the great army of the W. M. U. workers of Northeast District, as I take a backward glance at the oncoming forces, I see spread but one banner, which, starlike, flames above our ranks, and leads us on to victory, and that is the cross of our Lord, Jesus Christ and him crucified for the redemption of a lost world, that "He Shall Reign" in every heart.

Mrs. T. W. Stevens, President.

REPORT OF CENTRAL DISTRICT

Loyalty has been the key note this past year in Central District toward every phase of our work. As we pause to take a backward look we thank our Lord and Master for this spirit of loyalty that has been manifested by the hearty cooperation of the associational presidents. Much commendation is due them for the splendid quarterly rallies held which have served as great foci of information and inspiration.

It is our privilege this year to again have Miss Cleopal Evans as our representative in House Beautiful at Louisville, Ky. Miss Evans in her senior year is social chairman of the student council. Our hearts rejoice when we realize that through this scholarship fund we have also had a share in the training of two W. M. U. Corresponding Secretaries: Miss Charlotte Burnett, of New Mexico and Miss Sallie Thomas, of Illinois.

We are grateful for the opportunity of contributing \$50.00 toward the passage money of Mr. and Mrs. Enete as they returned to their field of labor in Brazil. These missionaries were an inspiration not only to our women in their district meeting but also to our young women in the Y. W. A. House Party at Shawnee. Central District also gave \$35.97 toward the W. M. U. State Scholarship at O. B. U. and \$48.49 to the nursery fund at Southwestern Seminary, Ft. Worth.

Nor have we failed to remember the great task of the W. M. U. of Oklahoma—the payment of the debt on our W. M. U. Memorial Dormitory. Special emphasis has been laid on this phase of our work throughout the year and it has been our earnest effort to enlist every member in this worthy cause.

May we in this new year press on with greater zeal "toward the mark for the prize of the high calling of God in Christ Jesus."

Mrs. C. A. Richards, Central Assn., President.

REPORT OF THE EXECUTIVE BOARD

Truly has it been the purpose of the Executive Board in this year that has just closed to so serve our Master that "The World May Know." These words from the prayer of our Master have been the compelling

urge that has led us on to attempt great things for God that his name shall be made known in every land, looking forward always to that great day when He shall come again and "Jesus Shall Reign" forevermore.

On December 1, 1930, there was a meeting of the Advisory Committee for the purpose of making plans to meet the amount due on the Dormitory December 15.

Motion was presented by Miss Nichols that the officers be instructed to borrow the money necessary to complete this payment. Motion carried.

The Corresponding Secretary spoke of the personal service pads and report blanks. Upon motion by Mrs. Merrill it was voted that we use the personal service blanks that are already prepared for this year.

Motion by Mrs. Lucas prevailed that a committee be appointed to work on the personal service report blanks for the next year. Mrs. McMillan appointed on this committee: Mrs. Reeves, State Personal Service Chairman, Mrs. F. J. Merrill and Mrs. M. D. Lucas.

Motion presented by Mrs. Merrill that we reduce the price of the diplomas for the Moorer Bible Course to 25c. Carried.

Upon motion by Miss Nichols it was voted that we change the color and size of the year book.

Mrs. Bruner spoke of the power of prayer and the great need of our prayers at this time and as a circle was formed, with bowed heads and clasped hands each heart was lifted in prayer for the Dormitory and O. B. U.

It was on January 12, 1931, that the Executive Board met in regular session in the parlors of the Y. W. C. A. Building in Oklahoma City. The regular reports were presented and adopted.

Mrs. McMillan stated that in view of the fact that our Corresponding Secretary had just completed ten years of service in this capacity plans had been made to make a gift to her to show our appreciation and love and Miss Inlow and Mrs. Wells were asked to select this gift. After due consideration a desk lamp had been selected and presented. Mrs. Spooner thanked the women of the Board for this expression of their love. Mrs. McMillan expressed thanks to Miss Inlow and Mrs. Wells for selecting this gift.

At this time Mrs. Spooner presented a report on the Dormitory and distributed the apportionments for this new year to the Associational and District Presidents.

Our Corresponding Secretary also read a telegram from the Whitney Trust Company and an unsigned resolution relative to payments on the dormitory coming from the Executive Committee of the Baptist General Convention through Dr. Round's office.

Upon motion by Mrs. Ballard it was voted that a committee be appointed to draft suitable resolutions to be presented to the Executive Board of the Baptist General Convention in reply to the resolutions from the Executive Committee. The President appointed on this committee: Mrs. P. B. Lowrance, Miss Daisy Nichols and Mrs. J. E. Kirk.

The second meeting of the Board was held on June 1st. Mrs. Spooner presented the dormitory report and a motion was made by Mrs. McGovern that reports of Dormitory apportionments and receipts be sent out to Associational and District officers and that we renew our efforts in securing pledges from Societies. Motion carried.

Speaking of the Dining Room at the Memorial Dormitory Mrs.

Spooner presented a card of Great Days Calendar for the Y. W. A.'s to fill with dimes for the purpose of furnishing this room. Upon motion by Mrs. Carnes it was voted that we adopt the plan suggested by Mrs. Spooner for financing the dining room at the Memorial Dormitory and that a goal be set for the other auxiliaries.

Miss Nichols read the resolutions presented to the Baptist General Convention by the W. M. U. of Oklahoma in reply to the resolutions from the Executive Board of the B. G. C. relative to payments on the Dormitory. Motion was made by Mrs. Stevens that we adopt this report. Carried.

Miss Inlow brought her report as Young People's Leader which it was voted to adopt.

Upon motion by Mrs. Stevens it was voted that we send flowers to Mrs. J. B. McClure of Norman who is in a local hospital.

A splendid report of the W. M. U. Meeting at Birmingham was brought by Mrs. McMillan.

In the meeting preceding the annual meeting the reports of the departments were presented and adopted.

The Corresponding Secretary spoke of the Dormitory and of the great need of stressing this phase of the work at this particular time since it is only thirty days until another payment must be met.

Mrs. Spooner also reported that in regard to the State Scholarship fund which had been given for a Margaret Fund student at O. B. U. it had been suggested by Dr. Boone that this scholarship be granted to Mrs. Spurgeon Richardson, wife of our missionary to Africa, who had expressed a desire to attend O. B. U.

Upon motion by Mrs. Stevens of Muskogee it was voted to grant this scholarship to Mrs. Richardson.

Respectfully Submitted,

Mrs. C. A. RICHARDS,
Recording Secretary

REPORT OF COMMITTEE ON RECOMMENDATIONS

Since we are "Laborers together with God" and the great host of W. M. U. sisters of the Southern Baptist Convention in helping to establish His reign on earth, we submit the following recommendations:

I:—Plan of Work

That the plan of work adopted by the W. M. U. Auxiliary to the Southern Baptist Convention as published in the 1932 W. M. U. Year Book be adopted as our plan of work.

That free copies of above Year Book be secured from State W. M. U. headquarters and earnestly studied and presented to our women. A special program with some one representing each great aim would prove helpful.

That emphasis be laid upon our Watchword—"He Shall Reign"—Luke 1:33 and upon the hymn—"Jesus Shall Reign."

That much attention be given to Stewardship as outlined and taught in God's word and as practiced by Jesus, himself. Viz: Stewardship of Christian influence and of material wealth.

That we practice and teach tithes and offerings as God's plan of financing His Kingdom.

That each individual earnestly strive to bring the unsaved to Christ.

That we strengthen the weak Christian by example and precept.

That we be good stewards of the YOUTH entrusted to us, urging

parents to DAILY TEACH their Children God's Word and Will that their HEARTS may be turned unto God and His ways ESTABLISHED in them.

II.—Civic Righteousness

That we meditate upon civic conditions around us, praying earnestly that God's Will shall be done in affairs of State.

That we shall ever be ready to do our part in establishing civic righteousness in our State and Nation.

III.—Apportionment

That Oklahoma W. M. U. apportionment to the Cooperative program be one-third of the amount proposed by the Baptist General Convention of Oklahoma.

IV.—Religious Literature

That every society be urged to put on an intensive campaign for subscriptions to our Missionary Magazines, Royal Service, The Window, World Comrades and the Baptist Messenger.

That we lay upon the hearts of parents the importance of clean reading matter in the home.

V.—Field Worker

That Societies or Associations desiring the services of the Field Workers shall make their arrangements not less than four weeks ahead of time that the itinerary of the worker be systematically arranged so as to save time and expenses.

VI.—White Cross

That we pray more earnestly and give more generously for Dr. Green and his helpers who are our White Cross representatives in far away Africa. May their ministry of healing be indeed a blessed one.

VII.—Orphans' Home

That we always keep in remembrance by material gifts and prayer our orphan children and their advisors in our Baptist Orphan's Home.

VIII.—W. M. U. Memorial Dormitory

That we complete the good work so wondrously begun in our beautiful W. M. U. Memorial Dormitory by faithfully meeting our obligations as they come due.

That the Y. W. A.'s be encouraged to keep up their offerings toward the payment of the dining room furnishings.

That we lend our heartiest cooperation to the completion of the O. B. U. endowment campaign.

IX.—Thank Offerings

That we pray much and plan wisely for the Lottie Moon Christmas offering knowing that upon its results rests a large portion of the work of our Foreign Mission Board.

That we inspire our people with a desire to have a part in this and other great love offerings and thus help to fulfill the thrilling prophecy, "Jesus Shall Reign."

Respectfully submitted,

Mrs. O. L. Gibson
Mrs. L. B. Johnson
Mrs. Mary Bowden
Mrs. John Nichols
Mrs. Dudley Young.

REPORT OF COMMITTEE ON RESOLUTIONS

REPORT OF OBITUARY COMMITTEE

With stone and bronze man has sought since the beginning of time to symbolize the depth of his love and to express the tenderness with which he is guarding the memory of those who have passed beyond time to eternity. Memorials evidence Faith and Remembrance, Faith to believe Christ's promise, "In my Father's house are many mansions, if it were not so I would have told you," couched in simple words, that we might understand the magnificence of the life beyond.

Monuments of brick and stone can bring no joy or peace to those who have gone, but we who remain reap the benefits. But it is the spiritual monuments we raise in our hearts, by remembering the consecration of their lives in beautiful service to his kingdom, that really count. We do not sorrow as those without hope, we can even utter a song of triumph that these have indeed entered in unto that land that "eye hath not seen nor ear heard, neither hath it entered into the heart of man to conceive the things which God has prepared for them that love him."

We revere today the memory of these who have gone from us and pause to pay a fitting tribute to their lives of service for God as he gave them courage to walk in the way he bade them go.

Sunday morning, November 5th, there passed from this life a notable Christian, Mrs. Annie Gambrell Williams of Muskogee, Oklahoma. She was the sister of Doctors J. H. Gambrell and J. B. Gambrell of Texas. Never were sister and brother more alike than Mrs. Williams and J. B. Gambrell. In form, in features, in mental processes and in heart passions they were of one mould and texture.

For more than a quarter of a century Mrs. Williams had been a loyal and devoted member of the First Baptist Church of Muskogee. Never did it have a member that was more respected, appreciated and loved. She loved everything that belonged to our Lord: His people were her people; His churches were the objects of her love and prayers; His book was her constant companion and comfort. She was a constant reader of our Baptist papers and she kept informed about all the work of her beloved denomination. Her concern for all of our Baptist organizations and institutions was unceasing. The little mission Sunday school in her neighborhood, the denominational schools, the orphanages, the hospitals, or the mission stations on far away shores, were the objects of her daily prayers.

Through many years of association with God's people, we have known none who set a higher standard for Christian living, and lived up to it more consistently, than this servant of our Lord. The predominant trait in her character was loyalty: Loyalty to her own convictions of right; loyalty to her family; loyalty to her church and denomination; loyalty to her Lord's cause the world around.

Her departure for the Father's house has left a vacancy in our ranks that will not be filled while the present generation lives. Her voice, heard in the mid-week meetings of her church will abide in the memories of her fellow-Christians, ever calling them to higher living and more sacrificial service for their Lord.

While we weep because of our sister's going, we weep not as others who have no hope; we lift the eyes of our faith from the grave dug fields of this earth to the immortal life in our Father's house. We rejoice in the prospect of glorious joy when the servants of God with labors ended, burdens laid down and journey ended, shall be together, "Forever with the Lord."
