### RECORD OF PROCEEDINGS

# BAPTIST GENERAL CONVENTION OF OKLAHOMA Oklahoma City, Oklahoma

Tuesday, November 9, 1954—6:55 p.m.

Convention Theme: Evangelize - Evangelize

Music under the direction of Gene Bartlett

Scripture, Mark 16:15

"And he said unto them, go ye into all the world, and preach the gospel to every creature."

#### THURSDAY EVENING November 9, 1954

1. The Baptist General Convention of Oklahoma met in the auditorium of the First Baptist Church of Oklahoma City, Oklahoma, at 6:55 p.m. on Tuesday, November 9, 1954.

This, the first session of the convention, was a joint meeting with the closing session of the Baptist Brotherhood and Woman's Missionary Union Conventions.

- 2. A five minute organ meditation was given by Max Smith, organist of the First Baptist Church of Oklahoma City, Oklahoma.
- 3. President E. F. Hallock called the Convention to order, stating that it is the 49th annual meeting of the Baptist General Convention of Oklahoma.
- 4. Mr. Wm. J. Reynolds, Oklahoma City, led the "Worship in Song" service.

Congregational songs used were:

"At The Cross"

"Jesus I My Cross Have Taken"

"The Old Rugged Cross"

The First Baptist Church Male Chorus sang "May the Lord Depend on You." The Church choir supported Mr. Reynolds in singing "There is a Green Hill Far Away."

- 5. Brother George Reynolds, Amarillo, Texas, led in prayer.
- 6. Mrs. H. H. Hobbs, Oklahoma City, brought the devotional message. Mrs. Hobbs led in prayer and a Ladies' Trio sang "The Christ of the Cross."
  - 7. J. A. Pennington brought the "Brotherhood Report".
  - 8. Motion carried to adopt the report.

## **Brotherhood**

"An accurate and adequate concept of Brotherhood is: God's men carrying on God's work in and through their church." A Brotherhood must be both Christ-centered and church-centered.

The Baptist men of Oklahoma have dedicated themselves to work in and through their churches for the building of better, greater, and more effective churches for the glory of our Lord.

- 1. As of October 15 there are 724 churches reporting an active Brotherhood,
- 2. All 38 of our associations are organized for Brotherhood work.
- 3. Three of our Indian associations are also organized for and doing good Brotherhood work.
- 4. The 1954 Pre-Jubilee Conferences were well attended with a total of 6,279 present.
- 5. Twenty-one of our men attended the second Brotherhood conference at Glorieta, New Mexico. The 1955 date for this conference is July 28-August 3.
- 6. Continued progress is being made in attaining the numerical goals set out in the Four-Year Program of Progress. The goals for the next two years are as follows:

		1000	1000
(1)	Number of Brotherhoods	875	1,000
(2)	Enrollment of Brotherhoods4	0,000	50,000

7. The Brotherhood has co-operated with the Woman's Missionary Union in the promotion of Royal Ambassador work for four years. The salary of Bob Banks, R. A. Field Worker, has been paid by the Brotherhood. The W.M.U. has taken care of his

1955

1956

expenses and directed the work.

As we look to the future there is the possibility of a closer cooperation between these organizations in the promotion of the Royal Ambassador work in keeping with the south-wide plans.

In order that our men of Oklahoma may more efficiently and effectively serve the Lord through their churches and be better informed as to the work of our denomination we would recommend:

- A Brotherhood organization in every church, making regular monthly reports to the church and quarterly reports to the associational Brotherhood president and the state Brotherhood secretary.
- 2. That consideration be given to the four major Brother-hood objectives in planning the program of work for the Brotherhood. These objectives are:

EVANGELISM STEWARDSHIP CO-OPERATIVE PROGRAM BOYS' WORK

- 3. That each associational Brotherhood be thoroughly organized and that the presidents be urged to make quarterly reports to the associational executive board and to the state Brotherhood secretary; also, that the dates and place of meetings for the quarterly associational Brotherhood rallies be planned immediately and included in the calendar of activities for the association.
- 4. That every possible effort be made to build a great attend-

ance in each association for the Pre-Jubilee Conferences in January, 1955.

5. We would also urge the fullest co-operation on the part of our laymen in all the plans for the 1955 Nationwide Evangelistic Crusade with a special emphasis on planning and promoting the Cottage Prayer Meetings in preparation for the revivals.

## J. A. Pennington State Secretary

- 9. President Hallock announced the committee on credentials to report on Wednesday morning. (Frank Baugh, Chairman, Robert Hopkins, Allen Graves, John Shelton, Hugh Bumpas.)
- 10. Mr. H. C. Sivells, Secretary of the Baptist Foundation and Brotherhood work in New Mexico, was introduced and spoke on the Brotherhood movement.
- 11. Jess Kirkley, Duncan, presented the "Report on Home Missions."
  - 12. Motion carried to adopt the report.

## Home Missions

CLIMAXING THE FIVE-YEAR CRUSADE OF THE HOME MISSION BOARD, the emphasis this year has been on witnessing for Christ. In the Board's objective to lead every individual Christian to become a more effective witness it is hoped that the Christian testimony may be given among the minority groups, the neglected, and the underprivileged.

During the year 1953-54 the Home Mission Board had 937 regular missionaries and employed 366 youths in the Student Summer Mission Program, thus making a total of 1,303 missionaries. The missionary staff gave Dr. Courts Redford full assurance of their support in planning for the future.

Soul winning was paramount this year. There were 31,849 conversions reported as a result of the regular work of the Home Mission Board missionaries. Professions of faith reported by Baptist chaplains numbered 17,912. Baptisms reported in evangelism crusades led by members of the evangelistic staff numbered 6,140. A grand total of 55,901 conversions have been reported this year.

While there has been a change in designation of departments in 1954 the various departments and their work for 1953 are represented as follows:

THE DEPARTMENT OF DIRECTED MISSIONS listed 342 missionaries and 7,176 professions of faith in the work among the Chinese, the deaf, French, Good Will Centers, Indians, Italians, Japanese, Russians, Spanish-speaking, rescue homes, and Women's Emergency Home and Baby Placement Center.

THE DEPARTMENT OF EVANGELISM has six members on its staff and reported 17 crusades, 30 revivals, and 6,140 professions of faith in meetings held.

IN THE DEPARTMENT OF JEWISH WORK three additional mis-

sionaries were added during the year, and an encouraging report was made on Jewish Fellowship Week.

IN THE OUTPOSTS—Alaska, Cuba, and Panama and the Canal Zone, and in the work among migrants, the pioneer ranch ministry, and the Student Summer Mission Program a far reaching ministry was effected.

THE DEPARTMENT OF CO-OPERATIVE MISSIONS under the direction of Dr. S. F. Dowis directed an effective work among City Mission Programs, The Rural Church Program, Mountain Missions, Western Missions, Trailer Camp Ministry, and Military Personnel. New housing areas of our cities have afforded untold opportunities for this department.

THE CHURCH BUILDING LOAN DEPARTMENT has had one of its busiest years. Thus, the greatest need of the Board at the present time is that of increased funds to lend to new churches. All available money in the church loan fund has been loaned this year. THE CHAPLAINS COMMISSION reported 477 chaplains on duty and endorsed 274 to the services in 1953.

THE DEPARTMENT OF EDUCATION AND PUBLICITY edited and distributed 188,749 mission study books, reported an average circulation of 119,790 copies of Southern Baptist Home Missions, produced millions of pages of tracts and pamphlets, and submitted monthly releases on home missions to state Baptist papers.

IN THE DEPARTMENT OF NEGRO WORK there were 59 missionaries serving in Negro centers, as teacher-missionaries, or as general workers. The teacher-missionaries had 34,148 students in their classes, 10,000 of whom were ministers. They reached 14,000 in extension classes and enrolled more than 8,000 in institutes.

In the four years preceding the Southern Baptist sesquicentennial program, the Home Board will be executing its Four-Year Conquest for Christ in Home Missions. Worthy goals have been proposed by every department of the Home Mission Board for 1955-58 conquest.

It is the recommendation of your Home Missions Committee that we support the work of the Home Mission Board, under the supervision of its capable leadership, with our offerings and prayers.

Respectfully submitted,
Jess Kirkley, chairman
Robert Y. Audd
Hugh Bumpas

## Foreign Missions

Upon the conclusion of a successful campaign of winning a million more to our Sunday Schools comes the challenge afresh

from the Savior to "go into all the world" with the gospel. An increase in the Sunday Schools of our Southern Baptist churches ought to give rise to a new vision of missionary tasks; ought to impel us to send out more missionaries and ought to constrain us to give more money to kingdom causes.

Baker J. Cauthen, Executive Secretary, writes this word of entreaty and appeal to Oklahoma Baptists. "I would like to say that it is highly important to advance in world missions. This advance must proceed along two lines. First, there must be many people who will commit themselves personally to go. In view of present opportunity and world outlook we cannot overstate the urgency of placing more missionaries in strategic places abroad.

The second line of advance must be that of finances. In order to send missionaries our financial undergirding of this whole enterprise must continue."

The Foreign Mission Board assists in evangelistic, educational, medical and publication work in three broad regions of the world: (1) The Orient; (2) Africa, Europe and the Far East; (3) Latin America. Missionaries are now located in 170 stations and in 35 countries and territories.

The Board appointed 70 missionaries in 1953; 37 more have been appointed during the first five months of 1954. As of June 1, 1954 the Board has 931 active missionaries.

The 2,201 churches affiliated with Southern Baptist missions reported 20,236 baptisms in 1953. Their 8,000 organizations reported more than 200,000 members. More than 64,000 pupils were reported in 500 missions schools, including 700 theological students. Almost 200,000 patients were treated in eight hospitals, four dispensaries and 12 clinics manned by 27 missionary doctors and nurses, and 44 national doctors and nurses. Approximately 8,000,000 pieces of literature were published, including 51,000 Bibles.

Highlights of the Mission year: re-entry of missionaries into Spain after an absence of a year; opening of the first Baptist Bible Institute in the Bahamas; permit to practice medicine in Mexico; purchase of property for hospital in Pusan Harbor, Korea; location of a missionary in every capital city of the Brazilian states; reached the goal of 100 missionaries in Japan; new publishing department in Rome.

Southern Baptists gave for missions during 1953 \$8,759,948.87 through the Cooperative Program, Lottie Moon, and special designated gifts.

As your committee, in order to encourage and foster the Foreign Mission Program in Oklahoma, we recommend:

- That the churches continue the Bible teaching on the right use of the Tithe and the practice of Christian Stewardship.
- 2. That every Baptist church prayerfully seek the leadership of the Holy Spirit and as led increase its budget percentage through the Cooperative Program, and seek for greater percentage participation in giving by our people.

 That each church prayerfully consider spending as much for mission causes each year as is spent locally in each church.

- 4. That an emphasis be made in our churches to more fully explain and promote the Cooperative Program method of giving to mission work and to encourage our churches to join in supporting the Lottie Moon offering.
- 5. That we continue to pray and to challenge Christian people to consider giving their lives for mission service.
- That we pray without ceasing for all our missionaries; for a world that is lost and that needs the "good news" of salvation, and for the lifting up of Christ before all men.

Respectively submitted, Grady C. Cothen A. S. Day Raymond Hall Carroll Hooper Robert S. Jackson

## Boys Ranch Town

SIXTEEN MONTHS AGO OKLAHOMA BAPTISTS BROADENED THEIR CHILD care ministry to provide for underprivileged boys up to 16 years old. Boys Ranch Town was established for those in need of a home.

Bids, ranging from \$81,768 to \$100,000, were received December 11, 1953, for the construction of Cottage No. 1. In January, 1954, all bids were rejected and we began to negotiate with all builders. Late in March we signed a contract with Charles M. Suttle Construction Company to build without profit to his company unless we so desired. The cottage was completed October 1 and we had formal opening October 3. Some 1500 persons attended. The building will be dedicated at 4:00 p.m., November 9, 1954.

We have 16 boys who live with us now, ranging in age from 9.16 years. Our staff consists of the resident manager and wife, a cook, a person who directs the boys in work and play, and a farmer.

The Ranch is supported by endowment, Cooperative Program, Dedicated Dollar Day offering, and special contributions. We have been given a tractor, station wagon, farm implements, livestock and many other items.

We need a school bus, big truck, Ford tractor with all accessories, livestock, of all types including dairy cattle, barber chair and equipment, tools for all types of shops, and playground equipment.

We must have more endowment. Our income from endowment is less than \$10.000.

We need other buildings, now, in order to even begin to meet the need. Each year must be better than the one before. May we inform the boys that they may count on you?

30. Superintendent of our Children's Home, H. Truman Maxey,

had charge of the program for our Baptist Orphans' Home, Mrs. Rogers, music director of the home, presented eight of the children singing:

"I'm a Little White Duck"
"I'm a Wanderer"
"Father Lead Me Day by Day"
Offering for the home totaled \$376.06.

## Religious Literature and Baptist Messenger

OKLAHOMA BAPTISTS' WEEKLY NEWS JOURNAL, THE BAPTIST MESSENGER, brings the missionary message to an ever enlarging number of families each week as circulation continues to increase and more churches include the state paper in their budgets.

This year circulation reached 70,640. More than 762 churches have the *Messenger* in the budget and 37 use the club plan.

We feel that the *Baptist Messenger* meets a need that no other publication can meet. Latest news from the churches, associations, the State Convention, Southern Baptist Convention and Baptist World Alliance is printed each week. The *Messenger* also brings doctrinal and devotional articles of inspirational nature. Of great value is the opportunity for state and southwide leaders to use the column of the *Messenger* to bring a message to the readers. All of this material is designed to keep our people informed of all denominational activities and to help them be better church members.

Because of the need it meets in informing our people and in unifying our missionary work, we recommend that all churches enter the budget plan of subscription and send the *Messenger* to all families in the church membership.

We commend the Sunday School Board's publications for use in the educational organizations of the church. We call special attention to *Home Life* and urge each church to use it through the Cradle Roll and Extension departments.

The Commission, published by the Foreign Mission Board, and Southern Baptist Home Missions, published by the Home Mission Board are musts for missionary information. We urge that they be given the widest circulation possible.

We express appreciation for the service of our Baptist Book Stores and recommend wider use of that service. We especially commend the increase in the number and efficiency of church libraries established with their help. We urge more churches to establish libraries.

Respectfully submitted, L. L. Armstrong, Chairman

#### Introduction

The Baptist General Convention of Oklahoma never exercised greater wisdom, nor demonstrated better business judgment than in the creation of the Baptist Foundation of Oklahoma. It is the duty of the Foundation to procure, safeguard and invest trust funds of every kind for the Convention, its institutions and agencies, according to the designation of the donors. This incorporated trust agency of the Convention is now eight years old; however, its offices were

not opened until seven years ago last April. The wisdom of its birth has been made manifest to all who are familiar with its activities.

Although a large number of state foundations are older, The Baptist Foundation of Oklahoma ranks third in the amount of receipts, with total receipts of \$2,157,950.75 as of October 1, 1954. The one ranking first in receipts was established in 1931 and the one ranking second was established in 1944.

## Expansion of Work

Expansion is the one word that would best summarize the work of the Foundation during the year October 1, 1953, to September 30, 1954. Expansion has been made in the field of service offered to individuals and churches, and in the procuring and administering of trust funds. This expansion has necessitated the addition of personnel to the staff. Rev. Horace L. Janes, for 12 years pastor of the First Baptist Church, Elk City, and First Vice President of the Baptist General Convention of Oklahoma, became Assistant Secretary on January 1, 1954. On February 1, 1954, Miss Ednamae White became secretary to the Executive Secretary, succeeding Mrs. Ira C. Prosser, who resigned. Miss White is a graduate of the Oklahoma Baptist University and came to the Foundation from the First National Bank & Trust Company of Oklahoma City, where she had served as secretary to two of the Vice Presidents. On March 1, 1954, Miss Bellzora Dippel became the accountant and secretary to the Assistant Secretary. Miss Dippel came to the Foundation with a rich experience as an accountant. She was for 14 years the office manager of the Termoil Lubricants Corp. at Elk City. The expansion in personnel has necessitated the expansion in office space at the Baptist Building, therefore, the Foundation moved into its new quarters on the second floor of the Building the first of the year.

## Receipts

Receipts in cash were \$234,677.91. Receipts in personal and real properties of various kinds were valued at \$147,102.51, making a grand total in receipts of \$381,780.42, during the past year.

#### Wills and Trusts

The Foundation has assisted in the writing of 16 wills and one codicil. We know of other wills which were written as a result of the Foundation's emphasis on wills. We are confident that a number have been written that we will not know about until they are submitted for probate.

Two wills have been re-written, with the assistance of the Foundation. Eight wills have been admitted for probate from which bequests will be received by the Foundation for Baptist causes. In some cases the entire estates have been left to the Foundation. Two estates have been closed from which the Foundation will receive bequests in the future. Of the 10 wills the Executive Secretary has been the executor of four.

The Foundation has assisted in the writing of a number of trusts of various kinds, with Baptist causes as the beneficiaries.

#### **Endowment Gains**

Endowment gains during the past year amount to \$238,890.61. This does not include any of the \$50,000 allocation for Oklahoma

Baptist University and the Church Building Loan Trust Fund from the 1954 Cooperative Program. Baptist agencies and institutions are greatly in need of endowment. We have learned that the regular gifts of our people are barely sufficient to promote our work and will never be adequate for meeting endowment needs. The Foundation is receiving endowment for these institutions and agencies but it is coming too slowly. We need a few more Hollums, Thurmonds, Kerrs, Johnsons, Rinards and Georges, who have given in the larger brackets. But, we need many Graalmans, Grows, Boltes, Wheelers and Samples, to name only a few of the many contributors of smaller amounts, ranging from a few hundred dollars to a few thousand dollars. We have a goodly number of members in our churches who could and should contribute cash and properties within the larger brackets. Then, we have many in our churches who could and should make contributions of lesser amounts. Here is an open door for our pastors. They are our best endowment secretaries. They can get closer to men and women of means in their church than anyone else and are missing the blessings of one of the greatest opportunities for service as a pastor if they fail to do so.

#### Buildings

Funds have been received for the following building programs: Mrs. W. S. Kerr Memorial Dormitory, O.B.U. Thurmond Science-Administration Building, O.B.U. Chapel, O.B.U. The Oklahoma Baptist Orphans' Home Buildings Boys Ranch Town

A & M Baptist Student Center

O.U. Baptist Student Center Wilburton Baptist Student Center

In addition, funds have been received toward the construction

of the first building of the proposed Home for Aging people. The Convention has authorized the founding of this home when funds are available. We are looking for donors who will contribute the site and provide sufficient capital for the Convention to begin operation.

### Transferring of Trusts

During the year legal proceedings were completed for the transferring of all remaining trust properties from the Convention to the Foundation, as per action of the Convention at the time the Foundation was established. The Foundation appreciates the cooperation of the Convention and of the Agencies and Institutions regarding the transferring of trusts to the Foundation, which were set up prior to the establishment of the Foundation.

#### Church Building Loan Trust Fund

The Church Building Loan Trust Fund, which is an express trust of the Foundation, was not legally put into operation until May 17. 1954. The first funds for this new work were provided by the Convention, as an allocation from the Cooperative Program as endowment funds for Oklahoma Baptist University, with the designation that they might be used for church building loans, and the income from same to be paid to Oklahoma Baptist University as endowment income. But, the Church Building Loan Trust Fund provides that endowment funds for any Baptist cause may be contributed to the

Foundation with the provision that such funds be used for church building loans. This makes it possible for the donor to help toward meeting the great endowment needs of the agencies and institutions and at the same time help to meet a great church building loan need in Oklahoma. Then, a donor may contribute directly to this fund, as some have already done.

The original funds supplied by the Convention have been increased by gifts of individuals, churches and allocations from the Cooperative Program. It will be of interest to know that this is the only Church Building Loan program of its kind in the world and other Foundations are considering the adoption of a similar program.

The need for a church building loan fund is so great that a Million Dollars could have been loaned during the past few months had the funds been available and had loans been made on a "first come, first serve" basis. But it has been a policy of the Committee to reserve funds for churches constructing mission buildings and for churches in smaller towns and rural communities. Too, because of the limited amount of funds it has been necessary to restrict the amount of any loan to \$20,000. However, with these justifiable limitations there will be over a Quarter of a Million Dollars in Church building loans by the close of 1954.

#### Annuities

The revised Annuity program became effective the first of 1954. With this program one may receive a life income on funds deposited with the Foundation and upon his death the corpus will be used as designated by the one who established the Annuity. The Foundation has a double Annuity contract which provides a life income for a man and his wife as long as either shall live. One may establish an Annuity for a loved one or a friend. The rate of income is determined by the age of the Annuitant (the one receiving the life income). Personal properties, such as stocks, bonds, etc., may be exchanged for an Annuity. In addition to the cash annuity, the Foundation writes Annuity contracts on real properties, such as business buildings, farms, etc. In such cases the Foundation agrees to pay to the Annuitant a life income on revenue producing real properties.

We predict that the Annuity program will become one of the most popular phases of the Foundation's work as our people are informed about its possibilities.

#### Investments

Investment responsibilities continue to increase as trust funds grow. The Foundation has made security the first consideration in the investment of these sacred funds. But the agencies and institutions need every dollar that can be made on these funds as endowment income. The Foundation is pleased to report that a net income of 5.1% was made on all investments during 1953.

### FOUR YEAR PROGRAM OF PROGRESS

We are coming to the end of the second year of the Four-Year Program of Progress. In 1952, approaching the 50th year of our Convention's history, a plan was outlined by each department to reach certain goals by that Jubilee year. The years 1955 and 1956 lie ahead of us. Some of the goals have been surpassed and some we have not reached. A definite comparison will not be available until January; however, the goals are worthy and we should continue striving to reach them.

#### STEWARDSHIP COMMITTEE REPORT

The Stewardship Committee, composed of R. C. Miller, Chairman, Frank Baugh, Jack Carroll, and Frank Sanders, brought the recommendation for the 1955 Stewardship Emphasis at the board meeting, May 18, 1954. The report revealed that 832 churches gave a fixed percentage through the Cooperative Program, and that 50 of the 126 missions gave directly through the Cooperative Program. The others are giving through the mother churches. Many churches responded to the "4 more in '54" per cent increase, and the committee is recommending "Strive for 5 in '55". ABC days for Stewardship Revival were observed October 31 through November 7, 1954, emphasis being placed upon enlisting additional tithers, thereby strengthening the churches in local work and through the Cooperative Program.

A state-wide conference of pastors and stewardship committee members will be held in connection with the evangelistic conference, on the afternoon of January 24, 1955, in the Trinity Baptist Church, Oklahoma City. Conference speakers will aid the various churches on subjects such as church budgets, every member canvass, Cooperative Program, and tithing. If each church will adopt a worthy budget and set out to over-subscribe it through the Every Member canvass, the forward steps of the Cooperative Program mission advance will be reached. The Committee commended the work of the Woman's Missionary Union

for its special prayer weeks, and over and above offerings for State, Home, and Foreign Missions, also the One Day's Pay offering for the Orphans' Home, and Dedicated Dollar Day for the Schools of Nursing, Hospital work, and Boys Ranch Town. The committee suggests that the churches study carefully before agreeing to participate in any other of the numerous appeals for special offerings from outside organizations. They also commended the work of the Baptist Foundation of Oklahoma and its efforts to procure funds for undergirding Convention causes.

We heartily recommend that all Oklahoma Baptist pastors and churches participate in the Convention Wide Stewardship Revival plans for the Southern Baptist Convention, October 23 through October 30, 1955.

Our churches are encouraged to join 29,000 other Southern Baptist churches in the observance of "Church and Denomination Night" in the local church in September or October, 1955. The suggested program would include music written by Baptists; historical sketches of the church, association, and denomination; a film on the Cooperative Program; messages on stewardship and missions.

#### COOPERATIVE PROGRAM

Again the Convention faces the challenge of growing opportunities for missionary endeavor both at home and on a world-wide scale. Proof of God's leadership is found in the response to the goals for gifts through the Cooperative Program.

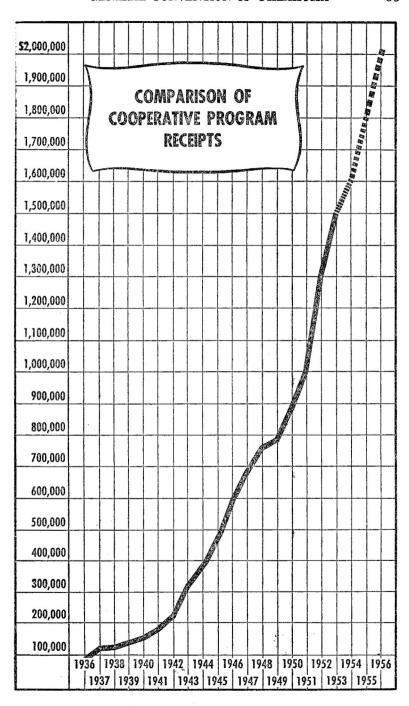

The response to Cooperative Program goals is God's answer to the determination of Oklahoma Baptists to go forward. The history of accomplishment shows an occasional setback, but always Baptists have looked to a greater program for Christ. Each time the result has been another step in reaching more people for Christ.

Financial growth has resulted from emphasis on Bible stewardship. As giving increased, the church income increased. Churches have accepted the challenge to increase the percentage for missions. "Four More in Fifty-four" became a reality in many churches.

In 1952 the goal of \$1,200,000 was surpassed by \$104,392.00. In 1953 the goal of \$1,400,000.00 was surpassed by \$100,369.00. On September 30, 1954, Oklahoma Baptists had given \$1,196,792.16 on the 9-month goal of \$1,200,000.00. This is \$133,034.14 above the first 9 months of 1953, which totaled \$1,063,758.02 and is \$3,207.84 below the goal to date, but anticipated results based on past years will put us well over the 1954 goal.

On September 30, 1954, eighteen associations had held stewardship rallies, and 144 churches set definite plans for participating in the Southern Baptist Convention Stewardship Week, October 31 through November 7. Also, 832 churches used the percentage plan in 1954, thereby giving God's great mission program full advantage of any increase in income.

All churches are urged to "Strive for 5 in '55", and "Pick up 6 in '56". This means that churches will be asked to contribute 5

per cent more of the budget through the Cooperative Program in 1955 and to increase by at least 6 per cent in 1956.

In keeping with the previously adopted objectives of the Four Year Program of Progress, the Board of Directors recommends that a state-wide objective of \$1,800,000.00 for missions through the Cooperative Program in the calendar year of 1955 be distributed as follows, with the Board of Directors making such changes as may be necessary during the year:

### INDIAN WORK

In December, 1952, R. S. Scales, H. H. Hobbs, and W. A. Carleton were asked to serve as a committee in studying the best possible methods of conducting Indian Mission work in Oklahoma. After more than a year's consideration, the Home Mission Board and the Baptist General Convention of Oklahoma agreed on a plan whereby a superintendent of Indian Mission work was to be appointed. Rev. Bailey Sewell began work as superintendent on May 1, 1954, He supervises the work of all Home Mission Board Indian Missionaries and promotes the state convention program among the Indians. The Home Mission Board pays the salary and traveling expenses of the superintendent and the Convention furnishes office space, postage, and incidentals.

#### HOME FOR THE AGED

For several years there has been a growing interest in a home or hotel for aging people. Some contributions have been received through the Baptist Foundation of Oklahoma and many others have expressed interest. Last year the Convention went on record favoring such a home and recommended that the needs be studied and the Board of Directors be authorized to proceed as funds are available. The 1955 budget contains an item of \$10,000 for this home, and it is also suggested that a percentage of the Dedicated Dollar Day funds be channeled in this direction.

We recommend that the Board of Directors be authorized to appoint a committee to give further study to the need, location, and operation of the proposed home for the aged, with a view of making it a reality as funds are available.

### BAPTIST STUDENT UNION BUILDINGS

The Baptist Student Union buildings, adjacent to the University of Oklahoma at Norman, and Oklahoma A & M College, Stillwater, were completed during 1953 at a cost of \$334,381.64, including furnishings and building sites. These two new buildings, so well located, attractive, and well arranged, are buildings in which every Oklahoma Baptist can take pride. Hundreds of our Baptist youth are already making full use of these facilities.

The balance of indebtness is now only \$56,026.37 which should be paid through Cooperative Program allocations in 1955 and 1956.

A Baptist Student Union Committee purchased a house near Eastern Oklahoma A & M College for a Baptist Student building. After a time they found themselves unable to raise the balance of \$6,796.44. They asked the Baptist General Convention of Oklahoma to participate in paying it. After consideration, it was voted to pay \$1,000 out of funds set aside to assist small colleges in Baptist Student Union work and to give additional assistance through the Cooperative Program on the basis of \$50.00 to every \$100.00 given by churches and associations of that area.

The Baptist Student Union Secretary was asked to work with the Baptist Student Union committee in surveying building needs and problems involved on all state college campuses.

### CO-ORDINATION OF HOSPITAL WORK

With the continued growth of our hospital ministry and the enlarged demands on the time of our Executive Secretary-Treasurer, it became evident that a definite plan of co-ordination must be worked out. With this in mind, Tom E. Carter, Adminstrator of the Stillwater Hospital, also former Administrator of the Southwest Baptist Hospital, Mangum, and Perry Memorial Hospital, came to Oklahoma City as Superintendent of Hospital work. He is an assistant to the Executive Secretary-Treasurer, with the responsibility of bringing the work of our hospital ministry into a co-ordinated effort through the Convention program. In addition to these duties, he also serves as Business Manager for the Convention.

### BAPTIST WORLD ALLIANCE

As the next Baptist World Alliance is to be held in London, July 1955, the Board of Directors felt that Dr. T. B. Lackey, Executive Secretary-Treasurer should attend. Therefore, the Board voted that Dr. Lackey be sent to the Baptist World Alliance, and that a committee composed of R. S. Scales, Chairman, Anson Justice and John Dickson, study the plans for other departmental heads.

After prayerful study and consideration, the committee reported to the Board of Directors and the Board recommends that T. B. Lackey, Sam W. Scantlan, W. E. Grindstaff, Jack Gritz, and H. Truman Maxey attend the Baptist World Alliance. The associations are raising funds to send Sam W. Scantlan. Most of the expenses for W. E. Grindstaff will be paid through his assistance to a local travel agency in setting up a tour. Jack Gritz will attend as Editor of the Baptist Messenger, and H. Truman Maxey, because of his twenty years of faithful service as Superintendent of the Orphan's Home.

### RESOULTION ON TEXTBOOKS

At its May 18 meeting the Board passed the following resolution:

"The Board of Directors of the Baptist General Convention of Oklahoma respectfully calls the attention of the Oklahoma Textbook Commission to the fact that one of the history textbooks approved by the Commission for use in our public high schools contains statements as historically accurate which are not established facts. We refer to the statement on page 172 of "Today's World" by Hughes which declares that the church at Rome was founded by Peter.

"This is well known to be the claim of the Roman Catholic Church but the textbook commission should be aware that the assumption that Peter founded the church at Rome is held only by this one sectarian group. In view of the fact that the Roman Catholic Church has never been able to establish any proof for this claim, we earnestly protest the inclusion of this claim as historical fact in a textbook approved for use in our public schools.

"We respectfully submit to the members of the Textbook Commission that this is not an attack on any church group, but merely an appeal for our young people to be able to study textbooks that confine themselves to proven historical fact."

#### SPECIAL HOSPITAL COMMITTEE

In the May 18, 1954, Board meeting, it was recognized that the success of Baptist-operated hospitals was bringing more requests for the Baptist General Convention of Oklahoma to take over additional hospitals, also that no actual plan for the growth of the hospital program had ever been presented to the Convention. It was therefore decided that a study committee be appointed to make a thorough examination of our present hospitals, the needs, their status in the community, and the financial situation for now and the future; also to outline a policy as to the responsibility for serving other cities and areas through our hospital program. This committee, composed of R. C. Miller, chairman, H. H. Hobbs, M. E. Ramay, Grady Cothen, Charles Black, M. F. Ewton, and Milo Arbuckle made a tour of all Baptist hospitals. They visited with local citizens, doctors, and ministers, and hospital personnel, to get first hand knowledge of the hospital program. The committee discovered a need for both immediate and long range improvement of facilities in Baptist-owned hospitals. The leased hospitals are in good physical condition, and in no need of physical repair or enlargement.

The Oklahoma Baptist Hospital at Muskogee began operation in 1909. It has been enlarged twice, the latest portion of the present physical structure being erected in 1928. There have been no major improvements in building or equipment since that time. Necessary repairs have been made, and some new equipment added, but the equipment and the building are in need of modernization. Under present plans of the Convention, approximately \$55,000.00 will be available for this institution from the Cooperative Program, Dedicated Dollar Day and other gifts in 1955 and 1956. A survey is being made of the entire hospital needs for the city of Muskogee. The hospital consultant is recommending enlargement of the city's hospital facilities including a new and modern hospital for the Muskogee General Hospital, and modernization and enlargement of the Baptist Hospital and the Nurses Training School.

This convention voted last year to cooperate with the City of Muskogee in an effort to solve the problem of improving and enlarging hospital facilities for that city and surrounding area.

An extensive survey and study has continued through the year. It is obvious that any long range planning for hospital facilities in that city would include Oklahoma Baptist Hospital which has served the people in that area for 45 years.

The Citizens Committee in Muskogee has been most thoughtful and considerate of the Baptist hospital. They have assured us that our services are greatly appreciated and desired. In fact, the Baptist hospital and its personnel are held in higher esteem and respect than ever before.

We recommend, therefore, that the hospital committees, including the special committee appointed to study future plans, and the regular hospital committee of the Board of Directors, give thorough study and careful consideration to any proposals which may be submitted by the City of Muskogee, and report their findings to the Board of Directors.

The Miami Baptist Hospital was built in 1919, and has been operated by the Baptist General Convention of Oklahoma since that year. During the past three years, this building has been completely redecorated and brought into more modern condition. However, Miami is a growing city, and frequently the facilities of the hospital are crowded to the limit. It is believed that a wing which would add additional beds, and provide for better division of the different type patient, would make this a vastly better hospital to meet the needs of the community. By careful management through the years, Miami Hospital has accumulated some funds of its own, and could have available through 1955 and 1956, at least \$35,000.00. It is recommended that the citizens be challenged to at least match this amount, and provide additional space.

The Enid General Hospital came into possession of the Convention on October 15, 1953. This is a 110-bed hospital. When the doctors move from the building early in 1955, the space now occupied as their offices will need readjusting to provide additional beds. Although the property is new to us, the building is old in parts, and needs some fire prevention features, as well as modernization and improved equipment. During 1955 and 1956 through the Cooperative Program, Dedicated Dollar Day and other contributions, at least \$50,000.00 will be available for this hospital. It is recommended that the citizens of Enid be asked to raise a like amount or more for the purpose of meeting these needs, and improving the home for nurses.

The committee, in checking the hospitals, found that no plan had as yet been established for emergency funds. It is recommend that each hospital deposit at least \$100.00 a month with the Baptist Foundation to credit of the individual hospital. The hospitals would thereby set aside almost \$10,000.00 a year for future emergency purposes.

It is the unanimous opinion of the committee that Baptist Hospitals are one of our best ways of serving humanity. The chaplains in our hospitals make a definite contribution to the spiritual life of the community. If a policy can be established whereby the hospitals can be operated on a self-supporting basis in days of prosperity, and when times are not so good, there is no reason why we should not enlarge our hospital ministry through future days.

It is further recommended that the Special Policy Committee be continued for further study.

The regular Hospital Committee of the Board joins the Special Committee in the study and recommendations presented in this report.

The Special Hospital Committee presents the following recommendation:

Inasmuch as there are occasional problems arising concerning the medical staff and personnel of the individual hospitals on matters of accreditation, membership and other items of this nature, It is recommended that the hospital committee of the Board of Directors and the Executive Secretary-Treasurer act as the governing board and pass on these personnel problems.

The Hospital Committee of the Board of Directors recommends that in matters of the Constitution and By-Laws of the Medical Staffs of the various hospitals, the Executive Secretary be authorized to sign for the governing board, after the Constitution and By-Laws have been properly studied and approved by the Convention attorney.

## MRS. W. S. KERR MEMORIAL DORMITORY

The Convention Building Committee, the trustees of O.B.U. and the Board of Directors join in recommending that the University be authorized to proceed with application to the Housing and Home Finance Agency, College Housing Program, for balance of funds needed to construct and equip the Mrs. W. S. Kerr Memorial Dormitory, it being understood that the amount of the loan approved under this authorization will match the \$250,000 gift made by Senator Robert S. Kerr for construction of the dormitory plus an estimated \$100,000 for equipment.

- Title 4 of the Housing Act of 1950 provided for the College Housing Program, to be administered by the Housing and Home Finance Agency, whereby loan funds were guaranteed at a low interest rate to colleges and universities in order to relieve the critical housing shortage for dormitory students and for college instructors. In developing the College Housing Program, the Eighty-first Congress took into consideration the accelerated increase in the nation's population, with particular concern to that group which will enroll in the colleges beginning in September of 1957. Under this act, colleges and universities are encouraged to prepare suitable facilities in order to take care of the nation's youth, guaranteeing them the opportunity to an education and thereby guaranteeing the nation an educated leadership. Under the authority of this act hundreds of colleges throughout the nation have already erected dormitory facilities to care for thousands of students. The program is made available to all regularly established institutions of higher learning on the same terms, whether they be tax-supported, church-supported, or privately endowed.
- 2. The request approved in the motion is for a Loan and not a Gift. The fund which was established is a loan fund, or rather a fund administered or a loan guaranteed by a special agency of the federal government. This agency has established the procedure whereby the college will develop its plans, secure estimates, and upon the approval of the preliminary application, prepare bonds and make them available to any and all bidders. In the event a private bidder offers within one-tenth of one per cent above the interest rate established by the agency which, at present is 3¼ per cent, the university is required to accept the loan from the private bidder. If, however, no private bidder offers the loan within the established rate plus one-tenth of one per cent, then the Housing and Home Finance Agency buys the bonds and provides the cash for construction. This is, in effect, a guaranteed loan by a federal agency.
- 3. The contract covered by the bonds requires repayment of the loan from net income in scheduled semiannual payments over 10, 20, 30, or 40 years. Provision is made for calling bonds on any interest-paying date, with slight penalty in interest rate.

The building plus the impounded income constitute the only security.

- 4. Pioneering institutions under this plan have found that the program is workable and that they are able to liquidate the indebtedness on their buildings on 100 per cent loans by economical operation.
- 5. The plan suggested for Oklahoma Baptist University does not violate the principle established by the Convention on the recommendation of the Plans and Policies Committee that no construction be started without fifty per cent of funds in hand and a definitely established plan to provide the balance, since we will have 50 per cent of the estimated cost of the building on hand in the gift from Senator Kerr and a workable plan which has already been demonstrated by other institutions as an effective way to procure buildings. In the event the Convention should desire to liquidate the indebtedness at a more rapid rate than that originally accepted, then building funds appropriated by the Convention annually could be applied against any portion or all existing indebtedness.

#### BRISTOW AND PRYOR HOSPITALS

The Bristow Memorial Hospital Foundation presented to the Board of Directors, May 18, 1954, a request that the Baptist General Convention of Oklahoma operate that hospital on a 25-year lease agreement, upon its completion in the fall of 1954. The directors voted to accept this hospital on a similar lease agreement to that of the Stillwater and Perry Hospitals. The lease was signed October 1, 1954, and the hospital is to be dedicated and opened December 5, 1954.

The County Commissioners of Mayes County presented a proposal to lease the Grand Valley Hospital at Pryor to the Baptist General Convention of Oklahoma on a 25-year lease agreement. The Board of Directors, at the May 18, 1954, meeting, authorized the hospital committee to work out a similar agreement to that of the other lease-operated hospitals. The lease contract was signed October 29, 1954, and the hospital is to be dedicated and opened December 5, 1954.

Both the Bristow and Pryor communities are raising funds by public subscriptions to assist in operating the hospitals during the early difficult months. This is being done so that it will be unnecessary to call upon the Convention for operating funds.

#### OKLAHOMA BAPTIST ORPHANS HOME

Blueprints have been approved by the Convention's building committee for a new memorial cottage at the Orphans' Home to be known as the Drs. James and Maude George cottage. Construction will start early in 1955, after the money has been received from settlement of the George estate. Funds for the buildings were provided in the will of Dr. James George of Oklahoma City.

#### BOYS RANCH TOWN

Open house for the newly erected first unit of Boys Ranch Town was held October 3, 1954. This building provides for 19 boys. M. Judson Cook, Superintendent of Boys Ranch Town and Business Manager of Falls Creek Assembly, relinquished additional duties as Manager of the Baptist Building to devote more time to Boys Ranch Town.

In addition to income from the Cooperative Program and endowment, the Baptist people of Oklahoma have demonstrated their interest by gifts amounting to more than \$8,500.00, including: Cash, \$5,369.32; Livestock, \$900.00; and Equipment, \$2,000.00.

Formal dedication services for Boys Ranch Town were to be held November 9.

#### TRANSFER OF PROPERTIES

The Board of Directors voted that all properties and funds held in trust for the work of the Convention or its institutions be transferred to the Baptist Foundation of Oklahoma, it being understood that only those properties which are trust properties and not in physical use be transferred.

Income from these properties will be given to the institutions and agencies for which they are held in trust.

### PLANS FOR PRINTING BAPTIST MESSENGER

Because of increasing circulation, printing of the Baptist Messenger had to be transferred from O.B.U press. Under a one-year contract with our Convention, Leader Press in Oklahoma City has for the past year printed the Baptist Messenger. The Baptist Messenger Committee presented to the Board of Directors a recommendation concerning future printing of the Messenger. Dr. Gritz, editor, employed the services of Olin E. Freedman, Consultant to Management in the Graphic Arts and Allied Industries, Chicago, Ill., to make a complete study of the matter. Following Mr. Freedman's recommendations, Mr. Clifford Smith, Superintendent of the Oklahoma Baptist University Press, Dr. Gritz, Dr. Lackey and others studied the recommendations and worked out a plan for equipment, staff, and plan of financing our own plant.

It was found that the Messenger would need about \$75,000 in equipment and that this equipment could be operated in the space formerly used as storage space in the Baptist Building. After carefully checking the financial program of the Messenger, it was believed the Messenger could pay for this equipment in five years of operation. The Executive Secretary-Treasurer was therefore authorized to borrow up to \$75,000 for the purchase of this equipment, and that \$1,000 per month from the Baptist Messenger appropriation be withheld to apply against this loan until equipment is paid for in full.

## BAPTIST STUDENT UNION SECRETARY

Ira Prosser resigned as Secretary of Baptist Student Union and Church Music Director after eight years of service with the Baptist General Convention of Oklahoma. He is now assistant to the pastor and music director of First Baptist Church, Conway, S. C. At the request of the Board, the President of the Convention appointed a committee to work with the Executive Secretary to bring a recommendation for a new Secretary.

"We recommend the election of Mr. Eugene M. Bartlett, Jr. of Oklahoma City as Secretary of Music and Baptist Student Union. Mr. Bartlett is a layman, 35 years of age,

married, and the father of three children. He was born in Arkansas and grew up in an outstanding Baptist home. His father was a prominent musician at one time employed by the Home Mission Board. Brother Gene Bartlett graduated from college with a B.A. degree in English. He later studied music in several schools including Oklahoma Baptist University. He has practically completed work on a music degree from O.B.U. which will be granted in the near future. Mr. Bartlett has served as education and music director in the following churches: North Little Rock, Ark.; Springdale, Tulsa: and Central, Muskogee. We have learned that his work in these churches merited the highest commendation from pastors and church members. For more than six years he has served the Trinity Baptist Church of Oklahoma City as Minister of Music. At Trinity he has developed an enviable record with a graded choir of over 300 voices. He has worked closely with pastors I. L. Yearby and Robert S. Scales, to build a music program closely co-ordinated with the evangelistic and teaching ministry. All the pastors with whom he has worked have praised him as a skilled, energetic, tactful, and loyal co-worker. His fitness for the task has been pointed out by many outstanding musicians and pastors of student center churches. Gene is acclaimed by his associates as a capable speaker, a forceful leader, and a promoter of unique talent. His evangelistic spirit, denominational loyalty will make him a respected servant of the churches. He will fit into the denominational family and strengthen all of our work. We believe he will work closely with pastors in college center churches and secure wholehearted cooperation of local churches in all B.S.U. affairs. He considers the B.S.U. an arm of the local church and will respect its authority at all times. In conference with your committee, he indicated that church music schools on an associational and local church level should have high priority on the secretary's time. He believes that extensive field work in this area will strengthen church music in Oklahoma churches.

We therefore recommend that Brother Gene Bartlett, Minister of Music at Trinity Baptist Church, Oklahoma City, be elected as Secretary of the Baptist Student Union and Church Music of the Baptist General Convention of Oklahoma."

The committee's recommendation was accepted and Eugene Bartlett assumed his duties as Baptist Student Union and Church Music Secretary (January 1, 1954).

Mr. Bartlett has served in this capacity for almost a year and has definitely proven his ability in this capacity. In another location you will find a report of the Department of Baptist Student Union and Church Music Work which will give you details of his program and accomplishments for the year.

#### MINISTERS RETIREMENT

When the Board met May 18, 1953, pastors of the state already had exceeded the number necessary to enter the Ministers

Security Plan. Therefore, Dr. T. B. Lackey was authorized as Executive Secretary-Treasurer to sign the agreement for the Baptist General Convention of Oklahoma and also for the Kansas Convention of Southern Baptists, which participates under Oklahoma's plan. The Board also authorized transfer of Ministers Retirement fund collections to the Relief and Annuity Board in Dallas, which transfer was completed July 1, 1954.

Only 357 pastors were participating in the old Ministers Retirement Annuity Plan. As a result of the new and more liberal opportunity, 472 pastors were participating when the transfer was made. As Ministers Security Plan is available only to those participating prior to July 1, a new plan had to be established. This is known as the Southern Baptist Protection Plan. Its benefits have been liberalized to give greater value through longer participation for younger ministers.

## Employee Retirement

On January 1, 1955, the liberalized Baptist Employees Security Plan for denominational workers, with benefits corresponding to the new Ministers Security Plan, becomes effective. The Board previously had voted to participate in this plan. At the Board's October 15 meeting it was voted that the Convention should pay the additional  $1\frac{1}{2}$  per cent, to prevent penalizing employees due to the increased rates.

Since pastors may now participate in Social Security and in view of the fact that many Convention employees previously have worked where they were covered by Social Security, the Board approved employee participation in social security, on an optional basis, and authorized each department to pay the required 2 per cent of the salaries of participating employees.

#### GENERAL RECOMMENDATIONS

The Board of Directors of the Baptist General Convention of Oklahoma recommends:

- That we exercise the strictest economy consistent with efficient administration.
- 2. That we continue operating on a cash basis as far as possible.
- That the 1955 State Mission budget be so projected as to incur no deficits.
- That all institutions and agencies of the Baptist General Convention of Oklahoma be instructed to incur no debts that are not authorized by the Board of Directors.
- That we emphasize the Cooperative Program as the main line of missionary support for 1955.

## **Baptist Book Stores**

The Baptist Book Stores are eager to serve the churches in every possible way. We endeavor to supply all materials used in

the various activities in which the churches participate. The splendid co-operation which we receive from every department of the Baptist General Convention enables us to plan ahead and secure materials before the date they are to be used. Careful ordering on the part of the churches would enable us to give better service along this line. Last year, for instance, the Oklahoma City store reported shipping a total of twenty-seven thousand seven hundred of the Stewardship Study books. Of these books shipped from this store some two thousand five hundred were returned for credit and some churches had to postpone the dates of their schools because we were temporarily out of stock on the study books. If we will all work together on this problem, it too can be solved.

Many more Vacation Bible Schools were held this year. The amount of material sold for these schools was more than ever before. The workbooks were widely used and created quite a supply problem as none of us were prepared for the tremendous quantity of these books which were required. With the records established this year we will be able to have a more adequate stock next year and will be in a position to give better service on shipping it.

We have noted a steady increase in the use of our church music departments. There is much to be desired in the handling of this material. It is a specialized field with a large amount of seasonable merchandise and we frankly admit that our handling has been inadequate. We are learning and hope to make improvements in methods, increases in stock and secure more adequate equipment.

It is encouraging that the pastors, educational directors and other leaders in our churches are coming to recognize and appreciate more the vital part the Book Ministry can play in strengthening every department of the church life. The Church Library is coming to be one of the essential departments of the local church and more and more it is used to increase the effectiveness of the work in every department of the church. Our Library Consultant, Mrs. Lillian Tisinger, is anxious to help any church with its library.

In 1954 Audio Visual Aides have been placed as a teaching tool in the hands of the teacher. Local Church Workshops have increased as it has been placed under the training program thus reaching the leadership group in the local church. 1955 should register more of this type planning as we strive for improved teaching methods and look forward to more participation in all departments of the religious education field.

- 45. Dr. Robert S. Jones, Dallas, Texas, representative of the Relief and Annuity Board, spoke concerning the program of the movement.
- 46. Tom E. Carter, Superintendent of our Baptist Hospitals, introduced the personnel of all of our hospitals. Mrs. Virginia

Steinert, head of the School of Nursing at Enid, spoke; also Miss Dorothy Miller, a nurse, spoke.

- 47. Miss Jo Cowan sang the "Nurses Pledge" accompanied by Miss Loretta Ely.
- 48. Mrs. Anitz Perez, Director of Nursing at the Muskogee Hospital, spoke on "Spiritual Education of the Nurse."
- 49. Six of the student nurses from the Muskogee Hospital sang, "Sweet Peace, the Gift of God's Love."
- 50. Ben Bland, dean of chaplains in our Hospital work, spoke, and was followed by Tom E. Carter.

## Baptist Hospitals

The year of 1954 has been outstanding in the Baptist Ministry of Healing. During the year two hospital groups approached the Convention concerning the operation of their hospitals. A 25-year lease agreement was signed with the Bristow Memorial Hospital, and John Strutton of Idabel has been employed as administrator. Reverend L. O. McCracken of Alva gave considerable assistance in preparation for the opening of this hospital, which we plan on opening on November 7, 1954. The Hospital Board for the Grand Valley Hospital of Pryor also asked us to accept their hospital on a 25-year lease agreement; and although no contract has been signed, a tentative agreement has been reached, and possibly the details will have been completed by the time this Convention convenes.

There has been a very wonderful response to the opportunities in our Nurses Training Schools at the Oklahoma Baptist Hospital of Muskogee, and at the Enid General Hospital of Enid. The Oklahoma Baptist Hospital at Muskogee received 19 freshman in June, 1954, and the Enid General Hospital received 21 freshman in September. We now have a total of 85 students in our two Nurses Training Schools. This is a very wonderful opportunity in the Christian Education Program of the Baptist General Convention of Oklahoma. Certainly to provide Christian nurses to stand at the bedside of a patient, when that one is thinking more seriously of his need of the Heavenly Father than at any other time in his life, is a Christian program. In as much as these nurses pay only a portion of the actual cost of their training, the Baptist people of Oklahoma should finance as completely as possible the balance required for nurses training.

This year made possible the enlargement of our Chaplaincy Program, with Dr. O. L. Gibson taking over the duties of chaplain at Stillwater and Perry on November 1, 1954; Thomas S. Spence serving at Mangum on a part time basis; Ben Bland as full time chaplain at Enid General Hospital; and S. U. Butts serving Muskogee and Miami. Pryor will also be added to his duties if this hospital comes into our possession. More than \$1,000.00 a month is being used for this program for the expenses and needs of these chaplains, and this, too, should be borne as much as possible by the Baptist people of Oklahoma.

This year brought about the creation of the position of Superintendent of Baptist Hospital work in order to reduce the demands on our Executive Secretary and also make possible the more complete co-ordination of the Baptist Hospital work of our State Convention.

During this year the first Seminar for hospital administrators was held at the Baptist Building on August 16 and 17. This is a method for training our newer administrators and for exchange of ideas to aid our more experienced men. The first Seminar was successfully presented and will become an integral part of our Hospital Program, and will be expanded to include the chaplains and their work.

On October 15, 1954, Vernon Walker resigned as administrator of the Miami Baptist Hospital to accept the Municipal Hospital at McAlester. W.C. Campbell, pastor of the First Church of Perry, for many years actively interested in our hospital work and chairman of our hospital committee the past year, has accepted the position as administrator of the Miami Baptist Hospital.

During the year our hospitals have employed 433 employees, 84 of whom are registered nurses. We have 85 in our Nurses Training Schools. Over 12,000 patients have been cared for, for more than 50,000 patient days; also over 6,000 out patients who were not confined to the hospital but received medical care at the hospital. There were 1,647 babies born in our Baptist hospitals; and 3,713 surgical operations performed. Over 6,200 x-ray pictures were taken, and 30,104 laboratory examinations were made. It required more than 600,000 pounds of laundry to care for these patients; and our hospitals served over 340,000 meals. More than 15,000 patients are cared for each year in our hospitals.

Our chaplains gave out over 19,452 tracts, 214 Bibles, and visited over 19,382 patients during the year. These chaplains traveled well over 32,857 miles in carrying on their work, and supplied for, or preached for, 227 churches and 45 meetings. Over 172 persons have been won to Christ this year. Our administrators preached over 500 sermons, spoke in 100 meetings, and conducted 12 revival meetings. They acted as counsellors to ministerial students, nurses in training or employees, and served as denominational workers in their area. They handled more than \$1,538,787.56 through these hospitals and are responsible for equipment and property valued at more than \$2,500,000.00. These administrators and chaplains are truly servants of the Lord Jesus Christ, and the Baptist General Convention of Oklahoma in their work.

The Dedicated Dollar Day funds brought approximately \$17,000.00 for our Nurses Training Schools and the hospital work. Better than 361 churches co-operated in this annual offering in 1954. It is our prayer that in 1955 many more churches and individuals will respond to this opportunity to participate in our hospital work. May 1, 1955 will be the Dedicated Dollar Day for next year. Will you urgently urge your people to participate in this splendid work?

## OKLAHOMA CITY BAPTIST HOSPITAL COMMITTEE

The Oklahoma City Baptist Hospital Committee, composed of H. H. Hobbs, Robert S. Kerr., Bryce Twitty, T. B. Lackey, Auguie Henry, M. E. Ramay, Anson Justice, R. A. Young, and W. R. Wallace, has been dligent in its efforts to find a feasible way for the building of a Baptist hospital in Oklahoma City. There have been many difficulties in the plan for raising funds and selecting a bulding site. We have put forth every effort to have a definite report for this Convention.

The proposition which this Convention made to Oklahoma City two years ago, that we contribute \$1,500,000.00 provided Oklahoma City raise \$2,500,000.00, which campaign was to have been launched this year, was felt impracticable by the Oklahoma City-County Citizens Committee, both in the total objective and the date for the campaign. Your Committee and the Citizens Committee have agreed upon a campaign in Oklahoma City and in Oklahoma County for April and May of 1955, at which time Oklahoma City will endeavor to raise a minimum of \$500,000, with a maximum of \$1,000,000, the same to be matched with funds from the Baptist General Convention. In our opinion the launching of the campaign is dependent upon the acquisition of a suitable site for the erection of this hospital.

In view of the fact that negotiations are now pending, we recommend that the Committee be continued for another year and that the Board of Directors be authorized to act on its findings.

### **Public Relations**

The Public Relations office now has been in operation slightly more than a year. During that time, we have been concerned chiefly with more effective use of two of the many public relations tools—newspaper publicity and promotional literature.

Broad, general public relations aspects have been somewhat subordinated in our zeal to utilize obvious media.

The office is organized similar to a small corporate public relations department. It is equipped and staffed to serve in every field of public relations, and its full value can be realized as staff members become better acquainted with the scope of service.

Some people now look upon the office merely as a publicity office. It is that—and much more. Publicity is one of the tools of public relations. It is a tool of almost unlimited potential, and one which we encourage churches to use.

We now send out an average of about 600 news stories every month to state newspapers, some 225 of which are accompanied by pictures or mats. Based on clippings received, it is estimated that 50 percent of those are printed. During the past year, stories sent out by our office and published in Oklahoma newspapers would have filled a regular 7-column newspaper containing 250 pages.

Some people regard the office primarily as an "art department". It is that, too, but much more. During the past year we have designed and supervised production of 105 different items of printed or lithographed promotional materials. These included posters, folders, booklets, brochures, letterheads, bulletins, programs, leaflets, fliers, etc., some of which required many hours of preparation. The objective is to provide better quality and more effective promotional materials. At the same time, production economy has been achieved. In fact, the dollar savings to those departments and institutions using the facilities of this office probably have been sufficient to pay the entire cost of the public relations program.

In the field of photography, the office has rendered service to many departments. We now have our own darkroom for film processing, and do photographic developing and printing for any convention office.

Radio and television relations have been given much concern and study. Two film strips have been produced and others are in process. Future plans include production of motion pictures to present Oklahoma Baptist work as soon as funds can be obtained for purchase of necessary equipment.

One example of the public relations office work was in Falls Creek Assembly promotion for which the office prepared three posters, two folders, 983 stories (777 with mats or pictures), issued a daily news sheet during the assembly, supervised radio broadcast of the morning services over three stations, and handled a daily news broadcast from the assembly.

The News Bulletin, issued by the public relations office, is sent to any church upon request. It has been expanded to carry

not only news briefs about Oklahoma Baptist work, and filler items for church publications, but also general promotional ideas for local churches.

Major objective for 1955 is to assist local churches in developing more effective public relations programs through public relations and publicity conferences, and talks at district and associational meetings.

In order to coordinate and properly emphasize all elements of the public relations program, it is recommended that a Public Relations Advisory committee be appointed by the Board of Directors and that the work of the Convention's present Radio-Television committee be combined with the Public Relations Advisory committee. This committee should be composed of the best qualified available people, regardless of whether they are current board members.

It is also recommended that each Church and Association appoint a Public Relations committee composed of the best qualified available persons.

54. Miss Margaret Hutchison, Secretary of the Woman's Missionary Union, introduced State officers, and Miss Nicy Murphy, assistant to the State Secretary. Miss Hutchison spoke regarding "Believers and Builders".

### "Believers and Builders"

Report of Woman's Missionary Union, Auxiliary to the Baptist General Convention of Oklahoma For the first nine months of 1954.

"Believers and Builders" has been the challenging slogan of Woman's Missionary Union for this year. Being strong believers in the continuing charge of the Great Commission, believing that "no man cometh to the Father" but by Jesus, believing with all our might in the bountiful results from the dissemination of missionary information and believing with confidence in the missionary education of young people, Woman's Missionary Union has continued its emphasis upon our fundamentals of WMU. These are prayer for missions, study of the missionary message of the Bible and world missions, tithes and offerings for missions, and community missions.

A new challenge arose on our horizon this year to which we have set ourselves, namely the building of a small camp for the provision of missionary education of our young people in smaller groups. This camp is to house no more than 175 young people, with the staff extra, in order that individual attention may be given each camper. The theme for the state mission season of prayer which presented this undertaking was "Believers and Builders." We continue that slogan because we are believers and we will continue to be builders.

Though we have this new plan as builders, Woman's Mis-

sionary Union has always been building upon the foundation laid out by our early leaders in missionary education. Our emphases are the same but intensified year by year. We thought it would be of interest to compare the year 1954 with that of 1949 which gives a five year span. We shall see how well women and young people have built during these five years.

The builders are the state officers and chairmen who prepared blueprints which have been carefully and faithfully followed by associational officers and chairmen. These also have set further blueprints for which, along with state and southwide blueprints, members of local societies and young people's organizations have taken up the tools and built for missions.

- 55. Samuel W. Scantlan, superintendent of Rural and City Mission work, had charge of "Our State Mission Work", presenting all the city and associational missionaries working in our state.
- 56. Brother Scantlan spoke regarding the enlarged mission of our State Convention.

## Rural and City Missions

"In with the sickle!—the harvest is ripe." (Moffatt) Joel 3:13.

Our field is the world. Oklahoma is our immediate responsibility Our specific task is the reaching of the unreached for Christ.

In all neglected areas or communities where missions or churches are needed, it is the business of this department to assist the churches in the establishment of that work. There are many such places, especially in the newly built sections of our towns and cities.

Where old churches are weak or new ones are struggling to get started, Oklahoma missionaries lend helping hands.

Through the Rural and City Missions Department assistance goes to every association. In each of the 38 associations there is a superintendent of associational missions whose business it is to promote evangelism, Sunday schools, training unions, workers' conferences, vacation Bible schools, brotherhoods, WMU's, simultaneous revivals, simultaneous study courses, schools of missions and all other work done for the Lord by Oklahoma Baptists.

The Summer School for Preachers each year at OBU is one of the best programs we have. Preachers and their wives come for the ten-day school, stay in the dormitories and study under some of the strongest teachers in the Southern Baptist Convention. Highest enrolment has been 120.

This coming term, June 20 to July 1, 1955, Dr. H. I. Hester of William Jewell College in Missouri will be our Bible teacher. We should have at least 150 enrolled each year.

Thirteen college students from over the Southern Baptist Convention came to Oklahoma to work with our missionaries this last summer.

Missionaries of Oklahoma played a vital role in the summer assemblies. They are always important assistants at Falls Creek and usually have much to do with managing the smaller assemblies throughout the state.

Oklahoma superintendents of associational missions have worked in 43 schools of missions during this convention year. Ten of these schools were in Oklahoma with 128 churches participating.

The following are some of the visible results achieved by the Rural and City Mission Department from September 1, 1953, to August 31, 1954:

## Falls Creek Assembly

In the heart of the Arbuckles is the most unusual 195 acres in Oklahoma. Unusual in its dedication to the glory of God for the purpose of completely transforming the lives of hundreds of young people each year. The breath-taking scenery, in the rustic outdoors, makes it impossible for one to deny the existence and presence of our Lord and Saviour.

The 1954 general assembly was in session July 27-August 3, and August 4-11. Dr. James L. Sullivan, executive secretary of the Southern Baptist Sunday School Board, was the speaker the first week. During the week, 766 young people made decisions. There were 67 conversions, 529 rededications, 15 for the ministry, 106 for special service, 21 for Foreign missions, 13 for Home missions, one for secretarial service and 14 for educational work.

Dr. Carl E. Bates, pastor of First Church, Amarillo, Texas, was the speaker the second week. During the week, 1,030 young people made decisions. There were 92 conversions, 590 rededications, 37 for the ministry, 236 for special service, 13 for Home missions, 48 for Foreign missions, seven for educational work, four for secretarial work, two for ministers of music and one for hospital work.

Registration was 11,558 for the first week, and 8,588 for the second week, making a total for both weeks of 20,146 for the 35th annual encampment.

The morning services were carried by radio throughout the state by stations KBYE, Oklahoma City, KRMG, Tulsa and KSEO, Durant. A daily news broadcast from the assembly also was carried by KBYE and KRMG.

The Woman's Missionary Union camps were in session from June 28 to July 17. The consecutive one-week camps ran alternately as RA and GA encampments. There were 146 decisions, including 35 professions of faith, 51 missionary volunteers, 41 for full-time Christian service and 19 rededications. In each of the GA camps there were 17 who volunteered for mission service. The mission offering total was \$296.18. For the entire WMU summer camp period there were 898 in attendance.

During the general assembly the Woman's Missionary Union broke ground and dedicated the new camp site, atop the highest hill in the Arbuckle mountains. Buildings and facilities will be completed in 1956 for use by both the WMU and the general asembly.

The Indian Assembly was held June 4-11. They voted to move to the Kiamichi Assembly grounds for their encampment next year.

Falls Creek Assembly is both a tradition and experience—one that regular attenders look forward to each year.

78. J. Marvin Gaskin, Heavener, Secretary of the Historical Commission, brought the historical report and discussed the value and importance of preserving records of our churches, associations, and Convention.

### Historical Commission

THE HISTORICAL COMMISSION HAS HELD TWO MEETINGS DURING THE past year. Plans and reports in these meetings revealed splendid progress in Oklahoma in the interest of Baptist history.

During the past year we have microfilmed a large quantity of valuable historical materials which we have added to our collection at the Oklahoma Baptist University library.

In cooperation with Woman's Missionary Union of Oklahoma we have published the second book in a series of historical publications on Oklahoma Baptist history. This year we published *Not Yours But You*, the life-story of missionary J. S. Murrow, by W. A. Carleton.

We have begun an effort to obtain a copy of every thesis which has been written for a master's or a doctor's degree on any phase of Oklahoma Baptist history. At this writing we can report that several of these have been obtained, copied and will be bound and added to our collection at Shawnee.

A committee has been appointed to study and recommend suitable places over the state where historical markers should be erected commemorating dates and events of special significance to our history.

A state-wide committee on Baptist history was set up, with the historical secretary appointing one member from each district association in the state to assist in collecting history and stimulating general interest in our program. With the assistance of this committee we hope to influence many of the churches and all of the associations to get their histories written. To quicken interest in this program a history-writing contest was proposed offering awards of \$100, \$50 and \$25 for the first, second and third place winners, respectively, of the best written histories submitted to the Commission by May 1, 1955. These histories may concern a church, association, institution, or any significant convention agency or movement.

A similar contest is also under way offering the same prizes for the best historical collections given to the Historical Commission by May 1, 1955. This is an effort to recover valuable historical materials such as books, papers, manuscripts, diaries, minutes, etc.

In cooperation with the Southern Baptist Historical Commission we are actively engaged at this time in working on a Southern Baptist Encyclopedia, in which Oklahoma Baptists will probably have a space allocation of about forty (40) pages.

Special committees are at work on several phases of our Convention program for the Golden Jubilee year in 1956.

J. M. Gaskin, Historical Secretary.

79. Gene Bartlett, Secretary of Church Music and Student Work, spoke concerning the programs in these vital fields of activity.

## Church Music

"Praise ye the Lord. Sing unto the Lord a new song and his praise in the congregation of saints. Let Israel rejoice in him that made him: let the children of Zion be joyful in their King. Let them praise his name in the dance: let them sing praises unto him with the timbrel and harp. For the Lord taketh pleasure in his people: he will beautify the meek with salvation." Psalm 149:14

It is the desire of your music department to promote a music program in every church that will enlist the participation of every member. God has spoken through David and said "Let every thing that hath breath praise the Lord. Praise ye the Lord". For too many years we have left the singing of God's praises to the musicians of our churches. God means for everyone to praise His name. To this end we are seeking to promote training not only in music but in the reverence and worship of God.

Through the Church Music Training Course, presently made up of 13 books, churches are training music leadership to meet their needs. The number of 1953 awards given in the Southern Baptist Convention increased more than 14 per cent over 1952 and reached a total of 14,533. A trained church music leadership is now possible in every church. A musically informed membership, participating in a good program of music that contributes to growth in spirit and numbers, comes out of such interest and leadership. The Church Music Training Course is now:

### I MUSIC FUNDAMENTALS

## Evangelism

Total of 829 churches and missions in 36 associations co-operated in the simultaneous evangelistic crusades this year. There were 7,614 received into these churches for baptism as a result of the crusades. A great number of Brotherhood-sponsored and youth-led revivals were held during the year with encouraging results.

Four of the five Indian associations in the state co-operated in their first simultaneous crusade. There were 36 churches participating. The report shows 90 additions for baptism and 24 by letter and statement. A number of these churches experienced real revivals. There were many genuine rededications.

Revival fires are burning in Oklahoma. It is our prayer that they will be fanned into a flame as we approach our nation-wide evangelistic crusade in 1955.

Two of the best years in evangelism in the Southern Baptist Convention were the years 1950 and 1951. During this time more people were won to Christ and baptized into our churches than in any other two years in our history. These were the years of the simultaneous crusades west and east of the Mississippi River.

In Oklahoma, 1950 was our best year in evangelism in many respects. We had the largest number of churches co-operating in the state-wide crusade. There were more additions to our churches for baptism on the ratio basis. There was one baptism for every 16.7 members in our churches,

This information should encourage and challenge us as we plan and prepare for the 1955 crusades. It is our earnest plea that every church and mission will participate in these crusades at the same time and for the full time on the suggested dates. Let us pray daily that every church will be revived in 1955.

Dr. T. P. Haskins is entering his fourth year as our state evangelist. He is continuing to prove a real blessing to the pastors and churches where he works. He is doing much more than holding meetings. He is growing churches and preachers as he wins the lost to Christ and church membership. His report for the past year is as follows: 20 revivals with 225 received for baptism and 142 by letter and statement. In addition to the revivals, Brother Haskins has filled other engagements in our churches and associations. We praise God for the good work being done by this man of God.

As you prepare your calendar of activities for 1955 see that the suggested dates for the step-by-step preparation for the nation-wide crusade are included. Keep in mind the Oklahoma dates for the crusade—

- 1. The Southern Area \_\_\_\_\_March 27-April 10
- 2. The Northern Area \_\_\_\_\_April 10-24
  The South Canadian River is the dividing line for our state.

When we plan our work under the leadership of the Holy Spirit, when we work our plans in the power of the Holy Spirit, we rejoice in the attainments and give praise unto the Lord. Our program of evangelism is a planned, pleasing and productive program.

Therefore, we again recommend this tested, tried, and proven program.

- Every association with a simultaneous evangelistic crusade every year.
- 2. Every association with a chairman of evangelism elected annually.
- Every church with at least two revivals every year (one simultaneous).
- An evangelism church council functioning in every church.
- 5. A perennial visitation program of evangelism.
- A "New Members' Union" in every Training Union with the pastor teaching the booklet, "Your Life and Your Church."
- 7. Every pastor attending the state-wide Evangelistic Conference each year.
- A constant effort by every church in solving and preventing the non-resident church membership problem.

J. A. Pennington State Secretary

- 81. Associational Chairmen of evangelism were introduced and records of their groups in evangelism were given.
- 82. T. P. Haskins, state evangelist, led in prayer for the kindling of evangelistic fire and fervor in all of our churches.
- 83. E. W. Westmoreland presented the Report on Religious Education and motion carried for its adoption.
- 84. The workers of the Department of Religious Education were introduced.

## Religious Education

As this report is written (October 1) only fragmentary returns are available on the results of the campaign for "A Million More in '54." We believe, however, that the year that has just closed will mark the greatest gains Oklahoma Baptists have ever known in both Sunday school and Training Union work. Many of our churches and some associations have already reported record-breaking gains. A factual report, however, on the year 1954 will not be available before January, 1955, therefore the figures in this report must, for the most part, necessarily be those for the close of the year 1953.

### SUNDAY SCHOOL

Oklahoma Sunday school enrolment at the close of 1953 was 268,935. It is encouraging to note that in an eight year period, 1945-1953, we have had a net gain in Sunday school enrolment of 102,000.

Our Sunday schools are not only increasing in numbers but in the quality of work done as indicated by the number of teachertraining awards issued to Oklahoma Sunday school workers for the year 1954, a total of 48,389, or more than five times as many as were earned in 1944.

Another indication of the improvement in the quality of our work is the number of Sunday school units receiving Standard recognition during 1954, a total of 1,122, the second largest number of any state in our convention.

Our 1954 Sunday school convention, held in March at the First Baptist Church, Oklahoma City, was well attended with representatives from a large number of churches and associations.

Our 1955 Sunday School Convention will meet at the First Church, Oklahoma City, March 10 and 11.

### TRAINING UNION

At the close of 1953, there were 952 churches with Training Union work in our state, with an enrolment of 100,947, a gain of 9,586 over the previous year. During 1953, 80 additional churches organized Training Unions, and a total of 46,777 training awards were issued.

A State Training Union Convention has been planned for November 25-26, 1954. It will meet at the First Baptist Church, Oklahoma City, and is our first Thanksgiving convention. It has been planned during the Thanksgiving holidays in the hope that a large number of Young People, Intermediates and Juniors may have the privilege of attending. In the past, our Training Union conventions have been primarily for leadership and have been held during the month of March.

In the spring of 1954, four district Training Union conventions were held, thus reaching a number of people who have not attended the state conventions.

Our State Training Union Youth Rally will meet at Oklahoma Baptist University, May 7, 1955. At this time state eliminations for Junior Memory Work, Intermediate Sword Drill and Young People's Speakers Tournament will be held.

### "M" NIGHT

"M" (Mobilization) Night 1953 set a new record, with 34 of the 38 associations in the state reporting meetings with a grand total attendance of 17,369.

December 6 is the date for the 1954 "M" Night meetings.

### FALLS CREEK

We believe that the Falls Creek Assemblies for 1954 were the best we have had. A total of 92 classes were offered daily and 9,661 Sunday school and Training Union awards were issued for work done during the two weeks—a new record for Falls Creek training awards.

#### 1955

The Southwide slogan for the new Sunday school year is, "Let Us Go On . ." Reaching People, Teaching the Word, Winning the Lost. Our Objective: "One Baptism for Every Eight Church Members." With such a challenge, the year 1955 holds a thrilling promise for those churches in our state which will go on with the task which has been so well begun in the year that has just closed.

87. Richard Hopper brought the Report of the Christian Education Committee and motion carried to adopt the report.

### Christian Education

CHRISTIAN EDUCATION IS EDUCATION WITH THE PRINCIPLES OF CHRIStianity at its center. Oklahoma Baptists are fortunate in having a university that provides the proper instruction in Christian education, efficiently guided by a capable administration and staffed with a dedicated faculty. God has richly blessed Oklahoma Baptists and the world through our University in Shawnee.

The Convention's Committee on Christian Education has served now for one year. During the past 12 months we have sought to acquaint every Baptist in Oklahoma with the advantages of a Christian education as made possible by Oklahoma Baptist University. We have sought to join hands with the Christian Education Commission of the Southern Baptist Convention, seeking to reach every boy and girl as well as parent with the news concerning our university.

On February 12 of this year the first Christian Education Convention was held on the campus of OBU. The Convention was planned and promoted by this committee. The success of the convention which attracted approximately 1500 persons from every association and county in the state was due partly to the splendid and helpful cooperation in promotion by the heads of every department, agency, and institution of the convention.

During the month of April of this year a youth activities week was held in the churches of the state for the purpose of directing the young people of the churches toward OBU. We believe the activities of the committee have been successful to at least a small degree as reflected in the 10% increase in enrolment this fall in OBU.

At the present, the committee is making plans for the second Christian Education Convention to be held on the OBU campus, February 22, 1955. The convention will have as its theme "Christian Education and World Evangelization." We are also cooperating again with the Christian Education Commission of the Southern Baptist Convention in promoting a special program on Christian education in every church during the month of April, 1955. The Sunday School Board has designated April 10 as the day for this program.

Your committee feels that the task of promoting Christian education in the state is an important one and deserves the special attention that can be provided through such a committee as this. Therefore, we make the following recommendation:

That a standing committee be appointed by the convention to be known as the Committee on Christian Education, composed of nine (9) members, serving for a term of three (3) years, with three (3) members being retired each year. That this Committee be charged with the responsibility of working in cooperation with the administration and board of trustees of the university, the board of directors and all departments, agencies, and institutions of the Convention in the development of any program designed for the promotion of Christian education in the state.

Respectfully submitted,

## Oklahoma Baptist University

### REPORT OF THE PRESIDENT

To the Board of Trustees of Oklahoma Baptist University and to the Baptist General Convention in session in Oklahoma City, November 11, 1954.

The assets of the University are, in order of ascending importance:

- (1) A physical plant that is a community and denominational asset, a source of pride to all who have shared in its achievement;
- (2) A growing reputation for scholarly concern, and effective teaching in many fields of the liberal arts and fine arts at the undergraduate level:
  - (3) A well balanced faculty; and
- (4) 1,193 resident students, many of them preparing for full time Christian leadership and all of them seeking to become better men and women.

### Prospects for the Colleges

Teachers at all levels know the problems that face us. The tremendous upsurge in population has already affected the elementary schools, and the high schools are beginning to suffer serious overcrowding. The quality of our work will be impaired unless we can maintain our standing in all areas of college life, providing housing, classrooms and teachers to handle the anticipated 1960 enrollments. In that decade the colleges and universities of America must be prepared for double their present burden—a terrible responsibility and a magnificent challenge! Where do we stand now?

### Physical Plant

With the completion of the Thurmond Science and Administration Building—already equipped and occupied—the total evaluation of all University lands, buildings, and equipment is \$4,316,584.97. This sum represents the value of buildings and grounds after taking into consideration both depreciation and replacement factors. Not included in these assets are those buildings to be acquired by the University through the good offices of the Faculty Building Association, a private non-profit organization which has already acquired more than a quarter million dollars worth of self-liquidating property for the benefit of the institution.

Nearly every instructional department is overburdened. The limitations of classroom and office spaces have been only partially eased by Thurmond Hall. Indeed, in all our progress we have barely kept pace with the increasing full time enrollment.

The most critical need is for dormitory space. Every available building has been converted or leased for housing. It has

been necessary to assign three freshmen to a room designed for two. The crowding is equally bad in both the men's and women's residence halls. The gift of Senator Robert S. Kerr, memorializing his mother, is timely and fortunate in relieving the distress of our women students, A \$500,000 building, already half provided for, is to be erected as quickly as authorization comes from the Convention. An additional \$100,000 will be needed to equip it and furnish it properly.

The original classroom building, Shawnee Hall, is well maintained. After forty consecutive years of service, however, some modernization costing approximately \$40,000 must be undertaken.

A similar sum, approximately \$39,000, will be needed to complete and equip Ford Music Hall. Only one and one-half floors of this building have been completed. The unused half of the floor space of this excellent building can be fitted out in sound-proof studios, class rooms, record room, and a church music library. This must be done if the candidates for music degrees are to receive the hours of training required for their art.

### Faculty

Seventeen new instructors were employed for the fall of 1954. Two of them have the doctorate and seven others are candidates for the doctorate. Of the 68 members of the faculty, 17 have a doctor's degree and all other permanent full time teachers have earned the master's degree, or equivalent professional recognition.

### Religious Activities

An all time record enrollment of ministerial students was registered in September. Currently 292 are in the University, and approximately one-half of these have regular pastorates or part time responsibilities in local churches. They are therefore a constant liason between the school and its constituency. It should be noted that to obtain beneficiary tuition the ministerial student must maintain a grade average higher than is required for intercollegiate competition in other fields. In addition to the ministerial students, 127 others are committed to lives of Christian service as missionaries, ministers of music and education, and nurses,

### Events of the Year

The first Christian Education Convention in the South dramatized the identity of the University with the denomination, under the leadership of your Christian Education Committee. The success of this first convention with more than 800 visitors attending encouraged your committee to make it an annual affair with southwide educational and denominational leaders conducting clinics, and addressing inspirational meetings. One hundred forty-two church scholarships are now in force. We thank our loyal people for continuing this plan so well designed to assure OBU the best quality of student and the local church the best quality of future leader.

In all areas of University relationship with the denomination, we have been inspired by the spirit of mutual need, mutual respect and mutual benefit: the concern of the Board of Directors in its meetings to meet the physical and intellectual demands of an ever growing student population; the interest manifest in the scholarship tests, the June Jamboree and the Summer School for Preachers; the leadership you have asked from our College of Fine Arts in the church music ministry in every geographical area, and indeed in most areas of the South.

Most of all we are grateful to Oklahoma Baptists for their trust in our leadership through twenty difficult and wonderful years. The friends of OBU, numbering literally tens of thousands, are personal friends of mine who have shared twenty years of concern for the Christian higher education of Oklahoma youth in our churches. I thank you, too, for the honor done Mrs. Raley and me in the recognition of our twentieth anniversary at commencement, 1954.

### Radio and Television

DOTH RADIO AND TELEVISION ARE GREAT MEDIUMS FOR THE SPREAD OF the gospel of Christ! "Not since the mass printing of the Bible has there been a better chance to reach lost people who might otherwise not hear of the love of Jesus," says Director Paul M. Stevens, of the Radio Commission of the Southern Baptist Convention.

The Baptist General Convention of Oklahoma as such, does not have a constant program on either radio or television. However, the 1954 Falls Creek Baptist Assembly July 27-August 11 was heard over three Oklahoma radio stations covering the entire state for that week. Spot news coverage also is provided on both radio and television.

Oklahoma Baptists have left it largely to the individual churches throughout the state to give the Baptist message to our constituents.

Latest available information indicates that some 25 or more of our Baptist churches broadcast their morning worship services

over their local stations. Thus, it can truthfully be said, "the Oklahoma 'Baptist hour' is heard at eleven o'clock each Sunday."

### SOUTHERN BAPTIST PROGRAM

"The Baptist Hour", our own Southern Baptist Program, is now being heard on 390 radio stations in 33 states and eight foreign territories. This is the widest coverage ever enjoyed by Southern Baptists. Every effort is being made to make this program more effective and to beam it toward the large populated areas of the nation. In Oklahoma the Baptist hour is heard over the following stations each Sunday: KWHW, Altus, at 2 p.m. KVLH, Pauls Valley, at 1 p.m. KOME, Tulsa, at 9 a.m. KVOO, Tulsa, at 1:30 p.m. KRMG, Tulsa, at 12 noon.

### TELEVISION

Again, Southern Baptists are making great strides into television with the production of a series based on the life of Christ, two dramatic films based on biblical parables, and a live 15-minute "Bible Story Time" program on an Atlanta station each week. These are fine developments, and a lot of work has gone into forging far ahead.

A recent survey indicated that 58 per cent of the nation's families own television sets. These are changing times. There is a demand for religious films. If Southern Baptists could furnish them, we might make Christians of many of those who are currently viewing trash instead of something that will help them spiritually.

### RECOMMENDATIONS

- 1. Whereas, these great opportunities of radio and television are becoming increasingly more important, we recommend that our people listen to, and pray regularly for the "Baptist hour". That we ask our friends and neighbors also to listen to this great Southwide program.
- 2. Whereas, our state convention, does not have a regular program, we recommend that local Baptist churches continue wherever and whenever possible to keep on the air and that we commend churches and pastors for their faithful messages of the great gospel of our glorious Christ.

Robert E. Hopkins, Chm. Marlin Miller Chalon Meadows Hale A. Dixon James A. Ivey

- 99. Allen Graves was introduced and spoke on the possibility of the Southern Baptist Convention, Radio and Television Commission, moving its headquarters to Tulsa.
- 100. C. R. Horne was introduced and presented the report on Social Service and United Drys.
- 101. The Report was adopted and recommendation to change the name from Social Service to "Christian Life Committee" accepted.

### Social Service

Regeneration of each individual member of society by the Holy Spirit of God through faith in Jesus Christ is the one basic need of society. Evangelism, one by one, of these individual members of society is and must ever remain the basic approach of Baptists to the social ills of the world. Evangelism, however, that is content to rest with a confession of faith and baptism is not true to the New Testament nor will it go far in the solution of world problems. The evangelized must be taught to observe all things which the Lord has commanded and to manifest the mind and spirit of Christ.

The development of an enlightened and sensitive Christian conscience in the mind of the regenerate children of God, and the marshalling of the collective Christian influence against every form of ungodliness seems to be the interest of the Social Service (Christian Life) committee. That there is such a responsibility upon the Christian for social concern and action is as true as the truth of regeneration. The teachings of Christ, the example of Christ, and the commandments of Christ leave us no escape from this responsibility. Love draws us to be concerned about our neighbor who is trapped in the whirlpool of sin. The voice of God cries out to us as it did to Cain "Where is thy brother"?

As Dr. J. B. Weatherspoon has said: "We must study the social environment in which we live and bring it under the light of Christian ethical standards and purposes, and suggest relevant Christian teaching that should serve as the foundation of our Christian attitudes and active responses." To this end we submit this report.

### THE SECULARISTIC SOCIETY

In review of the conditions of the society in which we as Baptists live, the Social Service Committee could not escape the observation of the ever present and ever-mounting wave of crime, juvenile delinquency, moral degeneration, divorce, gambling and consumption of beverage alcohol. The internal moral decay is as much a source of alarm as the external threat of international unrest. In addition to these more serious and obvious evils of society, which will be dealt with individually below, there is a host of activities in our pattern of life which seem to be morally neutral, but which add nothing to man's spiritual well-being. People of our time are busy at recreation, entertainment, and at the accumulation of the things of the world. God is crowded out of life. The creation instead of the creator monopolizes the thoughts and efforts of man.

This is the life secular—the materialistic spirit of our times. It submits to no easy solution. It is woven into the very fabric of modern life. From infancy, the child is caught in the sweep of this secular life. We are so zealous in the teaching of the arts and sciences that there is little time left in the daily schedule of youth for teaching the things of God. As proud as we are of our modern education system, are we not saying by silence and by the emphasis upon athletics, science, etc. that these are the things that

are important, while God does not count? In adulthood, man is confronted by the busy business world; an ever increasing appeal for refrigerators, television sets automobiles, etc., and a constant barrage of advertising whetting the physical appetite for the "things" of life. The alternative, any slackening of this business pressure on a national scale, seems always to be unemployment and poverty.

It is in this life secular which we as Baptists must move— "in the world but not of it." We must hold aloft the Christ, the only one who offers any hope for individuals or for society as he calls us to eat of the bread of eternal life.

It is the thought of the Social Service Committee that this whole spirit of Secularism is at the root of all the different moral problems of our society, and we must begin to see this more basic and casual source of the social decay.

### DEGENERATION OF HOME LIFE

The continued high rate of divorce, evidencing a degeneration of home and family life and contributing to every other form of moral delinquency, is one of the most serious facts which confronts us today. Home life, with God and the Bible at its center, has been the very foundation of the strength and development of our nation. Now we observe this traditional form of family life giving way to a new standard in which divorce is the accepted pattern. In 1870 there was only one divorce for every 34 marriages. In 1945 the rate had risen to a high of one divorce for every three marriages and has continued at an alarming level.

Many factors are recognized as contributing to this breakdown of God's pattern of home life. The American movies and the highly publicized low standard of marital life of so many of the actors and actresses are highly effective in fostering this way of life upon the American public. The churches and the ministers, however, cannot escape a share of the responsibility for failure to maintain God's standard in the minds of Christians.

Baptists can be encouraged by the evidence of the stability of homes which are anchored in Christ. One social scientist has observed that a home where religion is practiced by both parents is more than thirty times as stable as the one without religion. From this we see the course of action for our respective Baptist churches. In addition to our evangelistic reach into every home, we must:

- Place a greater emphasis from the pulpit on the Bible teachings concerning the family and God's plan for marriage—one man for one woman for life.
- 2. By teaching and pre-marital counseling, discourage the marriages which fail to have promise of the establishment of a Christian home, and lead youth in a more thoughtful and spiritual approach to marriage.
- Utilize the excellent literature available for youth and couples through the library, the extension and cradle roll departments and in study courses. Teach every youth and every convert.
- 4. Emphasize the spiritual resources and their contribution

to happy and successful home life. Christian Home Week affords an excellent opportunity for this emphasis.

### MORAL DEGENERATION

Christians can rejoice over the emphasis that has been placed upon moral clean-up at the level of our National Government, and over the exposure of the evil of obscene literature in recent congressional investigations. Although the crime wave, juvenile delinquency, gambling, etc., continue to increase, these beginnings of attack upon corruption are encouraging. The investigation of comic books has revealed, for example, that of some 90,000,000 books published each month less than 20% could be classed as good or harmless. The remainder are classed as a serious contributing factor in crime and sexual immorality in the nation.

This is an area for social action by our local churches. When churches, either alone or in cooperation with other churches or civic agencies, initiate local clean-up campaigns to stop the sale of obscene literature in the communities, they will be attacking thereby one of the major factors of moral decay in our society.

#### ALCOHOL

Alcohol is now recognized by the enlightened Christian conscience as one of the great destroyers of human life and character. It seems that the time is overdue for a real national crusade against this "enemy from within." Before any such crusade could be launched, however, a consolidation of Christian or at least Baptist thought would be necessary. So effective has been the propaganda of the multi-million dollar advertising campaign of the liquor industries, that even Baptists are found who are indifferent to the campaign against liquor.

The first step therefore is the thorough presentation of accurate information about liquor to the membership of our churches. The following four facts are basic to the attack:

- 1. Alcohol is a killer and a destroyer of home life. In one year, 1952, there were 9,500 deaths on the highway attributed to liquor against 2,920 deaths from polio. Alcohol is a factor in 75% of the crime (a report by J. Edgar Hoover) and in 75% of the divorce cases. Approximately one out of ten persons who start drinking becomes an alcoholic.
- Alcoholic consumption continues to increase and there is every indication that this trend will continue under the impact of the multi-million dollar advertising campaign entering every home by magazine, radio and television.
- Alcohol costs the nation far more than it returns in revenue. "For every dollar of liquor revenue received, we pay ten dollars for crime, wrecks and property damage legally laid to liquor as the primary cause." (Christian Life Commission, Southern Baptist Convention)
- 4. Alcohol consumption can be effectively reduced to a bare fraction of the present level by national prohibition. Under prohibition consumption was down to 1.69 gallons per capita per year as compared to the present consumption

level of over 20 gallons per capita by the most conservative of reports.

The United Drys of Oklahoma is recommended as a source of information and as an organization through which Baptists can participate in a well coordinated attack upon the alcohol problem.

### ECONOMIC LIFE

In the complexity of modern economic life, two observations appear to call for the attention of Baptists. In spite of continued high and rising prosperity, there is a continuing and possibly increasing stream of unemployment. These people must not be forgotten by Baptists. The government relief measures sometime fail to provide the daily bread for people in need and never serve as a substitute for the spiritual ministry of the church. We must continue to be sensitive and alert to the needs of people under such circumstances.

There is an increasing citizenship of aged and retired people. Retirement to inactivity is fatal. These aged people represent an opportunity for Baptists as we seek to inspire and lead them to find some active Christian service for their days of retirement.

### RACE RELATIONS

The history of Oklahoma Baptists has been characterized by brotherly relations between the races dating back to the establishment of the First Baptist Church in the territory at Muskogee, organized in 1832 with the two white members, one Indian member and three Negro members. Out of such a long and treasured history, Oklahoma Baptists can observe with gratitude the progress in this important area of race relations throughout our nation. We pray that this period of transition may continue under an increasing influence of the Spirit of Christ. Remembering our own history in Oklahoma we must be on the alert in our institutions and at every level of Baptist life, to take action as time is appropriate, that we may not be left behind but might continue to manifest this spirit of brotherly love. We would not have any part of Baptist life to be out of harmony with the Spirit of Christ.

Baptists can take pride over the constructive work being done through our Home Mission Board and other institutions in many areas to help various racial minorities. Some of these are listed as follows:

1. Among the Negros. Dr. Guy Bellamy is secretary of Negro Work which includes such types of service as Negro Centers, Negro institutes for pastors and church leaders, extension classes from Negro colleges, scholarships to Negro Colleges for worthy ministerial and missionary students, Baptist Student Union work in Negro colleges and universities, Negro students serving in our Summer Student Mission Programs, a library service for Negro pastors and church leaders, meetings with Negro pastors for conferences and assistance in organizing Negro churches. Our Negro brethren and their churches are urged to participate in simultaneous revival campaigns and the Negro pastors are often the main speakers at the fellowship meetings during these simultaneous efforts.

2. Among the Jews. Frank Halbeck is the field worker in the Department of Jewish work. He goes directly to the Jews and approaches them with such stories as how one Jew, Nicodemus came to Jesus. He reports that the Jewish people are eager to learn more of the Christian faith, Mr. Halbeck urges the churches to accept the Jew into their fellowship once he has become a Christian.

3. Among the Language Groups. The Department of Direct Missions does work among 8,500,000 people belonging to 37 nationalities which make up our "Language Groups" in the homeland. The Department works in 14 states, in four provinces of Cuba, in Panama, Alaska, and in the Canal

Zone

4. The work of the Christian Life Commission. This Commission under the direction of Dr. A. C. Miller, executive secretary, does much to inform Southern Baptists about racial problems and racial progress. Through its many leaflets and tracts, the real facts regarding race are presented and possible courses of action are pointed out. These splendid leaflets and tracts are distributed free of charge to those who wish to receive them.

5. Educational Institutions. We rejoice that three Southern Baptist Seminaries opened their doors to qualified Negro students to study on the degree level as long ago as 1951. We should be humbly grateful and justifiably proud that this action came long before the Supreme Court ruling on segregation. Golden Gate Seminary in California has never observed any racial barriers to enrollment.

6. The Work of the Woman's Missionary Union. Many very fine programs are being presented by the W.M.U. which

deal directly with the race question.

These facts show that Southern Baptists are making progress in the important area of race relations, though much remains to be done. It is a problem which concerns every pastor and religious worker and which will find its answer somewhere within the realm of better understanding among the races and equal rights and privileges for all.

### CONCLUSION

The problems are challenging and our course is clear: Evangelism—person to person, house to house—with a multiplied effort through our Home and Foreign Mission Boards to reach into every corner of our world; evangelism that does not stop until every convert is informed and enlisted with hearts that are aflame with compassion for lost and degraded man and a holy indignation against the sin that degrades him.

It is recommended that:

The name of the Social Service Committee be changed to Christian Life Committee to conform to the corresponding committee of the Southern Baptist Convention.

## American Bible Society

Your English Bible speaks to my head, but my Chinese Bible speaks to my heart." These words of a Chinese student express a missionary principle true in all lands:

Every person must have the Bible in his own language if the Word of God is to speak to his heart

The Bible is the missionary's chief tool. He uses it in every form of mission work. The Bible itself is a missionary. It can go where the human missionary cannot go, stay when he must leave and keep on working in a man's heart.

The American Bible Society aids in Bible translation, publishes the Scriptures without note or comment and distributes them without profit, usually below cost. In cases of special need at home and abroad, they are given without charge. Scriptures for the blind are supplied in raised-letter systems and on Talking Book records. The Society serves every form of Southern Baptist mission work around the world.

During 1953 the American Bible Society:

Distributed throughout the world more than 15 million volumes of Scriptures;

In the U.S.A. distributed 9,726,391 Scripture volumes in 81 languages;

Helped the Japan Bible Society to continue its systematic program of widespread distribution of the Scriptures in that land;

Continued to supply Scriptures in Korea, through the Korean Bible Society, for civilians, military personnel and prisoners of war;

Strengthened its work throughout Latin America;

Supplied some 500,000 volumes of Scriptures for refugees in Western Germany and materials for 400,000 Bibles and Testaments in Iron Curtain countries:

Provided 1,301,145 Scripture volumes for our own Armed Forces, bringing the number supplied since 1940 to more than 12 million volumes;

Received gifts which made possible its largest budget—and adopted for 1954 an even greater program to meet expanding needs for Scriptures around the world.

Southern Baptists' Part in the Work

In 1953, Southern Baptist churches gave \$102,010 to the American Bible Society.

Gifts from churches of all denominations totaled \$785,897. Southern Baptist gifts continued to stand in second place, exceeded only by Methodist gifts of \$148,724.

The help of every Southern Baptist church is needed. Every church can give at least these amounts each year: Country and village churches \$10 to \$25; Churches in small cities \$25 to \$100; Larger churches \$100 to \$200; Great city churches \$200 to \$500 or more.

Please send gifts to your Baptist state office marked "for the American Bible Society."

#### RESOLUTION

WHEREAS, this Convention recognizes that widespread distribution of the printed Word of God is a basic necessity in the worldwide missionary work to which we are committed, and

WHEREAS, we recognize that the American Bible Society renders an essential worldwide missionary service through translating and publishing the Scriptures without note or comment and through distributing them without profit and usually below cost,

Therefore, be it resolved,

First, that we earnestly request our churches and our people to make contributions to the work of the Society, all such contributions to be sent through the regular channels to the Baptist state headquarters office, marked "for the American Bible Society", and

Second, that we approve an offering in the churches for the work of the American Bible Society, as in previous years, to be taken on the last Sunday in January (January 30, 1955) as provided by the Board of Directors in the Calendar of Activities for 1955 and to be promoted by our Convention as a part of our mission program.

106. Karl H. Moore, Ardmore, was in charge of the Memorial Service. Those who had lost friends or loved ones during the past year were asked to stand and Secretary T. B. Lackey led in prayer of appreciation for lives lived and comfort for those who mourn their departure.

107. The following report was presented and adopted.

Mr. Ben Prince sang "My Jesus as Thou Wilt" with Gene Bartlett at the piano.

### IN MEMORY OF OUR CO-LABORERS WITH GOD

It is fitting for the messengers from churches over the State of Oklahoma, in all solemnity and reverence to pay tribute to our Co-laborers who have "Fallen asleep in Jesus," since we met in Convention a year ago. Among the list of those whom we mourn and honor this hour have been faithful pastors, preachers, evangelists, teachers, deacons, members of the various church organizations, and faithful workers in churches of every association in the state.

So, in this solemn moment we pause to extend our prayers and condolence to all churches from whose ranks there have gone faithful workers and especially to all those who sorrow the loss of relatives and friends.

Nor would we fail to offer prayers of gratitude and thanksgiving to our Lord for the fruitful labors of those who have departed to be with their Lord. We are resolved the good work to which they gave their talents and lives shall have our continued support, prayers, and loving services.

We point to the Bible as a source of comfort and assurance in the loss of loved ones. Our God hath said in His word:

"I will not leave you comfortless, I will come to you
... as a mother comforteth her child even so will
I comfort you, and ye shall be comforted ... in my
Father's house are many mansions ... if it were not
so I would have told you ... Comfort ye, comfort ye
my people saith your God."

We have asked Brother Ben Prince of Madill to bring us a message of comfort, hope and resignation as he sings one of our great old hymns, which exhorts us to pray, "My Jesus as Thou Wilt."

Karl H. Moore, Chairman

108. Motion carried to send telegrams to George C. Boston and G. R. Naylor who are not present because of illness.

109.E. F. Cordell, Alva, brought the following resolution and motion carried for its adoption.

### RESOLUTION

Whereas the policy of the promotion of the Royal Ambassador work of Oklahoma is as follows:

The Woman's Missionary Union and the Brotherhood of Oklahoma are joined together in the promotion of Royal Ambassador work,

The employed secretary is serving as both Royal Ambassador and Young Men's Brotherhood Secretary,

The Brotherhood is paying the salary of the Secretary,

Woman's Missionary Union is paying the travel and promotional expenses, and is supplying office space for the Secretary,

And whereas on the Southwide level there is a joint sponsorship and promotion of the Royal Ambassador work by Woman's Missionary

Union and the Brotherhood;

And whereas there are churches in Oklahoma in which the Brother-hood has been given the responsibility of the Royal Ambassador work and also churches in which there is an impending joint sponsorship and promotion of Royal Ambassador work by Woman's Missionary Union and Brotherhood;

We submit the following recommendations.

1. That a joint committee of Woman's Missionary Union of Oklahoma and Brotherhood of Oklahoma be formed to serve in an advisory capacity to the Royal Ambassador Secretary;

2. That this Advisory Committee be composed of the Executive Secretary of Woman's Missionary Union, the Young People's Secretary of Woman's Missionary Union, and the president of Woman's Missionary Union, The Executive Secretary of the Brotherhood Department, the State Brotherhood President, one other Brotherhood

member, who is J. F. Pratt, Jr., Oklahoma City, and one pastor who shall serve as chairman;

- 3. That the respective bodies elect their respective members at the Annual Conventions to serve on the Advisory Committee and the president of the Baptist General Convention appoint the pastor;
- 4. That this committee meet at is earliest convenience to form suggested plans for the promotion of Royal Ambassador work on the associational and local levels;
- 5. When these recommendations are adopted by this convention, the advisory committee becomes a committee of the convention. Robert S. Scales, Oklahoma City, was appointed to this committee by President Hallock.
- 110. Secretary T. B. Lackey spoke and motion carried to adopt the Report of the Board of Directors. The report is printed in paragraph 35.

#### 1954 REPORT OF THE BAPTIST FOUNDATION OF OKLAHOMA

Dr. Auguie Henry, Executive Secretary-Treasurer

Most of the funds received by the Baptist Foundation of Oklahoma are contributed by individuals. However, some churches have sent gifts directly, and some individuals prefer to contribute to the Foundation through their churches; therefore, in this report, credit is given to churches when the amounts received were sent through church treasuries:

#### COMMENTS

ORGANIZATION

The Baptist General Convention of the State of Oklahoma was organized for the purpose of fostering Baptist denominational activities in the State of Oklahoma, and to receive and disburse funds as provided for by the various contributors. It was incorporated under the laws of the State of Oklahoma without authorized capital stock. Its first Articles of Incorporation were filed on or about May, 1917, for a term of twenty years, and its amended Articles of Incorporation were placed on record March 6, 1928, as an organization in perpetuity.

Since November 1, 1935, the convention has had direct supervision of the Baptist Orphans' Home, and its assets, liabilities, income, and expenses are treated as a separate fund, both on the convention books and in this report. The Home is located in the environs of Oklahoma City, Oklahoma, and is incorporated under the laws of the State of Oklahoma as a charitable institution without authorized capital. It was organized in March, 1904, for the purpose of providing protection and care for needy orphans.

On October 28, 1946, the convention created a separate corporation, namely, The Baptist Foundation of Oklahoma, for the stated purpose of building, undergirding, and stabilizing the agencies and institutions owned and operated by the convention. Subsequent thereto, transfer of custody of certain investments for trust and endowment funds was made by the convention, to the foundation. The accounting for such specified funds has been handled by the foundation as a separate entity, since its inception.

The operations of the executive office of the convention are divided into the major classifications described below:

COLLECTING AND ACCOUNTING—Receiving contributions for the cooperative program budget and other designated funds, maintaining records therefor by church units and funds, and transmitting periodically the portion allocated to the Southern Baptist Convention, the various Baptist hospitals within the state, the university at Shawnee, Oklahoma, the Woman's Missionary Union of Oklahoma, the Baptist Foundation of Oklahoma, and other designated donees

**STATE MISSIONS**—Subdivided into rural and city missions, brotherhood and evangelism, promotional general, and miscellaneous activities of all departments of the convention.

THE BAPTIST ORPHANS' HOME—Embracing all transactions pertaining to solicitation of monies and supplies, operation of the children's home, care and training of the boys and girls placed under its protection, and maintenance of the orphanage properties.

FALLS CREEK ASSEMBLY—Covering vacation training at Falls Creek, Oklahoma, and the maintenance of assembly properties.

**DEPARTMENT OF RELIGIOUS EDUCATION**—Providing for advancement and enlargement of educational activities in churches of the state.

**BAPTIST STUDENT UNION AND CHURCH MUSIC**—Coordinating Baptist work in the student union centers at the various state educational institutions, and fostering better music in the churches.

**BAPTIST MESSENGER**—Printing and publishing a denominational paper known as "The Baptist Messenger".

**BOYS' RANCH TOWN**—Operation of the Boys' Ranch Town as a home for underprivileged and delinquent boys, construction of buildings, and maintenance of ranch properties.

**BUILDING PROGRAM**—Accounting for contributions and appropriations toward a building program of the convention, supervising construction of such projects and disbursing funds therefor.

### COMMENTS

The Baptist Foundation of Oklahoma was ORGANIZATION granted a charter by the State of Oklahoma on October 31, 1946, for perpetual existence without capital stock, with its principal place of business at Oklahoma City. Oklahoma. It was created by the Baptist General Convention of the State of Oklahoma, and its Articles of Incorporation and by-laws were approved by the body in convention assembled at Oklahoma City, Oklahoma, on October 28, 1946. Its stated purpose was to build, undergird, and stabilize the agencies and institutions owned and operated by the convention.

The purpose for which the corporation was formed is that of a private, nonprofit, religious association "to purchase, control, manage, acquire, hold, barter, sell, convey, exchange, expand, distribute, invest, and otherwise dispose of all real, personal, or mixed property of whatever nature, and wheresoever situated—for the church and other religious and charitable purposes—necessary for its membership—worship and exercise of such powers."

Its duties and powers are to receive by gift, devise, bequest, or otherwise any money or property to be used as may be directed; to enter into contracts or trust agreements with individuals, corporations or partnerships for the purpose of furthering the interest of educational institutions, hospitals, orphanages, student centers, and any other property in order to assist and promulgate the furtherance of the convention and to promote Baptist doctrines, Evangelism, Christian education, and both home and foreign missionary work; to borrow money; hold, administer and dispose of property; make conveyances and assignments; incur obligations and prosecute or defend any action or suit in which involved.

As interpreted by the directors of the corporation, its responsibilities are to procure funds for capital improvements and endowments, and to hold, dispense and invest funds according to designations made and as set out in the charter.

Accordingly on April 7, 1947, transfer of custody was made from the Baptist General Convention of the State of Oklahoma to the Baptist Foundation of Oklahoma of certain investments and their corresponding trust and endowment funds totaling \$76,776.29.

Cash and other contributions during the year 1954 are summarized in Exhibit C—"Statement of General Fund", and the cash transactions are further detailed in Exhibits D, E, F, and in Schedule 1.

### COMMENTS

The Baptist University of Oklahoma was created ORGANIZATION by action of the Baptist General Convention while in session at Chickasha, Oklahoma, during November 10 to 13, 1909, to function as an operating unit of the Convention under supervision of a Board of Trustees elected by that body. On February 9, 1910, Articles of Incorporation were filed with the State of Oklahoma and a charter was granted for a perpetual corporation formed without capital stock for the purpose

of providing opportunities for all departments of higher education and connected preparatory schooling to persons of both sexes on equal terms, the location being at Shawnee, Oklahoma. In an amended Certificate of Incorporation filed July 6, 1921, the name of the institution was changed to Oklahoma Bapist University.

The school opened in September, 1911, held in city and church buildings, was closed from 1912 to 1914 and reopened in September, 1915 in its own structure, the nucleus of a group of buildings now located on the campus.

The audit report consists of the following Exhibits and Schedules:

Exhibit A: General Fund Balance Sheet as of December 31, 1954.

Exhibit B: Plant Fund Balance Sheet as of December 31, 1954.

Exhibit C: Statement of General Fund Income and General Fund Expense for the year ended December 31, 1954.

Schedule 2: Schedule of Expense of Routine and Special Services

Schedule 2: Schedule of Expense of Routine and Special Services for the year ended December 31, 1954.

Your attention is directed to the following comments:

Although I was not present at the time of taking the inventory of supplies, I have inspected the supplies on hand and the amounts and values prepared by you and your employees appear reasonable and proper.

Confirmations were sent on accounts receivable and only minor discrepancies were reported,

3. There is a difference between the loans shown on your records and the amounts carried on the records of the Baptist Offices in Oklahoma City. These differences are accounted for as follows:

	Okiahoma City Records	Muskogee Records	Net
Due the Baptist Foundation of Oklahoma Due the Baptist General	\$ 8,186.36	\$8,000.00	\$186.36 (2)
Convention	10,000.00	9,931.14	68.86

(1) Interest expense on loan

(2) Architects Fee

The Oklahoma City figures are incorporated in this report.

In general, your records were in good order. It is my opinion that the Exhibits and Schedules contained in this report present fairly the financial position of the Oklahoma Baptist Hospital on December 31, 1954, and the result of operations for the year ended December 31, 1954.

Respectfully submitted, V. G. EDMONDSON, CPA

Reverend W. C. Campbell, Administrator Miami Baptist Hospital Miami, Oklahoma

Dear Reverend Campbell:

For the year ended December 31, 1954, I have made an audit of the records of the Miami Baptist Hospital and herein present my report of this audit.

The audit report consists of the following Exhibits and Schedules:

Exhibit A: General Fund Balance Sheet as of December 31, 1954.

Exhibit B: Plant Fund Balance Sheet as of December 31, 1954. Exhibit C: Trust Fund Balance Sheet as of December 31, 1954.

Exhibit D: Statement of General Fund Income and General Fund Expense for the year ended December 31, 1954.

Schedule 1: Schedule of Earnings from Routine and Special Services for the year ended December 31, 1954.

Schedule 2: Schedule of Expense for Routine and Special Services for the year ended December 31, 1954.

Your attention is directed to the following comments:

- At the end of the year 1953, the unrecorded Accounts Payable as of December 31, 1953, were brought on the books and the appropriate expense and/or other accounts were charged. In 1954, your bookkeeper failed to charge Accounts Payable for the payment of these liabilities and incorrectly charged various expense accounts. Accordingly, an adjustment of several accounts became necessary. The adjusted figures appear in this report.
- 2. The Inventory of Supplies, as taken and priced by you, has been adjusted to the Inventory on December 31, 1954.
- Confirmations were made on Accounts Receivable and only minor discrepancies were reported.
- 4. From correspondence with the Baptist Offices in Oklahoma City, I have been informed that the balance of the Trust Fund, held for the Miami Baptist Hospital amounted to \$67,707.79 on December 31, 1954. I have been instructed to write-off the Advance of \$25,323.52 made against the Trust Fund, and in Exhibit C you will find the unencumbered balance is given.
- 5. In the Plant Fund there appears an amount due the Baptist Foundation of \$3,000.00. This amount cannot be verified by the Baptist Offices. Accordingly, I recommend that you secure written authority to write-off this indebtedness from your records.

In general, your records were not in good order. Through the able assistance of Mr. Carl Finke, CPA, the records have been placed on a more reliable basis. I easnestly recommend that you continue to improve them at every opportunity.

As for the Exhibits and Schedules contained in this report, about all I can say is that I have prepared them as carefully and accurately as the circumstances would permit. I trust that the next audit will find the records in good order.

Respectfully submitted, V. G. Edmondson, CPA

Reverend George Hart, Administrator Southwest Baptist Hospital Mangum, Oklahoma

#### Dear Reverend Hart:

For the year ended December 31, 1954, I have made an audit of the Southwest Baptist Hospital and herein present my report of this audit.

The audit report consists of the following Exhibits and Schedules:

- Exhibit A: General Fund Balance Sheet as of December 31, 1954.
- Exhibit B: Plant Fund Balance Sheet as of December 31, 1954.
- Exhibit C: Statement of General Fund Income and Expense for the year ended December 31, 1954.
- Schedule 1: Schedule of Earnings from Routine and Special Services for the year ended December 31, 1954.
- Schedule 2: Schedule of Expense of Routine and Special Services for the year ended December 31, 1954.

In general, your reports were found to be in good order. There are, however, certain items which should be called to your attention. They are:

- (1) Although I was not present at the time of taking the inventory of supplies, I have inspected the supplies on hand and the amounts and values prepared by you and your employees appear reasonable and proper.
- (2) Confirmations were sent on Accounts Receivable and only minor discrepancies were reported.
- (3) An item of "Interest Payable" has been added to your General Fund Liabilities. This amount, \$43.06, was reported to me as due your central office in Oklahoma City.
- (4) It is suggested that a reasonable amount be added to your "Reserve for Uncollectible Accounts" each month. By so doing, a write-off of bad accounts may be made periodically against an adequate balance in this Reserve.

It is my opinion that the Exhibits and Schedules contained in this report present fairly the financial condition of the Southwest Baptist Hospital as of December 31, 1954, and he result of operations for the year ended December 31, 1954.

> Respectfully submitted, V. G. Edmondson (CPA—Oklahoma)

Reverend R. S. Bazzell, Administrator Perry Memorial Hospital Perry, Oklahoma

#### Dear Reverend Bazzell:

For the year ended December 31, 1954, I have made an audit of the Perry Memorial Hospital and herein present my report of this audit.

The audit report consists of the following Exhibits and Schedules:

Exhibit A: General Fund Balance Sheet as of December 31, 1954.

Exhibit B: Plant Fund Balance Sheet as of December 31, 1954.

Exhibit C: Statement of General Fund Income and General Fund Expense for the year ended December 31, 1954.

Schedule 1: Schedule of Earnings from Routine and Special Services for the year ended December 31, 1954.

Schedule 2: Schedule of Expense of Routine and Special Services for the year ended December 31, 1954.

Your attention is directed to the following comments:

- Although I was not present at the taking of the inventory of Supplies, I have inspected the Supplies on hand and the amounts and values, as taken and priced by you and your employees, appear reasonable and proper.
- 2. Confirmations were sent on Accounts Receivable and only minor discrepancies were reported.
- 3. There appears to be a discrepancy between the amounts due the Baptist General Convention, as shown on your records, with the amounts carried in the Baptist Offices in Oklahoma City. In Exhibit A of this audit report, I have shown two obligations—the first for \$5,000.00 and the second for \$3,377.91. In correspondence with your Oklahoma City offices, I am advised that your hospital owes the Baptist General Convention \$3,272.71. On the basis of conservatism, I am showing the balances per your records until this difference can be resolved.
- 4. It is recommended that a reasonable amount be added to the "Reserve for Bad Debts" each month. By so doing, an adequate reserve will be built up and future write-offs of uncollectible accounts can be made.

In general your records were in good order. It is my opinion, with the exception of comment #3, that the Exhibits and Schedules contained in this report, present fairly the financial condition of the Perry Memorial Hospital as of December 31, 1954, and the result of operations for the year ended December 31, 1954.

Respectfully submitted, V. G. Edmondson (CPA—Oklahoma)

#### Gentlemen:

The transactions of the Stillwater Municipal Hospital, Stillwater, Oklahoma, have been examined from January 1, 1954, to December 31, 1954, as recorded in the books of account and other records made available for an inspection to the following extent.

Cash on deposit was verified by the depository statements and was reconciled to the books of account. The Petty Cash and Change Fund was counted and reconciled to the balance on hand at the close of business December 31, 1954.

Duplicate cash collection receipts were spot checked against entries in the cash receipts records—in all covering approximately five months, and only minor differences were noticed. All recorded cash receipts were traced to deposit in the bank.

Paid checks returned by the bank were compared with the record of checks drawn and scrutinized as to signature, amount, and endorsement.

Accounts receivable balances of the subsidiary ledger were scheduled and aged by us. Letters of confirmation were mailed on selected accounts having balances in December, 1954, and only minor differences were reported in replies.

Inventories of supplies were tested arithmetically only. A certificate was obtained that the inventory was accurate and properly taken and that the prices were the lower of cost or market.

The amount of unexpired insurance premiums was computed from insurance policies submitted for inspection.

The accounts payable were taken from the records and adjustments made for known differences from invoices and statements.

A report is submitted in the statements listed below and the accompanying pages of comments.

#### COMMENTS

#### General Information

On April 28, 1952, the Stillwater Municipal Hospital, Stillwater, Oklahoma, together with all equipment, furniture, appliances, apparatus and supplies therein contained, which is owned by the City of Stillwater, Oklahoma, was leased to the Baptist General Convention of the State of Oklahoma, for a term of 25 years beginning May 1, 1952, at an annual rental of \$25.00 per year. The hospital was formally opened to patients May 1, 1952.

The provisions of the lease agreement are many and will not be listed; however, it appears that all requirements that an audit would touch upon are being made.

#### Funds

The cash receipts and disbursements of the hospital have been recorded and classified in the operating fund. Tangible property of the hospital paid for by Lessee and considered as the sole property of the Lessee is classed under the plant fund.

Reverend Joe Baker, Administrator Enid General Hospital Enid, Oklahoma

#### Dear Reverend Baker:

For the year ended December 31, 1954, I have made an audit of the Enid General Hospital and herein present my report of this audit.

The audit report consists of the following Exhibits and Schedules:

Exhibit A: General Fund Balance Sheet as of December 31, 1954. Exhibit B: Plant Fund Balance Sheet as of December 31, 1954. Exhibit C: Statement of General Fund Income and General Fund

Expense for the year ended December 31, 1954.
Schedule 1: Schedule of Income Earned from Routine and Special
Services for the year ended December 31, 1954.

Schedule 2: Schedule of General Fund Expense for the year ended December 31, 1954.

In general, your records were found to be in very good order and your accountant, Miss Melton, ,deserves to be complimented.

There are some comments which should be made concerning the information incorporated in this report. They are as follows:

- Although I was not present at the taking of the inventory of supplies, I have inspected the supplies on hand and believe the amounts prepared by you and your employees are reasonable and proper.
- Confirmations were sent on Accounts Receivable and no discrepancies were reported.
- 3. In the Liabilities section of the General Fund Balance Sheet you will notice a Bank Overdraft of \$36,827.25. This resulted from writing checks for all accounts payable so that these expenditures would appear on the records for 1954. A restatement of this same information is as follows:

  Accounts Payable on 12-31-54 \$59,138.87

Accounts Payable on 12-31-54
Cash on Deposit—per bank Statement

of 12-31-54, \$19,393.03, plus Deposit in Transit on 12-31-54 of \$2.918.59

22,311.62 \$36,827.25

Bank Overdraft on 12-31-54

It is my opinion that the Exhibits and Schedules contained in this report present fairly the financial position of the Enid General Hospital as of December 31, 1954, and the result of operations for the year ended December 31, 1954.

> Respectfully submitted, V. G. Edmondson CPA—Oklahoma
